Racialization Of America

Kathryn Gin Lum, Paul Harvey

Racialization Of America:

The Racialization of America Yehudi O. Webster, 1992 A comprehensive analysis of race class and ethnicity in America challenges the notions of classification put forward by government and academics and argues that to describe black white relations based on color violates basic logic

Race and Racialization Tania Das Gupta, 2007 This provocative volume will influence the way people think of race and racialization It provides a thorough examination of these complex and intriguing subjects with historical comparative and international contributions Edited as a theoretically strong cohesive whole this book unites a remarkable ensemble of academic thinkers and writers from a diversity of backgrounds Themes of ethnocentrism cultural genocide conquest and colonization disease and pandemics slavery and the social construction of racism run throughout

Asian American Racialization and the Politics of U.S. Education Wayne Au, 2024-08-01 Asian American Racialization and the Politics of U S Education explores issues surrounding Asian American education in the United States and how they relate to educational theory policy and practice The book challenges stereotypes and assumptions that pervade U S education restores absent histories of Asian American people in this context and provides concrete examples of educational actions and policies that enable anti racist educational work to go on It argues that understanding Asian American racialization in the U S is essential to fighting white supremacy in schools and communities Utilizing frameworks from Asian American Studies and Cultural Studies this book will be important reading for those interested in doing anti racist liberatory and abolitionist educational work In particular it will be relevant for those working or researching in the fields of Asian American Education Multicultural Education Social Justice Education and Critical Education

The Melancholy of Race Anne Anlin Cheng, 2001 Cheng proposes that racial identification is itself already a melancholic act a social category that is imaginatively supported through a dynamic of loss and compensation by which the racial other is at once rejected and retained Using psychoanalytic theories on mourning and melancholia as inroads into her subject Cheng offers a closely observed and carefully reasoned account of the minority experience as expressed in works of art by and about Asian Americans and African Americans She argues that the racial minority and dominant American culture both suffer from racial melancholia and that this insight is crucial to a productive reimagining of progressive politics

Race and Identity in Hispanic America Patricia Reid-Merritt, Michael S. Rodriguez, 2020-04-03 This book offers a historical and comparative overview of the evolution of racial classifications in the United States Latin America and the Caribbean The Hispanicization of America is precipitating a paradigm shift in racial thinking in which race is no longer defined by distinct characteristics but rather is becoming synonymous with ethnic cultural identity Traditionally assimilation has been conceived of as a unidirectional and racialized phenomenon Newly arrived immigrant groups or longstanding minority indigenous populations were Americanized in confining their racial and ethnic natures to the private sphere and adopting in the public sphere the cultural mores norms and values of the dominant cultural racial group In contrast the Hispanicization of America entails the

horizontal assimilation of various groups from Spanish speaking countries throughout the Western Hemisphere and Caribbean into a pan ethnic Hispanic Latino identity that also challenges the privileged position of whiteness as the primary and exclusive referent for American identity Instead of focusing on one Hispanic group ethnic identity or region this book chronicles the development of racial identity across the largest Hispanic groups throughout the United States *Race, Ethnicity, and Place in a Changing America, Third Edition* John W. Frazier, Eugene L. Tettey-Fio, Norah F. Henry, 2017-01-12 This book examines major Hispanic African and Asian diasporas in the continental United States and Puerto Rico from the nineteenth century to the present with particular attention on the diverse ways in which these immigrant groups have shaped and reshaped American places and landscapes Through both historical and contemporary case studies the contributors examine how race and ethnicity affect the places we live work and visit illustrating along the way the behaviors and concepts that comprise the modern ethnic and racial geography of immigrant and minority groups While primarily addressed to students and scholars in the fields of racial and ethnic geography these case studies will be accessible to anyone interested in race place connections race ethnicity boundaries the development of racialization and the complexity of human settlement patterns and landscapes that make up the United States and Puerto Rico Taken together they show how individuals and culture groups through their ideologies social organization and social institutions reflect both local and regional processes of place making and place remaking that occur within and beyond the continental United States *Race, Ethnicity, and Place in a Changing America* John W. Frazier, Eugene Tettey-Fio, 2006 *Race and Arab Americans Before and After 9/11* Amaney Jamal, Nadine Naber, 2008-02-27 Bringing the rich terrain of Arab American histories to bear on conceptualizations of race in the United States this groundbreaking volume fills a critical gap in the field of U S racial and ethnic studies The articles collected here highlight emergent discourses on the distinct ways that race matters to the study of Arab American histories and experiences and asks essential questions What is the relationship between U S imperialism in Arab homelands and anti Arab racism in the United States In what ways have the axes of nation religion class and gender intersected with Arab American racial formations What is the significance of whiteness studies to Arab American studies Transcending multiculturalist discourses that have simply added on the category Arab American to the landscape of U S racial and ethnic studies after the attacks of September 11 2001 this volume locates September 11 as a turning point rather than as a beginning in Arab Americans **Race, Class, and the State in Contemporary Sociology** Jack Niemonen, 2002 Situating Wilson s work on race and class in the overall contexts of sociology and radical politics this book considers the contribution of and the debate surrounding each of his major works including *The Declining Significance of Race* *The Truly Disadvantaged* and *When Work Disappears* The crucial place of segregation in the critiques of Wilson s theory is emphasized and the role of the state is considered Annotation copyrighted by Book News Inc Portland OR **Asian Americans and Politics** Gordon H. Chang, 2001 This volume is the first to take a broad ranging look at the engagement of Asian Americans with American

