Rachel And Her Children Homeless Families In America:

Rachel and Her Children (R) Jonathan Kozol,1989-02 Rachel and Her Children Jonathan Kozol,2006 *Rachel and Her Children* Jonathan Kozol,2006-08-15 WINNER OF THE ROBERT F KENNEDY BOOK AWARD A searing trip into the heart of homelessness Chicago Sun Times that jolted the American conscience Jonathan s struggle is noble What he says must be heard His outcry must shake our nation out of its guilty indifference Elie Wiesel Jonathan Kozol is one of America s most forceful and eloquent observers of the intersection of race poverty and education His books from the National Book Award winning *Death at an Early Age* to the critically acclaimed *Shame of the Nation* are touchstones of the national conscience First published in 1988 and based on the months the author spent among America s homeless *Rachel and Her Children* is an unforgettable record of the desperate voices of men women and especially children caught up in a nightmarish situation that tears at the hearts of readers With record numbers of homeless children and adults flooding the nation s shelters *Rachel and Her Children* offers a look at homelessness that resonates even louder today **Rachel and Her Children** Jonathan Kozol,1994-06-04 Rachel and Her Children Homele Jonathan Kozol,1989-10-01 Israel's Past Bob Becking,2021-10-04 How should one write a history of Ancient Israel In the last few decades a lively discussion has taken place on the historiography of ancient Israel Minimalists such as Philip Davies Thomas Thompson and Niels Peter Lemche challenged the usefulness of the Hebrew Bible as a source for constructing Israel s past Maximalists like Baruch Halpern and William Dever argued instead that the data from the Hebrew Bible should be trusted until otherwise proven Others among whom we can name Hans Barstad Rainer Albertz and Lester Grabbe took a third road The essays in this volume follow that third road by applying insights from the field of philosophy of history A dozen case studies from David to the earliest Samaritans demonstrate how difficult it is to write a history of ancient Israel without falling in the abyss of an ideology in one direction or another The matrix designed by Manfred Weippert to look at the past through five windows landscape climate archaeology epigraphy and only at the end the Hebrew Bible turned out to be more helpful The conclusion of this research is that there are some stable pillars in the swamp of the past but it comes with the warning that the space between these pillars is large and cannot easily be filled **Addressing Diversity in Literacy Instruction** Evan Ortlieb,Earl H. Cheek Jr,2017-11-16 This edited volume highlights recent research related to how issues of diversity are addressed within literacy instruction for K 12 learners **Real World Faith** Walter Brueggemann,2023-09-12 *Real World Faith* articulates a faith that is effectively linked to our real world the world of our bodies and of the body politic The real world of our bodies causes us to be largely preoccupied with our health security dignity and sexuality and causes concern for food and shelter for ourselves and for our neighbors The real world of the body politic puts us in inescapable touch with issues of money power weapons policies treaties taxes and trade agreements These are the matters that occupy us most of the time on most of our days They are the proper agenda of our faith because our faith consists in trust in the One who governs our bodily life in the

world Our interpretive work is to try to articulate the ways albeit hidden ways in which the agency and character of God make effective contact with our world This is real life faith **People & Politics in Urban America** Robert W.

Kweit,2013-10-31 This revised textbook for courses on urban politics challenges the notion that the field is dominated by political economy showing that despite the undeniable importance of economic issues citizens do play a significant part in urban politics **The SAGE Guide to Curriculum in Education** Ming Fang He,Brian D. explores the historical setting and message of Jeremiah as well as the text's relevance for the church today. Offering a fresh look at the critical theological issues in the Jeremiah tradition, Brueggemann argues that Jeremiah's voice compels us to rediscern our own situation, issuing an urgent invitation to faith, obedience, justice, and compassion. This combined edition of Brueggemann's original two-volume work, published until recently as part of the International Theological Commentary series, is an essential resource for students, pastors, and general readers alike. It is reprinted here with a new introduction by Brueggemann that surveys the current state of Jeremiah studies.

