Some two thousand years ago in a small province of the Roman Empire an obscure Roman governor ordered the execution of a peasant leader It went virtually unnoticed at the time No official report of the event has survived and we would have no memory at all of it except for the efforts of a handful of followers of the condemned man Those followers who kept that memory alive changed the course of history and the results of their efforts continue to reverberate to this day Conventional interpretation says that the execution of Jesus of Nazareth came on the heels of a series illegal trials before a number of different tribunals and at the culmination of that series of trials a moral coward by the name of Pontius Pilate ordered Jesus execution despite being satisfied that he was innocent Revisionist interpretation says that there was no trial at all that Pilate simply executed Jesus because he was a nuisance and that Jesus followers invented the story of his execution as a means of shifting the blame from the Roman government to a group of people whom they despised the Jews Are the Gospels good history or bad propaganda Does a fair reading of the Gospel accounts support either the conventional or the revisionist interpretation of the trial of Jesus Who if anyone should shoulder the blame for the crucifixion of Jesus The Case against Christ seeks to answer these questions by treating the matter as a forensic death investigation and answering the questions as they might be answered by a prosecutor attempting to determine who should be held criminally responsible for the death of Jesus      Pilgrims and Prisoners Ron Nikkel,Andy Corley,2023-07-20 When justice is used as a synonym for judgment we miss the point of justice The prisons of the world are bursting at the seams with offenders who have been judged guilty and are being punished for wrongdoing Prisons are a failure In fact justice is not achieved through imprisonment Ron and Andy have dedicated their lives to pursuing justice and mercy in response to criminal offenders In many respects prisons are the most spiritual places on earth It is in prison where the great questions of humanity converge questions of guilt and forgiveness good and evil retribution and redemption hope and despair life and death guilt and forgiveness judgment and mercy Where is God in the midst of all of this Is God even relevant does God care And if God cares does that make any difference to the justice we seek Ron has likely been in more prisons in more countries than any other person He has been in the very best of prisons and the prisons that can only be described as hellholes In their journey through the prisons of the world both Ron and Andy have encountered Jesus God imprisoned with men and women in the margins of respectability and human dignity God of all righteousness and justice love and mercy embracing offenders in the depths of their human condition      Catalog of Copyright Entries. first examination of some forty novels in which someone discovers a new gospel Sometimes it turns out to be a hoax will it be debunked before it can work its mischief If it proves genuine will it be brought to light Or will corrupt church officials manage to prevent it The book evaluates what each author has to say about historical Jesus scholarship or New Testament research in general Sometimes the authors have done their homework other times they haven't bothered and they wind up dishing up crazy rewrites of history and outlandish theories These novels deal with abiding issues of faith even without some new discovery As soon as one engages in biblical apologetics one has stepped onto the marshy ground of probabilistic arguments an entirely different epistemology that automatically replaces simple faith And so one comes to hold one's religious convictions more tentatively having become genuinely vulnerable to new evidence One may not remain a believer for long On the other hand one invites fanaticism if one's faith is dangerously predicated on the assurance that no new discovery will send one back to the drawing board **Secret Scrolls** assesses what each author imagines it would take to derail and debunk Christianity How mighty a blow must be dealt before the religion would fall Dan Brown's notion that a married Jesus would debunk the Nicene Creed is laughable As Wilbert Francis Howard once argued in his brief and fascinating history of New Testament research there is a genuine romance of New Testament scholarship and many of us are delighted to have the adventure continue in the speculative imaginations of capable novelists These books can both entertain and educate and so will **Secret Scrolls**