politics Its contributors come from a variety of disciplines history political science sociology and urban studies and from the practical political realm *American History, Race and the Struggle for Equality* Masaki Kawashima,2016-12-16 Powerfully synthesizing major currents in the field this book addresses the issue of inequality across American politics and society using race as a lens for the exploration of major themes in American history It considers the concept of race as a social construction against the background of the historical struggles for fairness in a society based on the framework of democracy whose principle is that majority s consent be necessary for the fulfillment of justice Foregrounding problems of race capital and political economy it particularly examines the connections between race and class the relationship of slavery and national politics and the distinctive intellectual framework that Americans have developed to discuss race Offering a detailed account of civil rights legislation an overview of immigration law and policy and comprehensive overviews of debates about affirmative action immigration and the causes and solutions to racialized urban poverty this book emphasizes what is distinctive about the United States and offers a unique comparative framework for thinking about America s racial past

Race, Rights, and the Asian American Experience Angelo N. Ancheta,2006 In *Race Rights and the Asian American Experience* Angelo N Ancheta demonstrates how United States civil rights laws have been framed by a black white model of race that typically ignores the experiences of other groups including Asian Americans When racial discourse is limited to antagonisms between black and white Asian Americans often find themselves in a racial limbo marginalized or unrecognized as full participants A skillful mixture of legal theories court cases historical events and personal insights this revised edition brings fresh insights to U S civil rights from an Asian American perspective The Oxford Handbook of African American Citizenship, 1865-Present Henry Louis Gates, Jr.,2012-05-24 Collection of essays tracing the historical evolution of African American experiences from the dawn of Reconstruction onward through the perspectives of sociology political science law economics education and psychology As a whole the book is a systematic study of the gap between promise and performance of African Americans since 1865 Over the course of thirty four chapters contributors present a portrait of the particular hurdles faced by African Americans and the distinctive contributions African Americans have made to the development of U S institutions and culture From publisher description **The Oxford Handbook of Religion and Race in American**

History Kathryn Gin Lum,Paul Harvey,2018-03-01 The *Oxford Handbook of Religion and Race in American History* brings together a number of established scholars as well as younger scholars on the rise to provide a scholarly overview for those interested in the role of religion and race in American history Thirty four scholars from the fields of History Religious Studies Sociology Anthropology and more investigate the complex interdependencies of religion and race from pre Columbian origins to the present The volume addresses the religious experience social realities theologies and sociologies of racialized groups in American religious history as well as the ways that religious myths institutions and practices contributed to their racialization Part One begins with a broad introductory survey outlining some of the major terms and explaining the

intersections of race and religions in various traditions and cultures across time Part Two provides chronologically arranged accounts of specific historical periods that follow a narrative of religion and race through four plus centuries Taken together The Oxford Handbook of Religion and Race in American History provides a reliable scholarly text and resource to summarize and guide work in this subject and to help make sense of contemporary issues and dilemmas

Rethinking Political Thinkers Manjeet Ramgotra, Simon Choat, 2023 The first textbook to challenge and expand the canon of political thinkers Rethinking Political Thinkers presents political thought in a new light invites debate and brings diverse perspectives to the fore giving students the tools to think about political concepts theories and arguments critically and analytically

