## **Reading Neoplatonism Non Discursive Thinking In The Texts Of Plotinus Proclus And Damascius:**

Reading Neoplatonism Sara Rappe,2000-01-28 Neoplatonism is a term used to designate the form of Platonic philosophy that developed in the Roman Empire from the third to the fifth century A D and that based itself on the corpus of Plato s dialogues Sara Rappe s challenging and innovative study is the first book to analyze Neoplatonic texts themselves using contemporary philosophy of language It covers the whole tradition of Neoplatonic writing from Plotinus through Proclus to Damascius In providing the broadest available survey of Neoplatonic writing the book will appeal to classical philosophers classicists as well as students of religious studies

*Reading Neoplatonism* Sara Rappe,2007-08-14 Neoplatonism is a term used to designate the form of Platonic philosophy that developed in the Roman Empire from the third to the fifth century A D and that based itself on the corpus of Plato s dialogues Sara Rappe s challenging and innovative study is the first book to analyze Neoplatonic texts themselves using contemporary philosophy of language It covers the whole tradition of Neoplatonic writing from Plotinus through Proclus to Damascius In providing the broadest available survey of Neoplatonic writing the book will appeal to classical philosophers classicists as well as students of religious studies

**Neoplatonic Pedagogy and the Alcibiades I** James M. Ambury,2024-05-23 The first book length study exclusively devoted to the commentaries of Proclus and Olympiodorus on the Platonic Alcibiades I

**Agonistes** Monique Dixsaut,2017-09-08 Agonistes comprises a collection of essays presented by his friends and colleagues to Denis O Brien former Directeur de recherch at the Centre Nationale de Recherch Scientifique representing the full range of his scholarly interests in the field of ancient philosophy from the Presocratics through Plato Aristotle and Hellenistic philosophy to Plotinus and later Neoplatonism The honorand himself leads off with a stimulating Apologia sketching the development of his scholarly interests and dwelling on the issues that have chiefly concerned him The contributions then follow in chronological order under four headings I From the Presocratics to Plato Fr re Brancacci II From Plato to the Stoics Brisson Casertano Dixsaut K hn McCabe Narcy Rowe Goulet III Plotinus and the Neoplatonist Tradition O Meara Sakonji Gersh Steel Dillon Smith IV Saint Augustine and After P pin Rist Brague Freudenthal They comprise a significant representation of the most distinguished scholars both on the continent and in the British Isles and fairly represent the wide influence which Denis O Brien has had on his contemporaries The volume includes also a full bibliography of O Brien s works

**Dictionary of World Philosophy** A. Pablo Iannone,2013-04-15 The Dictionary of World Philosophy covers the diverse and challenging terminology concepts schools and traditions of the vast field of world philosophy Providing an extremely comprehensive resource and an essential point of reference in a complex and expanding field of study the Dictionary covers all major subfields of the discipline Key features Cross references are used to highlight interconnections and the cross cultural diffusion and adaptation of terms which has taken place over time The user is led from specific terms to master entries which provide valuable historical and cultural context Each master entry is followed by at least two suggestions for further reading on the subject creating a

substantial bibliography of world philosophy References extend beyond philosophy to related areas such as cognitive science computer science language and physics Subdisciplines covered include aesthetics ethics sociopolitical philosophy the philosophy of law epistemology logic the philosophy of science the philosophy of mind the philosophy of culture and history metaphysics the philosophy of religion Entries are drawn from West Africa Arabic Chinese Indian Japanese Jewish Korean Latin American Maori and Native American philosophy including the important and so far largely neglected instance of Pre Hispanic thought Nahua philosophy

*The Poetics of Phantasia* Anne Sheppard, 2014-03-13 With a thorough examination of ancient views of literary and artistic realism allegory and symbolism *The Poetics of Phantasia* brings together a study of the ways in which the concept of imagination phantasia in Greek was used in ancient aesthetics and literary theory The Greeks and Romans tended to think of the production of works of art in terms of imitation either of the world around us or of a transcendent ideal world rather than in terms of originality and creativity Study of the way phantasia is used in ancient writing about literature and art reveals important features of the ancient approach to the arts and in doing so will also shed light on modern concepts of imagination and the literary and artistic differences between realism and allegory Covering a range of literary and philosophical material from the beginnings of Greek literature down to the Neoplatonist philosophers of late antiquity *The Poetics of Phantasia* discusses three discrete senses of imagination in ancient thought Firstly phantasia as visualization is explored when a writer brings before his eyes what he is describing and enables his audience or reader to visualise it likewise The second theory of phantasia is that which is capable not only of conveying images from sense perception but also of receiving images from intellectual and supra intellectual faculties in the soul and thus helping people grasp mathematical metaphysical or even mystical concepts Finally phantasia is seen as a creative power which can conjure up an image that points beyond itself and to express ideas outside our everyday experience

