reached a crossroads Graphic novels have never received more attention and legitimation from scholars but new canons and new critical discourses have created tensions within a field built on the populist rhetoric of cultural studies As a result comics studies has begun to cleave into distinct camps based primarily in cultural or literary studies that attempt to dictate the boundaries of the discipline or else resist disciplinarity itself The consequence is a growing disconnect in the ways that comics scholars talk to each other or more frequently do not talk to each other or even acknowledge each other's work

Breaking the Frames Populism and Prestige in Comics Studies surveys the current state of comics scholarship interrogating its dominant schools questioning their mutual estrangement and challenging their propensity to champion the comics they study Marc Singer advocates for greater disciplinary diversity and methodological rigor in comics studies making the case for a field that can embrace more critical and oppositional perspectives

Working through extended readings of some of the most acclaimed comics creators including Marjane Satrapi Alan Moore Kyle Baker and Chris Ware Singer demonstrates how comics studies can break out of the celebratory frameworks and restrictive canons that currently define the field to produce new scholarship that expands our understanding of comics and their critics

Greil Marcus, 2014-09-02 The legendary critic and author of *Mystery Train* ingeniously retells the tale of rock and roll

Publishers Weekly starred review Unlike previous versions of rock n roll history this book omits almost every iconic performer and ignores the storied events and turning points everyone knows Instead in a daring stroke Greil Marcus selects ten songs and dramatizes how each embodies rock n roll as a thing in itself in the story it tells inhabits and acts out a new language something new under the sun

Transmission by Joy Division All I Could Do Was Cry by Etta James and then Beyonc To Know Him Is to Love Him first by the Teddy Bears and almost half a century later by Amy Winehouse In Marcus's hands these and other songs tell the story of the music which is at bottom the story of the desire for freedom in all its unruly and liberating glory Slipping the constraints of chronology Marcus braids together past and present holding up to the light the ways that these striking songs fall through time and circumstance gaining momentum and meaning astonishing us by upending our presumptions and prejudices This book by a founder of contemporary rock criticism and its most gifted and incisive practitioner is destined to become an enduring classic One of the epic figures in rock writing The New York Times Book Review Marcus is our greatest cultural critic not only because of what he says but also as with rock and roll itself how he says it The Washington Post Winner of the Deems Taylor Virgil Thomson Award in Music Criticism given by the American Society of Composers Authors Publishers
