Quotable Paul Johnson A Topical Compilation Of His Wit Wisdom And Satire:

The Quotable Paul Johnson Paul Johnson,1994 Gathers selections from Johnson s writings on history politics human nature morality and modern culture

The Quotable Paul Johnson Paul Johnson,1994-11-30 The Quotable Paul Johnson contains 2 000 pithy and hard hitting Johnson excerpts edited and arranged alphabetically by topic and with a cross reference index Since the publication of *Modern Times* in 1983 Paul Johnson has been recognized as one of the world s most distinguished popular historians In addition to having written twenty eight books including *Intellectuals* and *History of the Jews* he frequently contributes essays and book reviews to both the British and the American press

Intellectuals and Society Thomas Sowell,2012-03-06 The influence of intellectuals is not only greater than in previous eras but also takes a very different form from that envisioned by those like Machiavelli and others who have wanted to directly influence rulers It has not been by shaping the opinions or directing the actions of the holders of power that modern intellectuals have most influenced the course of events but by shaping public opinion in ways that affect the actions of power holders in democratic societies whether or not those power holders accept the general vision or the particular policies favored by intellectuals Even government leaders with disdain or contempt for intellectuals have had to bend to the climate of opinion shaped by those intellectuals *Intellectuals and Society* not only examines the track record of intellectuals in the things they have advocated but also analyzes the incentives and constraints under which their views and visions have emerged One of the most surprising aspects of this study is how often intellectuals have been proved not only wrong but grossly and disastrously wrong in their prescriptions for the ills of society and how little their views have changed in response to empirical evidence of the disasters entailed by those views

Wealth, Poverty and Politics Thomas Sowell,2016-09-06 In *Wealth Poverty and Politics* Thomas Sowell one of the foremost conservative public intellectuals in this country argues that political and ideological struggles have led to dangerous confusion about income inequality in America Pundits and politically motivated economists trumpet ambiguous statistics and sensational theories while ignoring the true determinant of income inequality the production of wealth We cannot properly understand inequality if we focus exclusively on the distribution of wealth and ignore wealth production factors such as geography demography and culture Sowell contends that liberals have a particular interest in misreading the data and chastises them for using income inequality as an argument for the welfare state Refuting Thomas Piketty Paul Krugman and others on the left Sowell draws on accurate empirical data to show that the inequality is not nearly as extreme or sensational as we have been led to believe Transcending partisanship through a careful examination of data *Wealth Poverty and Politics* reveals the truth about the most explosive political issue of our time

Social Justice Fallacies Thomas Sowell,2023-09-19 In this instant New York Times bestseller renowned economist Thomas Sowell demolishes the myths that underpin the social justice movement The quest for social justice is a powerful crusade of our time with an appeal to many different people for many different reasons But those who use the same words do not always present

the same meanings Clarifying those meanings is the first step toward finding out what we agree on and disagree on From there it is largely a question of what the facts are Social Justice Fallacies reveals how many things that are thought to be true simply cannot stand up to documented facts which are often the opposite of what is widely believed However attractive the social justice vision the crucial question is whether the social justice agenda will get us to the fulfillment of that vision History shows that the social justice agenda has often led in the opposite direction sometimes with catastrophic consequences More things are involved besides simply mistakes All human beings are fallible and social justice advocates may not necessarily make any more mistakes than others But crusaders with an utter certainty about their mission are often undeterred by obstacles evidence or even fatal dangers That is where much of the Western world is today The question is whether we will continue on heedlessly past the point of no return **Rise and Fall of Capitalism, The** Anthony Usher,2014-12-22 The love of money and the denial of living wages cast dark shadows on almost every aspect of life of this planet Washington is full of millionaires who seem to have forgotten their duty to the American people And corporate executives seek to increase profits any way they can even if it means cutting the legs out from under their employees Welcome to America the home of capitalism in all its glory The Rise and Fall of Capitalism A Social Religious and Political Perspective by Anthony Usher examines the history of capitalism and its impact on Americans and discusses solutions to even the playing field between the lower middle and upper classes based on biblical principles In addition to discussing Americans love of money and the economic challenges facing our country Usher also addresses sensitive religious political issues that Christians and non Christians struggle with such as same sex marriage abortion and the Arab Israeli conflict Economics politics religion and current events are linked to the end of the world and the collapse of the best economic system devised by human hands giving way to a new theocratic kingdom Are you ready American Studies International ,1995

Contemporary Authors New Revision Series Scot Peacock,2001-10 In response to the escalating need for up to date information on writers Contemporary Authors New Revision Series brings researchers the most recent data on the world s most popular authors These exciting and unique author profiles are essential to your holdings because sketches are entirely revised and up to date and completely replace the original Contemporary Authors entries For your convenience a soft cover cumulative index is sent biannually While Gale strives to replicate print content some content may not be available due to rights restrictions Call your Sales Rep for details Crisis ,1995 A journal of lay Catholic opinion *Geary's Guide to the World's Great Aphorists* James Geary,2008-12-08 Both an expert and a collector James Geary has devoted his life to aphorisms and the last few years to organizing indexing and even translating them The result is Geary s Guide featuring aphorists like Voltaire Twain Shakespeare Nietzsche Woody Allen Muhammad Ali Emily Dickinson and Mae West as well as international practitioners appearing in English for the first time But it is more than just a conventional anthology It is also an encyclopedia containing brief biographies of each author in addition to a selection of his or her aphorisms The book is a

field guide too with aphorists organized into eight different species such as Comics Critics Icons and Painters Poets The book s two indexes by author and by subject make it easily searchable while its unique organizational structure and Geary s lively biographical entries set it apart from all previous reference works A perfect follow up to Geary s New York Times bestseller The World in a Phrase Geary s Guide is eminently suitable for browsing or for sustained reading A comprehensive guide to our most intimate idiosyncratic literary form the book is an indispensable tool for writers and public speakers as well as essential reading for all language lovers **The Publishers Weekly** ,1994 **The American Spectator** ,1995

CURRENT CONTENTS ,1996 **Books in Print** ,1991 □□□□□ □□□•□□□,2024-09-11 Paperbound Books in Print ,1992 Forthcoming Books Rose Arny,1994 **Arts & Humanities Citation Index** ,1996 *Directory of American Scholars* Rita C. Velázquez,1999 Completely updtaed this 9th edition presents biographical profiles of United States and Canadian scholars currently active in teaching research and publishing in the fields of philosophy religion and law *Basic Economics* Thomas Sowell,2014-12-02 The bestselling citizen s guide to economics Basic Economics is a citizen s guide to economics written for those who want to understand how the economy works but have no interest in jargon or equations Bestselling economist Thomas Sowell explains the general principles underlying different economic systems capitalist socialist feudal and so on In readable language he shows how to critique economic policies in terms of the incentives they create rather than the goals they proclaim With clear explanations of the entire field from rent control and the rise and fall of businesses to the international balance of payments this is the first book for anyone who wishes to understand how the economy functions This fifth edition includes a new chapter explaining the reasons for large differences of wealth and income between nations Drawing on lively examples from around the world and from centuries of history Sowell explains basic economic principles for the general public in plain English