New Roots in America's Sacred Ground Khyati Y. Joshi, 2006 In this compelling look at second generation Indian Americans Khyati Y Joshi draws on case studies and interviews with forty one second generation Indian Americans analyzing their experiences involving religion race and ethnicity from elementary school to adulthood As she maps the crossroads they encounter as they navigate between their homes and the wider American milieu Joshi shows how their identities have developed differently from their parents and their non Indian peers and how religion often exerted a dramatic effect The experiences of Joshi's research participants reveal how race and religion interact intersect and affect each other in a society where Christianity and whiteness are the norm Joshi shows how religion is racialized for Indian Americans and offers important insights in the wake of 9 11 and the backlash against Americans who look Middle Eastern and South Asian Through her candid insights into the internal conflicts contemporary Indian Americans face and the religious and racial discrimination they encounter Joshi provides a timely window into the ways that race religion and ethnicity interact in day to day life

Rethinking the Color Line Charles A. Gallagher, 2022-01-20 Rethinking the Color Line helps make sense of how race and ethnicity influence aspects of social life in ways that are often made invisible by culture politics and economics Charles A Gallagher has assembled a collection of readings that are theoretically informed and empirically grounded to explain the dynamics of race and ethnicity in the United States Students will be equipped to confidently navigate the issues of race and ethnicity examine its contradictions and gain a comprehensive understanding of how race and ethnic relations are embedded in the institutions that structure their lives User friendly without sacrificing intellectual or theoretical rigor the Seventh Edition has been thoroughly updated to reflect the current debates and the state of contemporary U S race relations

Fighting Invisibility Monica Mong Trieu, 2023-03-17 In Fighting Invisibility Monica Mong Trieu argues that we must consider the role of physical and symbolic space to fully understand the nuances of Asian American racialization By doing this we face questions such as historically who has represented Asian America Who gets to represent Asian America This book shifts the primary focus to Midwest Asian America to disrupt and expand beyond the existing privileged narratives in United States and Asian American history Drawing from in depth interviews census data and cultural productions from Asian Americans in Ohio Wisconsin Nebraska Minnesota Illinois Iowa Indiana and Michigan this interdisciplinary research examines how post 1950s Midwest

Asian Americans navigate identity and belonging racism educational settings resources within co ethnic communities and pan ethnic cultural community Their experiences and life narratives are heavily framed by three pervasive themes of spatially defined isolation invisibility and racialized visibility Fighting Invisibility makes an important contribution to racialization literature while also highlighting the necessity to further expand the scope of Asian American history telling and knowledge production American Higher Education Transformed, 1940-2005 Wilson Smith, Thomas Bender, 2008-04-11 This long awaited sequel to Richard Hofstadter and Wilson Smith's classic anthology *American Higher Education A Documentary History* presents one hundred and seventy two key edited documents that record the transformation of higher education over the past sixty years The volume includes such seminal documents as Vannevar Bush's 1945 report to President Franklin D Roosevelt *Science the Endless Frontier* the U S Supreme Court decisions in *Brown v Board of Education* and *Sweezy v New Hampshire* and Adrienne Rich's challenging essay *Taking Women Students Seriously* The wide variety of readings underscores responses of higher education to a memorable often tumultuous half century Colleges and universities faced a transformation of their educational goals institutional structures and curricula and admission policies the ethnic and economic composition of student bodies an expanding social and gender membership in the professoriate their growing allegiance to and dependence on federal and foundation financial aids and even the definitions and defenses of academic freedom Wilson Smith and Thomas Bender have assembled an essential reference for policymakers administrators and all those interested in the history and sociology of higher education *Asian America* Pawan Dhingra, Robyn Magalit Rodriguez, 2021-05-20 Asian Americans are the fastest growing minority population in the country Moreover they provide a unique lens on the wider experiences of immigrants and minorities in the United States both historically and today Pawan Dhingra and Robyn Magalit Rodriguez's acclaimed introduction to understanding this diverse group is here updated in a thoroughly revised new edition Incorporating cutting edge thinking and discussion of the latest current events the authors critically examine key topics in the Asian American experience including education and work family and culture media and politics and social hierarchies of race gender and sexuality Through vivid examples and clear discussion of a broad range of theories the authors explore the contributions of Asian American Studies sociology psychology history and other fields to understanding Asian Americans and vice versa The new edition includes further pedagogical elements to help readers apply the core theoretical and analytical frameworks encountered In addition the book takes readers beyond the boundaries of the United States to cultivate a comparative understanding of the Asian experience as it has become increasingly global and diasporic This engaging text will continue to be a welcome resource for those looking for a rich and systematic overview of Asian America as well as for undergraduate and graduate courses on immigration race American society and Asian American Studies