**Boethius' Consolation of Philosophy as a Product of Late Antiquity** Antonio Donato, 2013-09-12 In the last fifty years the field of Late Antiquity has advanced significantly Today we have a picture of this period that is more precise and accurate than before However the study of one of the most significant texts of this age Boethius *Consolation of Philosophy* has not benefited enough from these advances in scholarship Antonio Donato aims to fill this gap by investigating how the study of the *Consolation* can profit from the knowledge of Boethius cultural political and social background that is available today The book focuses on three topics Boethius social political background his notion of philosophy and its sources and his understanding of the relation between Christianity and classical culture These topics deal with issues that are of crucial importance for the exegesis of the *Consolation* The study of Boethius social political background allows us to gain a better understanding of the identity of the character Boethius and to recognize his role in the *Consolation* Examination of the possible sources of Boethius notion of philosophy and of their influence on the *Consolation* offers valuable instruments to evaluate the role of the text s philosophical discussions and their relation to its literary features Finally the long standing problem of the lack of overt

Christian elements in the Consolation can be enlightened by considering how Boethius relies on a peculiar understanding of philosophy's goal and its relation to Christianity that was common among some of his predecessors and contemporaries

**Later Platonists and their Heirs among Christians, Jews, and Muslims** Eva Anagnostou, Ken Parry, 2022-12-28

Later Platonists and their Heirs among Christians Jews and Muslims offers a thought provoking exploration of the reception of Platonism among communities of faith from early Christianity to the sixteenth century from the Byzantine East to the Latin West Rare emphasis is placed on the importance of Platonic thought and its diffusion in late antique and medieval Syria Armenia and Georgia but also among Arab and Jewish intellectuals from the seventh century onwards As such the volume makes a statement against the separation of Neoplatonic philosophy from Christianity and the other Abrahamic faiths since all four traditions promoted a life of virtue and goodness despite operating under different divine auspices The volume seeks to establish paths of transmission and modes of adaptation across times and places

THE SOUL'S COMMUNION WITH GOD IN WESTERN AND BYZANTINE CHRISTIANITY, 2025-01-01 Reunind actele colocviului interna ional organizat de Centrul de Studii Medievale al Universit ii din Bucure ti n 2022 volumul The Soul s Communion with God in Western and Byzantine Christianity propune o serie de comunic ri care exploreaz aspecte teologice antropologice i filosofice ale c ut rii Divinit ii de c tre sufletul uman n contextul cre tinismului medieval din Occident i Bizan Studiind surse redactate ntr un interval de unsprezece secole de la scrierile P rin ilor Bisericii p n la cele ale intelectualilor cre tini din secolele al XII lea i al XIII lea aceste contribu ii pun ntr o lumin nou modul n care g ndirea filosofic i experien a spiritual au influen at concep ia medieval privind aspira ia sufletului uman la com uniunea cu Dumnezeu

*Fichte's Vocation of Man* Daniel Breazeale, Tom Rockmore, 2013-10-28 Written for a general audience during a period of intense controversy in the German philosophical community J G Fichte s short book The Vocation of Man 1800 is both an introduction to and a defense of his philosophical system and is one of the best known contributions to German Idealism This collection of new essays reflects a wide and instructive variety of philosophical and hermeneutic approaches which combine to cast new light upon Fichte s familiar text The contributors highlight some of the overlooked complexities and implications of The Vocation of Man and situate it firmly within the intellectual context within which it was originally written relating it to the positions of Kant Hegel Schelling Schlegel Jacobi and others In addition the essays relate the text to issues of contemporary concern such as the limits of language the character of rational agency the problem of evil the relation of theoretical knowledge to practical belief and the dialectic of judgment

**Active Perception in the History of Philosophy** José Filipe Silva, Mikko Yrjönsuuri, 2014-03-18 The aim of the present work is to show the roots of the conception of perception as an active process tracing the history of its development from Plato to modern philosophy The contributors inquire into what activity is taken to mean in different theories challenging traditional historical accounts of perception that stress the passivity of percipients in coming to know the external world Special attention is paid to the psychological and physiological mechanisms of perception rational and non

rational perception and the role of awareness in the perceptual process Perception has often been conceived as a process in which the passive aspects such as the reception of sensory stimuli were stressed and the active ones overlooked However during recent decades research in cognitive science and philosophy of mind has emphasized the activity of the subject in the process of sense perception often associating this activity to the notions of attention and intentionality Although it is recognized that there are ancient roots to the view that perception is fundamentally active the history remains largely unexplored The book is directed to all those interested in contemporary debates in the fields of philosophy of mind and cognitive psychology who would like to become acquainted with the historical background of active perception but for historical reliability the aim is to make no compromises [Late Antique Epistemology](#) P. Vassilopoulou, S. Clark, 2009-02-12