Caring and Community Jane S. Norbeck, Charlene Connolly, JoEllen Koerner, 2023-07-03. Although service learning and nursing would seem an obvious combination, nursing as a profession within academic research and health care organizations has only recently begun to embrace the true spirit of the practice. The chapters in this book, fourth in the Service Learning in the Disciplines Series, are rich with information, both theoretical and experiential, that describes ways in which nursing has begun to incorporate service learning as a methodology into many diverse settings and with communities of interest.

Race and Racism in the United States Charles A. Gallagher, Cameron D. Lippard, 2014-06-24. How is race defined and perceived in America today, and how do these definitions and perceptions compare to attitudes 100 years ago or 200 years ago? This four-volume set is the definitive source for every topic related to race in the United States. In the 21st century, it is easy for some students and readers to believe that racism is a thing of the past; in reality, old wounds have yet to heal, and new forms of racism are taking shape. Racism has played a role in American society since the founding of the nation, in spite of the words "all men are created equal" within the Declaration of Independence. This set is the largest and most complete of its kind, covering every facet of race relations in the United States while providing information in a user-friendly format that allows easy cross-referencing of related topics for efficient research and learning. The work serves as an accessible tool for high school researchers, provides important material for undergraduate students enrolled in a variety of humanities and social sciences courses, and is an outstanding ready reference for race scholars. The entries provide readers with comprehensive content, supplemented by historical backgrounds, relevant examples from primary documents, and first-hand accounts. Information is presented to interest and appeal to readers but also to support critical inquiry and understanding. A fourth volume of related primary documents supplies additional reading and resources for research.

inform teachers of best practice and for dissemination of information however such efforts fail to address the emotional and personal aspects of the teaching profession Here is a hands on activities book that provides school leaders an easy to use format for the delivery of professional development sessions for K 12 personnel It details three major topics social realities e g societal trauma diversity e g Disabilities and community conundrums e g economic uncertainties The uniqueness of this book is the activity design using children s literature to provide a neutral framework for discussion of often difficult issues The authors provide an opportunity for teachers to explore their underlying assumptions unacknowledged biases or often unspoken feelings about issues that are central to student success They seek to regain professional responsibility to solve problems and improve education in our ever changing world For administrators or teacher leaders who are on the cutting edge of facilitating professional development for problem solving issues in our schools Good Company Douglas

Harper,2015-11-17 Good Company A Tramp Life is a vivid portrait of a lifestyle long part of America s history yet rapidly disappearing The author traveled extensively by freight train to gain rich insights into the elusive world of the tramp Richly illustrated with 85 photographs by the author the book presents the homeless man as an individual who drank migrated and worked at day labor rather than the stereotype of a victim of alcoholism The tramps with whom Harper shared boxcars and hobo jungles were the labor force that harvested the crops in most of the apple orchards in the Pacific Northwest They were drawn to the harvest from across the United States and migrated primarily on freight trains as had hobos in the 1930s Although not without its problems the tramp way of life is a fierce and independent culture that has been an integral part of our American identity and an important part of our agricultural economy Since the first edition of this classic book was published by the University of Chicago Press the tramp has virtually disappeared from the American social landscape The agricultural labor force is now made up of Hispanic migrants This significantly revised and updated edition contrasts this disappearing lifestyle with the homelessness of the modern era which has been produced by different economic and sociological forces all of which have worked against the continuation of the tramp as a social species The new edition richly documents the transition in our society from tramps to urban homelessness and the many social political and policy changes attendant to this transformation It also includes an additional thirty five previously unpublished photographs from the original research **Community/Public Health Nursing - E-Book** Mary A. The American Dream and the Power of Wealth Heather Beth Johnson, 2014-05-01 In contemporary America the racial wealth gap is growing with families transmitting race and class inequalities from generation to generation Yet Americans continue to hold deep rooted beliefs in the principles of individualism equal opportunity and meritocracy Education the Great Equalizer is supposed to level the playing field ensuring that every child regardless of family of origin gets an equal chance at success Drawing on in depth interviews with 200 black and white families *The American Dream and the Power of Wealth* starkly reveals the enormous extent to which parents defend their beliefs in the values that lie at the heart of the American Dream Yet the way wealth is acquired and the way it is used categorically puts children from different families on vastly different educational trajectories leaving them with uneven sets of opportunities
