Qulirat Qanemcit Llu Kinguvarcimalriit Stories For Future Generations The Oratory Of Paul John:

Qulirat Qanemcit-llu Kinguvarcimalriit Paul John, 2003 Before it was written this book was spoken For ten winter days in 1977 the orator Paul John widely respected as a dean of Yup ik elders and recognized for his tireless advocacy of Yup ik language and traditions held an audience of Yup ik students rapt at Nelson Island High School in southwest Alaska Hour after hour he spoke to the young people sharing life experiences and Yup ik narratives never repeating a tale Now more than a quarter century after Paul John s extraordinary performance Sophie Shield s translations and Ann Fienup Riordan s editing have brought his words back to life and to a new audience This book records one elder s attempt to create a moral universe for future generations through stories about the special knowledge of the Yup ik people Tales both authentically Yup ik and marked by Paul John s own unique innovations are presented in a bilingual edition with Yup ik and English text presented in facing pages As Paul John says In this whole world whoever we are if people speak using their own language they will be presenting their identity and it will be their strength *Qanemcit Amllertut/Many Stories to Tell* Ann Fienup-Riordan, Alice Rearden, 2017-11-15 This bilingual collection shares new translations of old stories recorded over the last four decades though interviews with Yup ik elders from throughout southwest Alaska Some are true qulirat traditional tales while others are recent Some are well known like the adventures of the wily Raven while others are rarely told All are part of a great narrative tradition shared and treasured by Yup ik people into the present day This is the first region wide collection of traditional Yup ik tales and stories from Southwest Alaska The elders and translators who contributed to this collection embrace the great irony of oral traditions that the best way to keep these stories is to give them away By retelling these stories they hope to create a future in which the Yup ik view of the world will be both recognized and valued *Culturally Sustaining and Revitalizing Pedagogies* Cathy Coulter, Margarita Jimenez-Silva, 2017-06-06 This book highlights the journeys challenges and unfolding stories of transformation that reside within university community partnerships focused on cultural and linguistic revitalization through schooling *Historical Dictionary of the Inuit* Pamela R. Stern, 2013-09-26 The Inuit do not represent a very large population only 160 000 or so spread over a very large portion of the Arctic region and located in four different countries Although they are a people there are many variations from one group to the next and any study of them must consider both similarities and differences The Historical Dictionary of the Inuit introduces us to the Inuit as they actually are and not as they have been traditionally pictured and some would still like to see them looking after their traditional chores and engaged in time honored practices but rather as a modern people trying to shape their worlds in their own interest This second edition includes an updated chronology as well as an introduction to provide a broader view of who the Inuit are where they live and what they do But it is the dictionary section that is most interesting with many new informative entries on persons places events and institutions shedding light not only on the culture but also on the society economy and politics For those seeking further information there is a considerably expanded bibliography This book is an

excellent access point for students researchers and anyone wanting to know more about the Inuit

Mission of Change in Southwest Alaska Ann Fienup-Riordan, 2012-05-15 Mission of Change is an oral history describing various types of change political social cultural and religious as seen through the eyes of Father Astruc and Paul Dixon non Natives who dedicated their lives to working with the Yup ik people Their stories are framed by the an analytic history of regional changes together with current anthropological theory on the nature of cultural change and the formation of cultural identity The book presents a subtle and emotionally moving account of the region and the roles of two men both of whom view issues from a Catholic perspective yet are closely attuned to and involved with changes in the Yup ik community

Sound Relations Jessica Bissett Perea, 2021 Sound Relations delves into histories of Inuit musical life in Alaska to register the significance of sound as integral to self determination and sovereignty Offering radical and relational ways of listening to Inuit performances across a range of genres from hip hop to Christian hymnody and traditional drumsongs to funk and R B author Jessica Bissett Perea registers how a density not difference of Indigenous ways of musicking from a vast archive of presence sounds out entanglements between structures of Indigeneity and colonialism This work dismantles stereotypical understandings of Eskimos Indians and Natives by addressing the following questions What exactly is Native about Native music What does it mean to sound or not sound Native Who decides And how can in depth analyses of Native music that center Indigeneity reframe larger debates of race power and representation in twenty first century American music historiography Instead of proposing singular truths or facts this book invites readers to consider the existence of multiple simultaneous truths a density of truths all of which are culturally constructed performed and in some cases politicized and policed Native ways of doing music history engage processes of sound worlding that envision otherwise beyond nation state notions of containment and glorifications of Alaska as solely an extraction site for U S settler capitalism and instead amplifies possibilities for more just and equitable futures

