The Memoirs of the Cardinal de Retz Sylvia P. Vance, 2005 [The Memoirs of Toussaint and Isaac Louverture](#) Arthur F. Saint-Aubin, 2015-07-15 This book examines the memoir of Toussaint Louverture a former slave general in the French army and leader of the Haitian Revolution and the memoir of his son Isaac The Revolution and its leaders have been studied and written about extensively Until recently 2004 however the memoir of Toussaint has received little attention and only as a historical document This is the first study that explores the 1802 work foremost as a literary text a creative production that deploys the techniques of fiction and drama to make truth claims about the past moreover this is the first book length study of Isaac Louverture s memoir The two texts are read as examples of how black men thought of themselves as men citizens and therefore how they expressed their masculinity at that historical moment as experiences of mourning and loss This study builds upon three areas of scholarship the tradition of memoir writing historicist readings of Toussaint s memoir and descriptions and theories of men and masculinity within the black Atlantic The study distinguishes itself in ways that will make it of interest to more than just historians in addition to using the intersection of race and masculinity as an analytical tool it speaks to the nature of literary creativity and it draws from studies examining the relationship between history memory and fiction As a result scholars and students in literary and cultural criticism as well as those in gender and diasporic studies will also find this study of interest and value

Biography and the Question of Literature in France Ann Jefferson, 2007-01-04 This book takes a fresh look at the relations between literature and biography by tracing the history of their connections through three hundred years of French literature The starting point for this history is the eighteenth century when the term biography first entered the French language and when the word literature began to acquire its modern sense of writing marked by an aesthetic character Arguing that the idea of

literature is inherently open to revision and contestation Ann Jefferson examines the way in which biographically orientated texts have been engaged in questioning and revising definitions of literature At the same time she tracks the evolving forms of biographical writing in French culture and proposes a reappraisal of biography in terms not only of its forms but also of its functions Although Ann Jefferson s book has powerful theoretical implications for both biography and the literary it is first and foremost a history offering a comprehensive new account of the development of French literature through this dual focus on the question of literature and on the relations between literature and biography It offers original readings of major authors and texts in the light of these concerns beginning with Rousseau and ending with life writing contemporary authors such as Pierre Michon and Jacques Roubaud Other authors discussed include Mme de St el Victor Hugo Sainte Beuve Barbey d Aurevilly Baudelaire Nerval Mallarm Schwob Proust Gide Leiris Sartre Genet Barthes and Roger Laporte **Her Secret**

Affair Barbara Dawson Smith,1998-05-15 She was an innocent in a world of scandal The only child of a notorious madam Isabel Darling will risk anything to find the man who murdered her mother even if it means blackmailing her way into the exalted world of London society Even if it means indulging her forbidden dream to take her place among the aristocracy And even if it means battling Justin Culver the Earl of Kern the one man who can ruin her quest for justice Arrogant and powerful Lord Kern vows to stop Isabel Yet as they engage in a clash of wills the fiery commoner threatens to breach the wall around his hardened heart She alone can make him neglect duty and decorum she alone can cause his downfall And she alone can bring him to the heights of true love or the depths of betrayal **The Third Battalion Mississippi Infantry and the 45th**

and Cornwallis in the Carolinas Jeffrey A. Denman,John F. Walsh,2019-12-24 The story of the Revolutionary War in the

Northern colonies is well known but the war that raged across the South in 1780-1781 considered by some the unknown Revolution included some of the most important yet least studied engagements. Drawing extensively on their letters, this book follows the campaigns of General Nathanael Greene and Lord Charles Cornwallis as they fought across the Carolinas and offers a compelling look at their leadership. The theater of war in which the two commanders operated was populated by various ethnic and religious groups and separated geographically, economically and politically into the low country and the simmering backcountry, setting the stage for what was to come. The Life and Times of Pancho Villa, Friedrich Katz, 1998. Based on archival research, this study of Pancho Villa aims to separate myth from history. It looks at Villa's early life as an outlaw and his emergence as a national leader and at the special considerations that transformed the state of Chihuahua into a leading centre of revolution. *Biennial Report of the Board of Curators of the State Historical Society to the Governor and General Assembly*, State Historical Society of Iowa, 1857.
