Mekong Turbulent Past Uncertain Future:

The Mekong Milton Osborne, 2007-12-01 A remarkable history of the great river of Southeast Asia Jill Ker Conway author of *The Road from Coorain* The Mekong River runs over nearly three thousand miles beginning in the mountains of Tibet and flowing through China Burma Laos Thailand Cambodia and Vietnam before emptying into the China Sea Its waters are the lifeblood of Southeast Asia and first begot civilization on the fertile banks of its delta region at Oc Eo nearly two millennia ago This is the story of the peoples and cultures of the great river from these obscure beginnings to the emergence of today's independent nations Drawing on research gathered over forty years Milton Osborne traces the Mekong's dramatic history through the rise and fall of civilizations and the era of colonization and exploration He details the struggle for liberation during a twentieth century in which Southeast Asia has seen almost constant conflict including two world wars the Indochina War the Vietnam War and its bloody aftermath and explores the prospects for peace and prosperity as the region enters a new millennium Along the way he brings to life those who witnessed and shaped events along the river including Chou Ta kuan the thirteenth century Chinese envoy who recorded the glory of Angkor Wat the capital of the Khmer Empire the Iberian mercenaries Blas Ruiz and Diego Veloso whose involvement in the intrigues of Cambodia's royal family shook Southeast Asia's politics in the sixteenth century and the revolutionaries led by Ho Chi Minh whose campaigns to liberate Vietnam from the French and unify the nation under communism changed the course of history A pathbreaking ecologically informed chronicle A pulsating journey through the heart of Southeast Asia Publishers Weekly

Mekong Milton Osborne, 2006 The Mekong is one of the world's great rivers and by far the largest in Southeast Asia Empires have risen and fallen in the lands through which the Mekong flows and it has been linked to remarkable adventure and exploration as well as war and massacre Now that Indochina is at peace new dangers threaten the river's future For more than forty years Milton Osborne has been fascinated by the Mekong and its history He has lived beside it travelled on it and written an acclaimed account of its exploration in the nineteenth century Here he recounts the history of the river from its earliest times to the present a history full of the stories of remarkable men Spanish and Portuguese freebooters and missionaries who briefly held the fate of Cambodia in their hands French explorers who were recognised in the nineteenth century as the equal of Burton and Livingstone but are now largely forgotten even in France a martyred Cambodian monsignor and an Australian educated Vietnamese reflecting on communist rule In the present century the Mekong has been at the heart of two wars while one of the lands along its course Cambodia witnessed the terrible tyranny of the Pol Pot regime While the author's own original research has shaped his writing on the nineteenth and twentieth centuries the book is a masterly distillation of the river's history from the earliest times to the present A new chapter brings this edition up to date on recent developments in the region

The Mekong Milton E. Osborne, 2000 A compelling lively narrative history of the peoples and cultures of the great river of Southeast Asia The Mekong spans two thousand years from the dawn of civilization on the Mekong Delta to the

political and environmental challenges the region faces today Beginning with the rise of ancient seafaring civilizations at Oc Eco and moving on to the glory of the Cambodian empire in the first millennium through European colonization and the struggle for independence in the twentieth century Osborne traces the history of the region that comprises the modern nations of Vietnam Cambodia Laos Thailand Malaysia Burma and China Vibrant insightful and eminently readable *The Mekong* is a rousing history of a dynamic region that has fascinated readers the world over

Last Days of the Mighty Mekong Brian Eyler, 2019-02-15 Celebrated for its natural beauty and its abundance of wildlife the Mekong river runs thousands of miles through China Myanmar Laos Thailand Cambodia and Vietnam Its basin is home to more than 70 million people and has for centuries been one of the world's richest agricultural areas and a biodynamic wonder Today however it is undergoing profound changes Development policies led by a rising China in particular aim to interconnect the region and urbanize the inhabitants And a series of dams will harness the river's energy while also stymieing its natural cycles and cutting off food supplies for swathes of the population In *Last Days of the Mighty Mekong* Brian Eyler travels from the river's headwaters in China to its delta in southern Vietnam to explore its modern evolution Along the way he meets the region's diverse peoples from villagers to community leaders politicians to policy makers Through conversations with them he reveals the urgent struggle to save the Mekong and its unique ecosystem

