Race Versus Class The New Affirmative Action Debate

Eyal Zamir, Doron Teichman

Race Versus Class The New Affirmative Action Debate:

Race Versus Class Carol M. Swain, 1996-09-19 *Race versus Class* traces the evolution of affirmative action policies and explores the issues surrounding the current debate. In addition to providing fundamental facts, the book presents original insights and recommendations for salvaging the policy. Included among the essays are case studies of race exclusive scholarships, housing policies, and the Head Start program. The book also includes a discussion of the difficulty of measuring public opinion on affirmative action and of how existing methods might be improved. Sound public policy recommendations emerge from the book's racially diverse group of contributors.

Contents: Affirmative Action Revisited Carol M. Swain, Racial Classifications April Chou, Attitudes Toward Affirmative Action Paradox or Paradigm Frederick Vars, Affirmative Action and Public Opinion Polls Ricshaw Adkins, Philosophical Perspectives Justin McCrary, Race Exclusive Scholarships for Undergraduate Education Jessica Malman, Fresh Start Redefining Affirmative Action to Include Socioeconomic Class Jonathon Goldman, Residential Segregation Racial Discrimination and the Road to Reform Cindy Kam, The Head Start Program Constructive Affirmative Action Priya Rajan, Index.

Affirmative Action A. M. Babkina, 2004 This guide to the literature presents 451 descriptions of books, reports, and articles dealing with all aspects of affirmative action, including Race relations, Economic aspects, Reverse discrimination, Preferences, Affirmative Action programs, Public opinion, Court decisions, Education, and many more. Complete author and subject indexes are provided.

African Americans and Jews in the Twentieth Century Vincent P. Franklin, 1998 In recent scholarship, academics have focused primarily on areas of conflict between Blacks and Jews, yet in the long struggle to bring social justice to American society, these two groups have often worked as allies in both the organized labor and the civil rights movements. Demonstrating the complexity of the relationship of Blacks and Jews in America, *African Americans and Jews in the Twentieth Century* examines the competition and solidarity that have characterized Black Jewish interactions over the past century. These essays provide an intellectual foundation for cooperative efforts to improve social justice in our society and are an invaluable resource for the study of race relations in twentieth century America. Affirmative Action S. N. Colamery, 1998 From the John Holmes Library Collection.

Affirmative Action and the Constitution: Affirmative action before constitutional law, 1964-1977 Gabriel Jackson Chin, 1998 First Published in 1998. Routledge is an imprint of Taylor & Francis, an informal company.

Equality, Affirmative Action and Justice Johan Rabe, 2001

Affirmative Action, the Supreme Court, and Political Power in the Old Confederacy Ronnie Bernard Tucker, 2000 *Affirmative Action: The Supreme Court and Political Power in the Old Confederacy*.

Asian American Politics Don T. Nakanishi, James S. Lai, James Siu-Fong Lai, 2003 Asian Americans are emerging as a political force, and yet their politics have not been systematically studied by either social scientists or politicians. Asian American politics transcend simple questions of voting behavior and elective office, going all the way back to early immigration laws and all the way forward to ethnic targeting. For the first time, this book brings together original

sources on key topics influencing Asian American politics knit together by expert scholars who introduce each subject and place it in context with political events and the greater emerging literature Court cases legislation demographics and key pieces on topics ranging from gender to Japanese American redress to the Los Angeles riots to Wen Ho Lee round out this innovative reader on a politically active group likely to grow in number and electoral impact **Beyond Political**

Correctness Michael S. Cummings,2001 The reason that the right dominates debates on crime family values and economic freedom while the left defends diversionary policies such as affirmative actions and equivocates on ecology and the political empowerment of the young argues Cummings political science U of Colorado is that too many progressives have avoided politically sensitive issues thus condemning themselves to intellectual atrophy and political ineffectiveness c Book News Inc

Impacts of Affirmative Action Paul M. Ong,1999 Most Americans support the elimination of race and gender prejudice and inequality yet attitudes toward solutions have fluctuated since the civil rights movement began A heated debate over the explicit use of race and gender based categories has taken center stage in the 1990s and all eyes are on California a precedent setting state since establishing its first antidiscrimination policies in 1934 federal policies followed almost a decade later Paul Ong s collection of cogent social policy analysis and careful research intervene in these debates with grounded and complex assessments of the present and future of affirmative action Chapters explore programs and outcomes in higher education federal and state contracting public employment and minority and women owned businesses **The New White Nationalism in America** Carol M. Swain,2002-06-10 The author hopes to educate the public regarding white nationalists *The Harvard Guide to African-American History* Evelyn Brooks Higginbotham,2001 This massive guide sponsored by the W E B Du Bois Institute for Afro American Research at Harvard University and compiled by renowned experts offers a compendium of information and interpretation on over 500 years of black experience in America

