James M. Jones, Ph.D., Director, Minority Fellowship Program, American Psychological Association. This is an extraordinary and daring compilation of cutting-edge commentaries that should prove invaluable to students, scholars, and practitioners working in social work, clinical and forensic psychology, juvenile justice, immigration, adjustment, Native American advocacy, and child and adult abuse. Cross Jr., Ph.D., Graduate Center, City University of New York. American ethnic and racial minority groups, immigrants, and refugees to this country are disparately impacted by the justice system of the United States. Issues such as racial profiling, disproportionate incarceration, deportation, and capital punishment all exemplify situations in which the legal system must attend to matters of race and culture in a competent and humane fashion. *Race Culture Psychology and Law* is the only book to provide summaries and analyses of culturally competent psychological and social services encountered within the U.S. legal arena. The book is broad in scope and covers the knowledge and practice crucial in providing comprehensive services to ethnic, racial, and cultural minorities. Topics include the importance of race relations, psychological testing and evaluation, racial profiling, disparities in death penalty conviction, immigration and domestic violence, asylum seekers, deportations, and civil rights, juvenile justice, cross-cultural lawyering, and cultural competency in the administration of justice. *Race Culture Psychology and Law* offers a compendium of knowledge, historical background, case examples, guidelines, and practice standards pertinent to professionals in the fields of psychology and law to help them recognize the importance of racial and cultural contexts of their clients. Editors Kimberly Holt Barrett and William H. George have drawn together contributing authors from a variety of academic disciplines including law, psychology, sociology, social work, and family studies. These contributors illustrate the delivery of psychological, legal, and social services to individuals and families from racial, minority, ethnic, minority, immigrant, and refugee groups who are involved in legal proceedings. *Race Culture Psychology and Law* is a unique and timely text for undergraduate and graduate students studying psychology and law. The book is also a vital resource for a variety of professionals such as clinical psychologists, forensic psychologists, psychiatrists, counselors, social workers, and attorneys dealing with new immigrants and people from various ethnic communities.