Post-war Laos Vathana Pholsena, 2006 More than a quarter of a century after the end of the war in 1975 the Lao leadership is still in search for a compelling nationalist narration Its politics of culture and representation appear to be caught between the rhetoric of preservation and the desire for modernity Meanwhile originating from the periphery where ethnic minorities had hitherto been symbolically politically and administratively confined the participation of some of their members in the Indochina Wars 1945-75 exposed these individuals to socialization and politicization processes This rigorously researched and cogently argued book is a fine grained analysis of substantial ethnographic material showing the politics of identity the geographies of memory and the power of narratives of some members of ethnic minority groups who fought during the Vietnam War in the Lao People's Liberation Army and/or were educated within the revolutionary administration No study has ever been conducted on the latter's views on the nationalist project of the late socialist era Their own perceptions of their membership of the nation have been overlooked *Post War Laos* is a set to be a landmark study and an original contribution which refines established theories of nationalism such as Anderson's imagined community by addressing a common weakness namely their tendency to deny agency to individuals who in fact interpret their relationship to and place within the nation in a variety of ways that may change according to time and circumstance

The United States and Cambodia, 1870-1969 Kenton Clymer, 2004-07-31 Spanning from the first US contacts with Cambodia in the 19th century up until the late 1960s and the outbreak of war with Vietnam this book is the first to systematically explore American relations with Cambodia A discussion of adventurers tourists and missionaries initially sets the scene for the analysis of official relations which began in 1950 The book traces how relations

with Cambodia's king Norodom Sihanouk were often troubled as Sihanouk strove to keep his country out of the Cold War even when pressured by the US to join the battle against communism Water Binayak Ray, 2008-07-25 Water The Looming Crisis in India analyzes the key issues in developing national freshwater policies for the mainland countries of the South Asian sub continent Ray suggests that freshwater policy must cover all aspects of physical environment and human life by noting that food and drought management are parts of freshwater policy and acknowledging that water is a scarce natural resource and has economic value He calls for the development of basin wide policies to minimize conflicts within riparian countries as well as a freshwater policy baseline to minimize internal conflicts on water sharing arrangements By pointing out the need for full participation of all stakeholders in developing a baseline policy including people displaced by the construction of large dams Ray suggests a new system in which riparian countries are guaranteed that no water related project proceeds without a transparently developed environmental impact assessment and evaluation of alternative options

Regional Security in the Asia Pacific Marika Vicziany, David P. Wright-Neville, Peter Lentini, 2004-03-25 The September 2001 terrorist attacks shocked the world But what did they change In this book Asia specialists from academe and policy think tanks assess the impact of 9 11 on the Asia Pacific Drawing on unique fieldwork access to a wide range of documents and inside expertise the authors consider how old geo strategic and cultural fault lines have been overlaid with new security threats from state and non state actors With chapters on specific countries and regions defense policies terrorism and current and potential conflict zones this collection critically examines the Asia Pacific region's post 9 11 as well as post Iraq war security architecture Revolution, Reform and Regionalism in Southeast Asia Ronald Bruce St John, 2006-01-16 Based on research carried out over the three decades this book compares the post war political economies of Cambodia Laos and Vietnam in the context of their individual and collective impact on contemporary efforts at regional integration The author highlights the different paths to reform taken by the three neighbours and the effect this has had on regional plans for economic development through the ASEAN and the Greater Mekong Subregion Through its comparative analysis of the reforms implemented by Cambodia Laos and Vietnam over the last thirty years the book draws attention to parallel themes of continuity and change The author discusses how the three states have demonstrated related characteristics whilst at the same time making different modifications in order to exploit the unique strengths of their individual cultures Contributing to the contemporary debate over the role of democratic reform in promoting economic development the book provides a detailed account of the political economies of three states at the heart of Southeast Asia

Before the Killing Fields Leslie Fielding, 2007-10-24 This is a gripping portrait of a country poised between peace and war In the mid 1960s Cambodia's position within South East Asia was highly vulnerable The Americans were embroiled in war in Vietnam the Viet Cong were gaining clandestine control over Cambodian frontier areas while the Cambodian government under the leadership of a charming but difficult Head of State Prince Norodom Sihanouk wanted nothing more