Constitutional Politics in Canada and the United States Stephen L. Newman,2012-02-01 The Canadian constitutional reforms of 1982 which included a Charter of Rights and Freedoms analogous to the American Bill of Rights brought about a convergence with American constitutional law As in the U S Canadian courts have shown themselves highly protective of individual rights and they have not been shy about assuming a leading and sometimes controversial political role in striking down legislation In clear and easy to understand language the contributors not only chart but also explore the reasons for areas of similarity and difference in the constitutional politics of Canada and the United States *America Becoming* National Research Council,Commission on Behavioral and Social Sciences and Education,2001-02-23 The 20th Century has been marked by enormous change in terms of how we define race In large part we have thrown out the antiquated notions of the 1800s giving way to a more realistic sociocultural view of the world The United States is perhaps more than any other industrialized country distinguished by the size and diversity of its racial and ethnic minority populations Current trends promise that these features will endure Fifty years from now there will most likely be no single majority group in the United

States How will we fare as a nation when race based issues such as immigration job opportunities and affirmative action are already so contentious today In America Becoming leading scholars and commentators explore past and current trends among African Americans Hispanics Asian Americans and Native Americans in the context of a white majority This volume presents the most up to date findings and analysis on racial and social dynamics with recommendations for ongoing research It examines compelling issues in the field of race relations including Race and ethnicity in criminal justice Demographic and social trends for Hispanics Asian Americans and Native Americans Trends in minority owned businesses Wealth welfare and racial stratification Residential segregation and the meaning of neighborhood Disparities in educational test scores among races and ethnicities Health and development for minority children adolescents and adults Race and ethnicity in the labor market including the role of minorities in America s military Immigration and the dynamics of race and ethnicity The changing meaning of race Changing racial attitudes This collection of papers compiled and edited by distinguished leaders in the behavioral and social sciences represents the most current literature in the field Volume 1 covers demographic trends immigration racial attitudes and the geography of opportunity Volume 2 deals with the criminal justice system the labor market welfare and health trends Both books will be of great interest to educators scholars researchers students social scientists and policymakers *White Logic, White Methods* Tukufo Zuberi, Eduardo Bonilla-Silva, 2008-05-02 In this collection of essays the authors examine how racial considerations have affected the way social science is conducted how issues are framed and data is analyzed With an assemblage of leading scholars *White Logic White Methods* explores the possibilities and necessary dethroning of current social research practices and demands a complete overhaul of current methods towards multicultural and pluralist approach to what we know think and question Behavioral Law and Economics Eyal Zamir, Doron Teichman, 2018-06-05 In the past few decades economic analysis of law has been challenged by a growing body of experimental and empirical studies that attest to prevalent and systematic deviations from the assumptions of economic rationality While the findings on bounded rationality and heuristics and biases were initially perceived as antithetical to standard economic and legal economic analysis over time they have been largely integrated into mainstream economic analysis including economic analysis of law Moreover the impact of behavioral insights has long since transcended purely economic analysis of law in recent years the behavioral movement has become one of the most influential developments in legal scholarship in general *Behavioral Law and Economics* offers a state of the art overview of the field Eyal Zamir and Doron Teichman survey the entire body of psychological research that lies at the basis of behavioral analysis of law and critically evaluate the core methodological questions of this area of research Following this the book discusses the fundamental normative questions stemming from the psychological findings on bounded rationality and explores their implications for setting the law s goals and designing the means to attain them The book then provides a systematic and critical examination of the contributions of behavioral studies to all major fields of law including property contracts consumer

protection torts corporate securities regulation antitrust administrative constitutional international criminal and evidence law as well as to the behavior of key players in the legal arena litigants and judicial decision makers

