Blewett,2008-12-30 In this companion volume to his 1995 bibliography of the same title Daniel Blewett continues his foray into the vast literature of military studies As did its predecessor it covers land air and naval forces primarily but not exclusively from a U S perspective with the welcome emergence of small wars from publishing obscurity In addition to identifying relevant organizations and associations Blewett has gathered together the very best in chronologies bibliographies biographical dictionaries indexes journals abstracts glossaries and encyclopedias each accompanied by a brief descriptive annotation This work remains a pertinent addition to the general reference collections of public and academic libraries as well as special libraries government documents collections military and intelligence agency libraries and historical societies and museums **Anniversary Essays on Tolstoy** Donna Tussing Orwin,2010-02-25 A century after Leo Tolstoy s death the author of War and Peace is widely admired but too often thought of only with reference to his realism and moral sense The many sides of Tolstoy revealed in these essays speak to readers with astonishing force relevance and complexity In a lively challenging style leading scholars range over his long life from his first work Childhood to the works of his old age like Hadji Murat and the many genres in which he worked from the major novels to aphorisms and short stories The essays present fresh approaches to his central themes love death religious faith and doubt violence the animal kingdom and war They also assess his reception both in his lifetime and subsequently Setting new agendas for the study of this classic author this volume provides a snapshot of more current scholarship on Tolstoy *The Misquotable C.S. Lewis* William O'Flaherty,2018-03-16 C S Lewis wrote many great words but not everything you see with his name on it is from the famed author of the Narnia books Seventy five quotations are presented that have an association in one way or another with a host of names including Ryan Seacrest Anthony Hopkins Max Lucado Rick Warren and Tim Allen Learn the three most common ways Lewis is misrepresented 1 Falsely Attributed Quotes Expressions that are NOT by him 2 Paraphrased Words that are ALMOST what he said 3 Out of Context Material he wrote but are NOT QUITE what he believed This book doesn t stop there Also discover what Lewis actually said that is related to the presented misquotes Those new to Lewis and the more serious reader of his works will grow in their appreciation of a writer that is not only quotable but obviously misquotable *Canadian Books in Print. question about it which is our strength not our weakness But it s a face that can be bound by common goals and common values It s a face that can stand squarely in the face of evil by the collective acts of people doing good in America You ve read the Bushisms but here is another portrait of the man and the politician Long before then Governor of Texas George W Bush ran for the presidency he was acknowledged by the media as someone who could be counted on to provide memorable quotes seemingly without much effort Instead of focusing on the malapropisms and verbal stumblings for which this Bush is most infamous The Quotable George W Bush offers illuminating insights into the ideals political and social philosophy and leadership agenda of one of our most decisive straightforward presidents This book is the closest thing we have to a living memoir of the important years of President Bush s life and it presents a true portrait of the man The audience for The Quotable George W Bush includes stalwart Republicans conservatives and the voting majority that consistently gives the president high marks and supports his administration without question Geary's Guide to the World's Great Aphorists