than to preserve their neutrality and keep out of the war Highly distrustful of any perceived foreign interference the Cambodians had even rioted and attacked the American and British Embassies in Phnom Penh and their debris was still strewn on the streets when Leslie Fielding arrived in the city Yet against this grim and dramatic backdrop the daily round of international foreign policy somehow had to continue and Before the Killing Fields offers a compelling and fascinating account of how this was achieved As well as a political history this is also a portrait of an exotic but overlooked country at a critical stage in its development Violence intrigue and even the supernatural mingle with issues of day to day management and office morale From diplomatic meetings conducted in opium dens and dancing lessons with beautiful princesses at the Royal Palace to candid portraits of the rest of the international community of Phnom Penh Before the Killing Fields is an illuminating insight into a lost world *Dreams of the Hmong Kingdom* Mai Na M. Lee, 2015-06-16 Authoritative and original *Dreams of the Hmong Kingdom* is among the first works of its kind exploring the influence that French colonialism and Hmong leadership had on the Hmong people's political and social aspirations *The Great Journeys in History* Robin Hanbury-Tenison, 2021-05-04 A lively collection of the adventurous stories of the greatest explorers in history Ferdinand Magellan Genghis Khan Thor Heyerdahl Amelia Earhart and Neil Armstrong these are some of the greatest travelers of all time This book chronicles their stories and many more describing epic voyages from early trips through the great port city of Alexandria to the latest journeys into space In antiquity we follow Alexander the Great to the Indus and Hannibal across the Alps in medieval times we trek beside Genghis Khan and Ibn Battuta The Renaissance eventually led to Columbus visiting the Americas and to the circumnavigation of the world In the following centuries global maps are filled in by Abel Tasman Vitus Bering and James Cook Journeys specifically made for scientific discoveries most famously by Alexander von Humboldt and Charles Darwin begin In modern times the ends of the earth were reached including both poles and the world's highest mountain Editor Robin Hanbury Tenison leads an incredible team of fifty two contributors including Robert Ballard and Ranulph Fiennes who relate firsthand experiences with the journeys and places they describe *The Great Journeys in History* chronicles the stories of bold early travelers who explored the unexplored and who set out into the unknown bringing alive the romance and thrill of adventure **Confronting Environmental Change in East and Southeast Asia** Paul G. Harris, 2024-11-01 This is clearly a book with great breadth and diversity a valuable addition to the literature about east and southeast Asia T Forsyth Development Studies Institute London School of Economics and Political Science in Land Degradation and Development As their economies and populations expand almost all Asian countries are experiencing profound ecological problems at the national regional and global level be it air pollution in rapidly growing cities trans boundary water pollution or climate change While the countries of East and Southeast Asia are the victims of environmental change they are also complicit in causing it at home and abroad As these countries move towards international environmental cooperation a central issue becomes the vital connection between foreign policy and environmental problems

Foreign policy is about pursuing and promoting national interests however it is not always clear what a country's national interests are or ought to be particularly with regard to complex international ecological issues On top of this it is almost always debatable how best to promote them *Confronting Environmental Change in East and Southeast Asia* is a collection of concise hard hitting essays by a group of international experts and scholars that address these complex issues The book takes foreign policy considerations into account in its analyses of how states and other actors in East and Southeast Asia confront environmental change through international cooperation and environmentally sustainable development The first part of the book examines many of the actors institutions and forces shaping environmental diplomacy and foreign policy in East Asia with a focus on China and Japan The second part of the book takes a deeper look at the relationships between ecological politics international relations and environmentally sustainable development in East and Southeast Asia Several chapters in the second part focus on how environmental foreign policies impact countries in the region as they endeavour to implement environmentally sustainable development Together the analysis and case studies in this volume illuminate how environmental change is confronted or not in East and Southeast Asia with a host of important insights for researchers governments policy makers conservationists and business people dealing with the profound environmental problems facing the region

Historical Dictionary of Laos Martin Stuart-Fox, Simon Creak, 2023-02-06 Laos has the smallest population the weakest military and despite rapid economic growth in recent years one of the lowest levels of per capita income in mainland Southeast Asia Yet a glance at the map reveals its strategic location between China and Cambodia and Thailand and Vietnam As Laos was formerly a crossroads for trade routes the socialist government of the Lao People's Democratic Republic seeks to transform the country into a prosperous crossroads at the heart of this rapidly developing region *Historical Dictionary of Laos* Fourth Edition provides an in depth examination of one of the least known countries in Southeast Asia through a detailed chronology comprehensive introduction and extensive bibliography The dictionary section has more than 1 000 cross referenced entries on important personalities as well as aspects of the country's politics economy foreign relations religion and culture This book will be an excellent resource for students researchers and anyone wanting to know more about Laos

East and Southeast Asia 2020-2022 James E. Hoare, 2021-09-15 The World Today Series East Southeast Asia provides historical background on the evolution of Modern East Southeast Asia to help readers gain a thorough understanding of contemporary developments in this vital region Broad introductory regional chapters are followed by sections on each country in the region The combination of factual accuracy and up to date detail make this an outstanding resource for researchers practitioners in international development media professionals government officials potential investors and students to understand the immediate background of contemporary developments
