Racial Discrimination and Military Justice Ronald W. Perry, 1977 This study addresses the question of whether black and whites receive similar treatment in the criminal justice system of the United States Navy and Marine Corps The project arose in connection with the efforts of the Department of the Navy to obtain an objective assessment of the extent of racism in the sea services and its impact upon military life P vi **Monographic Series** Library of Congress, 1977 **Sociology**, 1979

Hearings Before the Special Subcommittee on Recruiting and Retention of Military Personnel of the Committee on Armed Services, House of Representatives, Ninety-second Congress, First and Second Sessions United States. Congress. House. Committee on Armed Services. Special Subcommittee on Recruiting and Retention of Military Personnel, 1972 Military Law Review, 1996 *Diversity And Affirmative Action In Public Service* Walter Broadnax, 2018-03-14 In 1968 a theory of social equity was developed and put forward as the third pillar for public administration with the same status as economy and efficiency as values or principles to which public administration should adhere Considerable progress has been made in social equity in the past 20 years Theoretically the works of Rawls and Rae and associates provide a language and a road map for understanding the complexity of the subject The courts were especially supportive of principles of social equity in the later years of Chief Justice Earl Warren and during the years of Chief Justice Warren Burger The present period marked by the leadership of William Rehnquist evidences a significant drawing back from the earlier commitment to equity The decisions of state courts based upon state constitutions and the common law hold considerable promise for advancing social equity principles Scholarly research demonstrates the belief of the American people in fairness justice and equality and their recognition of the complexity of the subject and their ambivalence toward competing claims for equality Research on public administration finds that bureaucratic decision rules and the processes of policy implementation tend to favor principles of social equity *Military Review*, 1977 *DA Pam*, 1975 The Army Lawyer, 1987 **Congressional Record** United States.
