Jailhouse Journalism James McGrath Morris,2017-07-12 In the 1980s alone some 100 periodicals were published by and for inmates of America s prisons Unlike their peers who passed their sentences stamping out licence plates these convicts spent their days like reporters in any community looking for the story Yet their own story the lengthy history of their unique brand of journalism remained largely unknown In this volume James McGrath Morris seeks to address the history of this medium the lives of the men and women who brought it to life and the controversies that often surround it **Going Up the River** Joseph T. Hallinan,2003-07-08 The American prison system has grown tenfold in thirty years while crime rates have been relatively flat 2 million people are behind bars on any given day more prisoners than in any other country in the world half a million more than in Communist China and the largest prison expansion the world has ever known In *Going Up The River* Joseph Hallinan gets to the heart of America s biggest growth industry a self perpetuating prison industrial complex that has become entrenched without public awareness much less voter consent He answers in an extraordinary way the essential question What in human terms is the price we pay He has looked for answers to that question in every corner of the prison nation a world far off the media grid the America of struggling towns and cities left behind by the information age and desperate for jobs and money Hallinan shows why the more prisons we build the more prisoners we create placating everyone at the expense of the voiceless prisoners who together make up one of the largest migrations in our nation s history

Beyond These Walls Tony Platt,2019-01-08 You should definitely read this book What really struck me in reading *Beyond These Walls* was that Tony Platt had very seriously and carefully considered the contributions of social movements feminist queer disability and labor Angela Davis *Beyond These Walls* is an ambitious and far ranging exploration that tracks the legacy of crime and imprisonment in the United States from the historical roots of the American criminal justice system to our modern state of over incarceration and offers a bold vision for a new future Author Tony Platt a recognized authority in the field of criminal justice challenges the way we think about how and why millions of people are tracked arrested incarcerated catalogued and regulated in the United States *Beyond These Walls* traces the disturbing history of punishment and social control revealing how the criminal justice system attempts to enforce and justify inequalities associated with class race gender and sexuality Prisons and police departments are central to this process but other institutions from immigration and welfare to educational and public health agencies are equally complicit Platt argues that international and national politics shape perceptions of danger and determine the policies of local criminal justice agencies while private policing and global corporations are deeply and undemocratically involved in the business of homeland security Finally *Beyond These Walls* demonstrates why efforts to reform criminal justice agencies have often expanded rather than contracted the net of social control Drawing upon a long tradition of popular resistance Platt concludes with a strategic vision of what it will take
