Natural History Essays:

Natural History Essays (hb) Henry David Thoreau, 2011-04 Celebrate the tradition of literary naturalists and writers who embrace the natural world as the setting for some of our most euphoric and serious experiences These books map the intimate connections between the human and the natural world Literary naturalists transcend political boundaries social concerns and historical milieus they speak for what Henry Beston called the other nations of the planet Their message acquires more weight and urgency as wild places become increasingly scarce *Essays on Natural History and Rural Economy* John Walker, 1812 **Essays and Observations on Natural History, Anatomy, Physiology, Psychology, and Geology** John Hunter, 1861 **Natural History Essays** Graham Renshaw, 1904 **More Natural History Essays** Graham Renshaw, 1905 *Leonardo's Mountain of Clams and the Diet of Worms* Stephen Jay Gould, 1999 This unique volume of 21 recent essays published in *Natural History* magazine consciously formulates a humanistic natural history telling how humans have learned to study and understand nature rather than a history of nature itself 41 illustrations *Wild Apples and Other Natural History Essays* Henry David Thoreau, 2010-04-15 This volume of seven essays and a late lecture by Henry David Thoreau makes available important material written both before and after *Walden* First appearing in the 1840s through the 1860s the essays were written during a time of great change in Thoreau's environs as the Massachusetts of his childhood became increasingly urbanized and industrialized William Rossi's introduction puts the essays in the context of Thoreau's other major works both chronologically and intellectually Rossi also shows how these writings relate to Thoreau's life and career as both writer and naturalist his readings of Ralph Waldo Emerson and Charles Darwin his failed bid for commercial acceptance of his work and his pivotal encounter with the utter wildness of the Maine woods In the essays themselves readers will see how Thoreau melded conventions of natural history writing with elements of two popular literary forms travel writing and landscape writing to explore concerns ranging from America's westward expansion to the figural dimensions of scientific facts and phenomena Thoreau the thinker observer wanderer and inquiring naturalist all emerge in this distinctive composite picture of the economic natural and spiritual communities that left their marks on one of our most important early environmentalists *Natural History Essays* Graham Renshaw, 1905 **Final Natural History Essays**, 1907 **Natural History Essays...** Renshaw Graham, 2013-12 Unlike some other reproductions of classic texts 1 We have not used OCR Optical Character Recognition as this leads to bad quality books with introduced typos 2 In books where there are images such as portraits maps sketches etc We have endeavoured to keep the quality of these images so they represent accurately the original artefact Although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy **Eight Little Piggies** Stephen Jay Gould, 1993 This collection of essays range from history to the latest theories in biology from controversies over palaeontology to the origins of language The title is a pun and as always with Gould the joke has a point that illustrates the largest pattern of life's history

for millennia the animals that populated the earth had four toes on each foot or six If evolution had taken a tiny shift if man s ancestors had inherited a couple of genes in a different form our canonical number based on man s fingers and toes might be eight instead of ten Stephen Jay Gould has also written Wonderful Life Bully for Brontosaurus and Finders Keepers Final Natural History Essays Graham Renshaw,1907 **More Natural History Essays (Classic Reprint)** Graham Renshaw,2016-12-18 Excerpt from More Natural History Essays The kind reception accorded by both Press and public to my previous book of Natural History Essays has encouraged the preparation of the present work as a companion volume Written on similar lines it differs from its predecessor in treating of mammalian types selected from the fauna of the world rather than from that of Africa only although examples of the latter also occupy a place in its pages graham rensaw About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works Essays on Natural History (Classic Reprint) Charles Waterton,2016-06-28 Excerpt from Essays on Natural History To walk with Waterton in his beautiful park was one of the greatest delights I have experienced I hope that the reader may enjoy a kindred pleasure by walking in the fields with these essays in his mind and watching the sights which Waterton describes About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works Wild Apples and Other Natural History Essays Henry D.