[Late Antique Epistemology](#) explores the techniques used by late antique philosophers to discuss truth Non rational ways to discover truth or to reform the soul have usually been thought inferior to the philosophically approved techniques of rational argument suitable for the less philosophically inclined for children savages or the uneducated Religious rituals oracles erotic passion madness may all have served to waken courage or remind us of realities obscured by everyday concerns What is unusual in the late antique classical philosophers is that these techniques were reckoned as reliable as reasoned argument or better still Late twentieth century commentators have offered psychological explanations of this turn but only recently had it been accepted that there might also have been philosophical explanations and that the later antique philosophers were not necessarily deluded [Eastern Christianity and Late Antique Philosophy](#), 2020-06-29 Readers of Eastern Christianity and Late Antique Philosophy will find a collection of authoritative papers from across the Neoplatonic and Eastern Christian traditions It is only recently that scholars have started to take notice of the Eastern Christian engagement with late antique philosophical texts This volume builds upon this new interest in order to show the dynamic nature of Neoplatonism and Eastern Christianity at a time when both faced a variety of challenges The legacy of Greek philosophy in the Christian East fills the gap between the schools of Alexandria and Baghdad and brings into focus the intellectual history of the period The aim of the volume is to stimulate interest in late antique philosophy and its reception in the Christian East [The Texture of the Divine](#) Aaron W. Hughes, 2003-12-09

[The Texture of the Divine](#) explores the central role of the imagination in the shared symbolic worlds of medieval Islam and Judaism Aaron W Hughes looks closely at three interrelated texts known as the Hayy ibn Yaqzan cycle dating roughly from 1000 1200 CE to reveal the interconnections not only between Muslims and Jews but also between philosophy mysticism and literature Each of the texts is an initiatory tale recounting a journey through the ascending layers of the universe These narratives culminate in the imaginative apprehension of God in which the traveler gazes into the divine presence The tales are beautiful and poetic literary works as well as probing philosophical treatises on how the individual can know the unknowable In this groundbreaking work Hughes reveals the literary initiatory ritualistic and mystical dimensions of medieval Neoplatonism The Texture of the Divine also includes the first complete English

translation of Abraham Ibn Ezra's Hay ben Meqitz      Plato's Dialectic at Play Kevin Corrigan, Elena Glazov-Corrigan, 2010-12-31 The Symposium is one of Plato's most accessible dialogues an engrossing historical document as well as an entertaining literary masterpiece By uncovering the structural design of the dialogue Plato's Dialectic at Play aims at revealing a Plato for whom the dialogical form was not merely ornamentation or philosophical methodology but the essence of philosophical exploration His dialectic is not only argument it is also play Careful analysis of each layer of the text leads cumulatively to a picture of the dialogue's underlying structure related to both argument and myth and shows that a dynamic link exists between Diotima's higher mysteries and the organization of the dialogue as a whole On this basis the authors argue that the Symposium with its positive theory of art contained in the ascent to the Beautiful may be viewed as a companion piece to the Republic with its negative critique of the role of art in the context of the Good Following Nietzsche's suggestion and applying criteria developed by Mikhail Bakhtin they further argue for seeing the Symposium as the first novel The book concludes with a comprehensive reevaluation of the significance of the Symposium and its place in Plato's thought generally touching on major issues in Platonic scholarship the nature of art the body-soul connection the problem of identity the relationship between mythos and logos Platonic love and the question of authorial writing and the vanishing signature of the absent Plato himself      **Seeing with Different Eyes** Patrick Curry, Angela Voss

