Outta Sight Funk and R&B Riffs for Piano/Keyboards Andrew D. Gordon, Outta Sight Funk and R B Riffs for Piano Keyboards by Andrew D Gordon is designed to help piano keyboard players improve their playing technique with a wide range of different Funk R B riffs and grooves While living in London during my early 20 s I had the opportunity of developing my Funk R B skills by playing or jamming with musicians of mainly African Jamaican descent 3 to 4 times a week We would jam for hours on end including doing gigs to the early hours of the morning From this experience it is my feeling that it is important to play and learn from other musicians however if one is unable to do so then incorporating this product into your practicing routine is the next best thing By using this book your Funk R B keyboard playing will definitely improve What is Funk Music Funk is an Afro American musical style originated by James Brown and later Sly and the Family Stone emphasizing the rhythm and putting melody and harmony in the background Funk often consists of a complex groove where every instrument is playing a different rhythmic part fitting together like a jigsaw puzzle Entire songs are written without any or minimal chord changes where one or two riffs form the basis of the song as represented by the examples in this book One of the most distinctive features of funk music is the role of the bass line as a foundation with melodic bass lines at the centerpiece of a funk tune The left hand parts in this book capture both the rhythmic and melodic essence of funk bass while the right hand parts capture the percussive syncopated rhythms of funk music similar to what a guitarist may play Funk music uses the same type of extended chords as in jazz including minor chords with added sevenths ninths and elevenths or dominant seventh ninth eleventh and thirteenth chords Each of the 55 examples has been recorded three times 1 The left and right hand parts are played through twice with drums percussion guitars and keyboards at the regular tempo 2 Rhythm tracks at the regular tempo of guitar bass drums percussion to practice the keyboard parts along with 3 Slowed down track of the left right keyboard parts with the drums so that you can precisely hear what the keyboard parts are playing For musicians students who would like extended 2 minute Play A Long tracks for each of the 55 examples ADG Productions offer downloadable mp3 files or MIDI files

African Americans and the Bible Vincent L. Wimbush, 2001-01-01 A unique

study of how the Bible constructs African Americans and how African Americans construct the bible From literature and the arts to popular culture and everyday life the Bible courses through black society and culture Despite the enormous recent surge of interest in African American religion scant attention has been paid to the diversity of ways in which African Americans have utilized the Bible African Americans and the Bible is the fruit of a four year collaborative research project directed by Vincent L Wimbush and funded by the Lilly Endowment It brings together scholars and experts sixty eight in all from a wide range of academic and artistic fields and disciplines including ethnography cultural history and biblical studies and also music film dance drama and literature The book is less about the meaning s of the Bible than about the Bible and meaning s less about the world s of the Bible than about how worlds and the Bible interact in short about how a text constructs a people and a people construct a text It is about a particular socio cultural formation but also about the dynamics that occur in the interrelation between any group of people and sacred texts in general African Americans and the Bible offers a critical lens through which the process of socio cultural formation can be viewed

Icons of R&B and Soul Bob Gulla, 2007-12-30 Drawn from a mosaic of influences including folk gospel and blues R B represents both everything that came before and nothing that was heard before This is the music that bridged the gap between audiences and helped at the very height of racism in America to dismantle racial barriers So much of today s music is derived directly from the highly influential and critically important sounds of R B that without it we would have never known the classic soul of the late 50s and 60s the glory days of the genre Similarly rock n roll as seen through the eyes of Bill Haley and Elvis Presley would have never evolved without the foundation laid by their R B predecessors Through substantial entries on the chief architects and innovators Icons of R B and Soul offers a vibrant overview of the music s impact in American culture and how it reflected contemporary society s politics trends and social issues Numerous sidebars highlight Motown prominent record labels hit songs related singers and songwriters key events and significant aspects of the music industry Also included is a list of important print and Web resources as well as a list of selected recordings An essential reference for high school and public libraries this encyclopedia will help students explore the historical and cultural framework of R B and soul music through the musicians who have come to define the genre Among the featured Ray Charles Little Richard Fats Domino New Orleans R B Ruth Brown Sam Cooke Etta James James Brown Aretha Franklin The Supremes Otis Redding Ike Tina Turner Curtis Mayfield Berry Gordy Stevie Wonder Marvin Gaye Smokey Robinson The Temptations Prince

100 Ultimate Blues Riffs Volume 2 Andrew D. Gordon, It has been over 20 years since I released the first volume of 100 Ultimate Blues Riffs for Piano Keyboards in 1996 my most popular selling book One of the constants has been the continued popularity of my Blues music instructional books for not only piano

keyboards but also Saxophone Flute and Guitar With developments in music software faster internet download speeds for downloading mp3 audio files over 5 hours of downloadable audio backing tracks for this book I felt it was time to author a 2nd volume that uses newer software for improved sound quality Also it is the 50th anniversary since I started to learn to play Blues piano in 1968 I remember the wonderful feeling I had when I started to learn from the first two Blues piano books I bought from a music shop along the Charing Cross Road in London I still have both books Just Blues a compilation of Blues Jazz and Boogie Woogie songs and How To Play Blues Piano by Junior Mance I have again created 100 Blues riffs with many of them having elements of Rock Funk Country Jazz Boogie Woogie Gospel and Latin styles The riffs are in the order that I composed them giving you the learner an element of surprise as to what the next riff is going to sound like Each of the 100 riffs have been recorded twice the 1st time the piano part with a rhythm backing track and the 2nd time a rhythm backing track to practice playing along with I have also created a separate play a long track that consists of 10 choruses of the 12 Bar Blues progression I would hope that you will use each riff to build your own Blues song through the 12 Bar Blues progression
