Tennessee Delta Quiltmaking Teri Klassen, 2024-01-12 Tennessee Delta Quiltmaking is an excellent study of quilting in rural West Tennessee Both black and white guilters inhabit the small farm region and their guilting traditions are largely shared across racial lines A study that highlights shared culture rather than seeking to distinguish racial or ethnic contributions is a welcome direction in cultural research Alan Jabbour former director of the American Folklore Society Library of Congress Prior to the 1960s guiltmaking thrived in the Tennessee Delta as a crucial source of warm bedcovers among cash poor yet self sufficient farm households As agriculture mechanized rural workers switched to factory jobs and could afford nicer houses and blankets Quiltmaking survived because women both black and white reinvented it as a hobby that met personal and social needs Though scholars have studied guilt styles with rural southern roots few have considered black and white quiltmakers together or as part of a shared regional culture In Tennessee Delta Quiltmaking Teri Klassen traces how mid twentieth century common quilts developed from nineteenth century styles Through interviews with people from rural households Klassen uncovers the ways in which designs and labor were shared and the ways in which quiltmaking was part of the small farm culture that was common to blacks and whites While quiltmaking was a creative form passed down in families limited means and accessible materials made it both a necessity and a highly evolved custom in southwestern Tennessee's upper Delta region For families in this region the quilt symbolized homemaker competence and self reliance a trait especially valued by sharecroppers and tenant farmers who owned no land The culture of quiltmaking reflected living conditions and values of these folk and Klassen details numerous changes in this culture from how it contributed to small farm stability to how industrialization affected the practice By considering guiltmaking s practical aesthetic and social

aspects in a historical mixed race context Tennessee Delta Quiltmaking makes a unique contribution to the study of the Tennessee Delta and the understanding of common guilt design TERI KLASSEN is a postdoctoral research associate at the Mathers Museum of World Cultures at Indiana University Her articles have appeared in Journal of American Folklore Georgia Quilts Anita Zaleski Weinraub, 2006 Showcases a number of Midwestern Folklore and Journalism Quarterly themes through which the common story of Georgia its people and its quilting legacy can be told in a comprehensive record of the diversity of guilting materials methods and patterns used in the state Simultaneous **Once Upon a Quilt** Margret Alabama Quilts Mary Elizabeth Johnson Huff, Carole Ann King, 2020-11-03 Winner of the 2022 James F Aldrich, 2003 Sulzby Book Award from the Alabama Historical Association Alabama Quilts Wilderness through World War II 1682 1950 is a look at the guilts of the state from before Alabama was part of the Mississippi Territory through the Second World War a period of 268 years The guilts are examined for their cultural context that is within the community and time in which they were made the lives of the makers and the events for which they were made Starting as far back as 1682 with a fragment that research indicates could possibly be the oldest guilt in America the volume covers guilting in Alabama up through 1950 There are seven sections in the book to represent each time period of quilting in Alabama and each section discusses the particular factors that influenced the appearance of the guilts such as migration and population patterns socioeconomic conditions political climate lifestyle paradigms and historic events Interwoven in this narrative are the stories of individuals associated with certain guilts as recorded on guilt documentation forms The book also includes over 265 beautiful photographs of the guilts and their intricate details To make this book possible authors Mary Elizabeth Johnson Huff and Carole Ann King worked with libraries historic homes museums and quilt guilds around the state of Alabama spending days on formal quilt documentation while also holding lectures across the state and informal quilt sharings The efforts of the authors involved so many community people from historians preservationists librarians textile historians local historians museum curators and genealogists to guilt guild members guilt shop owners and guilt owners making Alabama Quilts not only a celebration of the quilting culture within the state but also the many enthusiasts who have played a role in creating and sustaining this important art Rural Life and Culture in the Upper Cumberland Michael E. Made from Scratch Jean Zimmerman, 2012-11-13 A stunning celebration and reappraisal of the importance of women s work Made from Scratch addresses the tug that many Americans feel between our professional and private lives In this stunning celebration and reappraisal of the importance of women's work acclaimed journalist Jean Zimmerman poignantly addresses the tug that many Americans of the twenty first century feel between our professional and private lives With sharp wit and intelligence she offers evidence that in the current domestic vacuum we still long for a richer home life a paradox visible in the Martha Stewart phenomenon in the continuing popularity of women's service magazines such as Better Homes and Gardens Family Circle and Ladies Home Journal whose combined circulation of over 17 million is nearly twice the combined circulation of Time Newsweek and U S News World Report and the booming business of restorations where onlookers get a hands on view of domestic life as it flourished in past centuries This book is about the ways home traditions passed from one generation to the next baking a birthday cake from scratch cherishing family heirlooms or discovering the satisfaction of piecing a quilt sustain our souls especially in our ever more processed synthetic world where we buy homemade goods and fail to see the irony in that Made from Scratch tells the story of the unsung heroines of the hearth investigating the history of female domesticity and charting its cultural changes over centuries Zimmerman traces the lives of her own family s homemakers from her tiny but indomitable grandmother who managed a farm strangled chickens with her bare hands and sewed all the family clothing to her mother who rejected her country upbringing yet kept a fastidious suburban home where the gender divide stayed firmly in place to her own experiences as a wife and mother weaned on the

Women s Movement of the 1970s with its emphatic view that housework was a dirty word and that the domestic sphere was to be fled rather than cherished In this book Zimmerman questions the unexamined trade off we have made in a shockingly brief time span as we ve progressed from home raised chickens to frozen TV dinners to McNuggets from the food court at the mall What is lost when we no longer engage as individuals and as a community in the ancient rituals of food craft and shelter