, 2009-05-05 Seeing with Different Eyes Essays in Astrology and Divination represents the cutting edge of contemporary thought and research on divination The thirteen authors come from a variety of academic disciplines ranging from anthropology and classics to English literature and religious studies and all address the question of divination astrology and oracles in a spirit of critical but sympathetic inquiry The emphasis is on a participatory and reflexive approach which is firmly post-positivist seeking to understand the divinatory act on its own terms within widely varying contexts ancient Greek and Chaldean philosophy and theurgy Theravada Buddhism Biblical studies Elizabethan Hermeticism Jacobean drama Heideggerian philosophy Medieval scholasticism 19th century occultism contemporary Guatemalan divination and Western medical practice The authors are all teachers or researchers in the area of divination and symbolism which is a new disciplinary focus developing at the University of Kent Canterbury under the aegis of the MA programme in the Cultural Study of Cosmology and Divination The essays in this volume originally contributed to an international conference of the same name held there in April 2006      **The Subtle Body** Simon Cox, 2022-05-18 How does the soul relate to the body Through the ages innumerable religious and intellectual movements have proposed answers to this question Many have gravitated to the notion of the subtle body positing some sort of subtle entity that is neither soul nor body but some mixture of the two Simon Cox traces the history of this idea from the late Roman Empire to the present day touching on how philosophers wizards scholars occultists psychologists and mystics have engaged with the idea over the past two thousand years This study is an intellectual history of the subtle body concept from its origins in late antiquity through the Renaissance

into the Euro American counterculture of the 1960 s and 70 s It begins with a prehistory of the idea rooted as it is in third century Neoplatonism It then proceeds to the signifier subtle body in its earliest English uses amongst the Cambridge Platonists After that it looks forward to those Orientalist fathers of Indology who in their earliest translations of Sanskrit philosophy relied heavily on the Cambridge Platonist lexicon and thereby brought Indian philosophy into what had hitherto been a distinctly platonic discourse At this point the story takes a little reflexive stroll into the source of the author s own interest in this strange concept looking at Helena Blavatsky and the Theosophical import expression and popularization of the concept Cox then zeroes in on Aleister Crowley focusing on the subtle body in fin de si cle occultism Finally he turns to Carl Jung his colleague Frederic Spiegelberg and the popularization of the idea of the subtle body in the Euro American counterculture This book is for anyone interested in yogic somatic or energetic practices and will be very useful to scholars and area specialists who rely on this term in dealing with Hindu Daoist and Buddhist texts

*Religious Competition in the Greco-Roman World* Nathaniel P. DesRosiers, Lily C. Vuong, 2016-08-19 Essays that broaden the historical scope and sharpen the parameters of competitive discourses Scholars in the fields of late antique Christianity neoplatonism New Testament art history and rabbinics examine issues related to authority identity and change in religious and philosophical traditions of late antiquity The specific focus of the volume is the examination of cultural producers and their particular viewpoints and agendas in an attempt to shed new light on the religious thinkers texts and material remains of late antiquity The essays explore the major creative movements of the era examining the strategies used to develop and designate orthodoxies and orthopraxies This collection of essays reinterprets dialogues between individuals and groups illuminating the mutual competition and influence among these ancient thinkers and communities Features Essays feature competitive discourse as the central organizing theme Articles present unique theoretical models that are adaptable to different contexts and highly applicable to religious discourses before and after the Late Antique Period Scholars cover a much wider range of traditions including Judaism Christianity paganism and philosophy in order to provide the most complete portrait of the religious landscape

**The Spiritual Senses** Paul L. Gavrilyuk, Sarah Coakley, 2011-11-10 Is it possible to see hear touch smell and taste God How do we understand the biblical promise that the pure in heart will see God Christian thinkers as diverse as Origen of Alexandria Bonaventure Jonathan Edwards and Hans Urs von Balthasar have all approached these questions in distinctive ways by appealing to the concept of the spiritual senses In focusing on the Christian tradition of the spiritual senses this book discusses how these senses relate to the physical senses and the body and analyzes their relationship to mind heart emotions will desire and judgement The contributors illuminate the different ways in which classic Christian authors have treated this topic and indicate the epistemological and spiritual import of these understandings The concept of the spiritual senses is thereby importantly recovered for contemporary theological anthropology and philosophy of religion

Akribia: Certainty and Ontology of Mathematics in Alessandro Piccolomini's *De certitudine mathematicarum* Álvaro José

Campillo Bo,2025-03-28 This book provides a comprehensive study of the origins of seminal early modern debates on the certainty and ontology of mathematics It analyzes Alessandro Piccolomini s *De certitudine mathematicarum* 1547 a work that ignited widespread controversy by challenging the scientific status of mathematics The study delves into Piccolomini s logical doctrines his philosophy of mathematics and his perspectives on the relationship between mechanics and natural philosophy Special attention is given to Piccolomini s ancient and medieval sources the 16th century rediscovery of Proclus *In Euclidem* and the influence of Priscian s *In De Anima*