Words of the Real People Ann Fienup-Riordan, Lawrence D. Kaplan, 2007 Collects the oral literature poetry and life stories of Alaska s Native speakers of Yupik Inupiaq and Alutiiq including ancient tales spanning generations as well as new traditions accompanied by essays on each Native group s background Source of description unspecified

Anguyiim Nalliini/Time of Warring Ann Fienup-Riordan, 2016-05-15 This book draws on little known oral histories from the Yup'ik people of southwest Alaska to detail a period of bow and arrow warfare that took place in the region between 1300 and 1800 The result of more than thirty years of research discussion and field recordings involving more than one hundred Yup'ik men and women Anguyiim Nalliini tells a story not just of war and violence but also of its cultural context the origins of place names the growth of indigenous architectural practices the personalities of prominent warriors and leaders and the eventual establishment of peaceful coexistence The book is presented in bilingual format with facing page translations and it will be hailed as a landmark work in the study of Alaska Native history and anthropology

Ciulirnerunak Yuuyaqunak/Do Not Live Without an Elder Ann Fienup-Riordan, 2016-10-15 In October of 2010 six men who were serving on the board of the Calista Elders Council CEC gathered in Anchorage with CEC staff to spend three days speaking about the subsistence way of life The men shared stories of their early years growing up on the land and harvesting through the seasons and the dangers they encountered there The gathering was striking for its regional breadth as elders came from the Bering Sea coast as well as the Yukon and Kuskokwim rivers And while their accounts had some commonalities they also served to demonstrate the wide range of different approaches to subsistence in different regions This book gathers the men's stories for the current generation and those to come Taken together they become more than simply oral histories rather they testify to the importance of transmitting memories and culture and of preserving knowledge of vanishing ways of life

Nunakun-gguq Ciutengqertut/They Say They Have Ears Through the Ground Ann Fienup-Riordan, 2020-05-15 Lifeways in Southwest Alaska today remains inextricably bound to the seasonal cycles of sea and land Community members continue to hunt fish and make products from the life found in the rivers and sea Based on a wealth of oral histories collected over decades of research this book explores the ancestral relationship between Yup'ik people and the natural world of Southwest Alaska Nunakun gguq Ciutengqertut studies the overlapping lives of the Yup'ik with native plants animals and birds and traces how these relationships transform as more Yup'ik people relocate to urban areas and with the changing environment The book will be hailed as a milestone work in the anthropological study of contemporary Alaska

My Legacy to You Frank Andrew, 2008 Yup'ik elders of southwest Alaska recall Our ancestors were never heavy with a tool kit They carried in their minds what they needed to live rich lives in the harsh environment of the Bering Sea coast Frank Andrew Sr 1917-2006 was one of the few elders to bring

this knowledge into the twenty first century Not only did Frank Andrew possess knowledge and wisdom he shared it For five years before his death he worked tirelessly with Yup'ik translators Alice Rearden and Marie Meade and anthropologist Ann Fienup Riordan to document his knowledge of life on the Bering Sea coast What he shared is specific to the Canineq lower coastal area at the mouth of the Kuskokwim River When he talked about kayak building tomcod fishing or bird hunting it was based on his own experience in the area surrounding Kwigillingok where he spent his life His unprecedented depth of knowledge and eloquent storytelling inspired this book Paitarkiutenka My Legacy to You is the bilingual companion volume to Yuungnaqpiallerput The Way We Genuinely Live Masterworks of Yup'ik Science and Survival which gives readers a sense of the complexity and variety of Yup'ik tools and technology Paitarkiutenka offers greater detail about working with wood kayak construction and coastal hunting Stories and information on seasonal activities in the Canineq area appear here for the first time This book acknowledges the enormous amount of information and remarkable skills that each individual needed to live life on the Bering Sea coast it is Frank Andrew's legacy to us all