The Oxford Handbook of Behavioral Economics and the Law Eyal Zamir, Doron Teichman, 2014-09-16 The past twenty years have witnessed a surge in behavioral studies of law and law related issues These studies have challenged the application of the rational choice model to legal analysis and introduced a more accurate and empirically grounded model of human behavior This integration of economics psychology and law is breaking exciting new ground in legal theory and the social sciences shedding a new light on age old legal questions as well as cutting edge policy issues The Oxford Handbook of Behavioral Economics and Law brings together leading scholars of law psychology and economics to provide an up to date and comprehensive analysis of this field of research including its strengths and limitations as well as a forecast of its future development Its 29 chapters organized in four parts The first part provides a general overview of behavioral economics The second part comprises four chapters introducing and criticizing the contribution of behavioral economics to legal theory The third part discusses specific behavioral phenomena their ramifications for legal policymaking and their reflection in extant law Finally the fourth part analyzes the contribution of behavioral economics to fifteen legal spheres ranging from core doctrinal areas such as contracts torts and property to areas such as taxation and antitrust policy

[Racial Justice in America](#) David B. Mustard, 2003-09-16 Racial Justice in America examines a volatile social issue that is always in the news focusing on five critical areas criminal justice education employment living accommodations and political participation By 1451 Africans were used as slaves in the Madeiras and Canary Islands Not until 1502 did they arrive in the New World All told nearly 10 million Africans equal to the year 2000 populations of Virginia and Mississippi combined were transplanted across the Atlantic as slaves Despite the termination of the U S slave trade in 1807 and emancipation after the Civil War members of a racial couple married as late as 1958 were jailed for one year for breaking Virginia s antimiscegenation law So where are we today This book which provides historical perspective and a discussion of different types of discrimination examines how systemic changes have been made and analyzes the debates that still exist

Be the People Carol Swain, 2011-06-13 Forces are rapidly reshaping America s morals social policies and culture but how do we stop it Learn how to make your voice heard and reclaim America s faith and values by reshaping our country s current trajectory Cultural elites in the media academia and politics are daily deceiving millions of Americans into passively supporting policies that are harmful to the nation and their own best interest Although some Americans can see through the smokescreen they feel powerless to stop the forces inside and outside government that radically threaten their values and principles Drawing on her training in political science and law Dr Swain thoughtfully examines the religious significance of the founding of our nation and the deceptions that have crept into our daily lives and now threaten traditional families unborn children and members of various racial and ethnic groups as well as national sovereignty itself Dr Swain provides encouraging action items for the

people of our country to make the political system more responsive The book is divided into two sections forsaking what we once knew and re embracing truth and justice in policy choices Be the People covers key topics including The damage caused political correctness and its censoring of traditional Christian expression of thought America s shift to moral relativism and its religious roots Erosion of rule of law national security and immigration Abortion s fragile facade and the true toll it takes Racial and ethnic challenges How we can reclaim the future In Be the People Carol takes a candid look at the problems our country faces but that we re often uncomfortable speaking honestly about providing hope and actionable solutions to change the direction of America while we still can Be the People is a courageous analysis of today s most pressing issues exposing the deceptions by the cultural elite and urging We the People to restore America s faith and values Sean Hannity **Sweet Land of Liberty** Thomas J. Sugrue, 2008-11-04 The struggle for racial equality in the North has been a footnote in most books about civil rights in America Now this monumental new work from one of the most brilliant historians of his generation sets the record straight Sweet Land of Liberty is an epic revelatory account of the abiding quest for justice in states from Illinois to New York and of how the intense northern struggle differed from and was inspired by the fight down South Thomas Sugrue s panoramic view sweeps from the 1920s to the present more than eighty of the most decisive years in American history He uncovers the forgotten stories of battles to open up lunch counters beaches and movie theaters in the North the untold history of struggles against Jim Crow schools in northern towns the dramatic story of racial conflict in northern cities and suburbs and the long and tangled histories of integration and black power Appearing throughout these tumultuous tales of bigotry and resistance are the people who propelled progress such as Anna Arnold Hedgeman a dedicated churchwoman who in the 1930s became both a member of New York s black elite and an increasingly radical activist A Philip Randolph who as America teetered on the brink of World War II dared to threaten FDR with a march on Washington to protest discrimination and got the Fair Employment Practices Committee the second Emancipation Proclamation as a result Morris Milgram a white activist who built the Concord Park housing development the interracial answer to white Levittown and Herman Ferguson a mild mannered New York teacher whose protest of a Queens construction site led him to become a key player in the militant Malcolm X s movement Filled with unforgettable characters and riveting incidents and making use of information and accounts both public and private such as the writings of obscure African American journalists and the records of civil rights and black power groups Sweet Land of Liberty creates an indelible history Thomas Sugrue has written a narrative bound to become the standard source on this essential subject
