Race To Fame The Inside Story Of The Bluenose:

Race to Fame Claude K. Darrach,1985 *A Race for Real Sailors* Keith McLaren,2021-03-26 In the summer of 1920 the public following the latest America's Cup series were frustrated to find that every time the wind got up the organizers called off the race There was muttering in the taverns of Halifax and Lunenburg why not show these fancy yachtsmen what real sailors can do A Nova Scotia newspaper donated a trophy and put out a challenge to their rivals in New England inviting them to meet the Maritimes best in a race for real sailors A Race for Real Sailors is a vibrant history of the Fishermen's Cup series which dominated sporting headlines between the two world wars The salt spray practically blows off the page as the author's arresting style captures the drama of each race and the personalities of the ships that contested them the Delawana and the Esperanto the Columbia and the Gertrude L Thebaud and dominating them all the Bluenose the big brute from Lunenburg whose image shines on the Canadian dime to this day Vying for the spotlight are the boats larger than life skippers among them Marty Welch the hard charging American who first took the cup Ben Pine the Gloucester scrap dealer whose passion kept the races afloat when they seemed destined to fade away and the irascible impossible Angus Walters master of the Bluenose who repeatedly broke American hearts but whose own heart was broken by Canada's refusal to come to the rescue of his beloved vessel This stirring and poignant tale is illustrated with 51 historical photographs and five maps and rounded out by a glossary of sailing terms and an appendix of the ever changing race rules This is a story that will keep even confirmed landlubbers pegged to their seats a tale of iron men and wooden ships whose time will never come again

Caught in Irons Michael Wayne Santos,2002 Santos history Lynchburg College uses the international fishermen's races that captured popular imagination in the US and Canada during the 1920s and 1930s as a means for discussing the changing economic and social realities that redefined the North Atlantic fisheries and the society as a whole i **Acadiensis** ,1988

The Atlantic Provinces in Confederation Ernest R. Forbes,Delphin A. Muise,1993-12-15 Canada's four easternmost provinces while richly diverse in character and history share many elements of their political and economic experience within Confederation In this volume thirteen leading historians explore the shifting tides of Atlantic Canada's history beginning with the union of Nova Scotia and New Brunswick with Ontario and Quebec to form the Dominion in 1867 Continuing on through Prince Edward Island's entry into Confederation six years later and Newfoundland's in 1949 they take the story of Atlantic Canada up to the 1980s Collectively their work sheds light on the complex political dynamic between the region and Ottawa and reveals the roots of current social and economic realities Fragmentation versus integration plenty versus scarcity centre versus periphery and other models inform their analysis The development of regional disparity and responses to it form a major theme The tradition of regional protest by Maritimers and later Atlantic Canadians runs deep so does their commitment to the idea of an integrated Canadian nation Protests over the decades have primarily been expressions of frustration at perceived exclusion from the full benefits of national union The creation of national markets for labour capital

and goods often operated to their detriment and political decisions at the national level frequently reinforced rather than alleviated the regional predicament More than an account of the wealthy and powerful this book often places ordinary men and women at the centre of the story Above all it reveals the resilience of Atlantic Canadians as they have struggled to overcome their problems and to share in the benefits of life in the Canadian community **Nova Scotia Historical Review** ,1996 *International Books in Print* ,1997 *A Bibliography of the History of Canadian Science and Technology* Arnold E. Roos,Canadian Science and Technology Historical Association,1995 **Canadian Book Review Annual** ,1986
