John Bunyan

Reading Piers Plowman And The Pilgrims Progress Reception And The Protestant Reader:

Reading Piers Plowman and The Pilgrim's Progress Barbara A. Johnson, 1992 Centering her discussion on two historical ways of reading which she calls the Protestant and the lettered Barbara A. Johnson traces the development of a Protestant readership as it is reflected in the reception of Langland's *Piers Plowman* and Bunyan's *Pilgrim's Progress*. Informed by reader response and reception theory and literacy and cultural studies Johnson's ambitious examination of these two ostensibly literary texts charts the cultural roles they played in the centuries following their composition roles far more important than their modern critical reputations can explain. The reception of these two works revealing as it does changing ideas concerning the nature and status of books as well as the stature of authors documents the means by which a culture shapes and is shaped by texts. Johnson argues that much more evidence exists about how earlier readers read than has hitherto been acknowledged. The reception of *Piers Plowman* for example can be inferred from references to the work the apparatus its Renaissance printer inserted in his editions the marginal comments readers inscribed both in printed editions and in manuscripts and the apocryphal plowman texts that constitute interpretations of Langland's poem. Conditioned more by religious historical and economic forces than literary concerns Langland's poem became a part of the reformist tradition that culminated in Bunyan's *Pilgrim's Progress*. By understanding this tradition Bunyan's place in it and the way the reception of *The Pilgrim's Progress* illustrates the beginning of a new more realistic fictional tradition Johnson concludes we can begin to delineate a more accurate history of the ways literature and society intersect a history of readers reading. **John**

Bunyan Tamsin Spargo, 2015 John Bunyan 1628-88 lived and wrote through some of the most turbulent years of political social and religious change in British history from civil war through Commonwealth and Protectorate to the Restoration. Imprisoned for unlicensed preaching as a Nonconformist Bunyan turned to writing to sustain his pastoral mission and composed some of the best known and most critically acclaimed seventeenth century texts from his intensely moving spiritual autobiography *Grace bounding to the Chief of Sinners* to the world famous allegory *The Pilgrim's Progress*. Bunyan's style fused vivid depiction of the everyday world of ordinary men and women with powerful narratives to dramatise his religious convictions. This accessible study of his life times and writing introduces all his key works within the contexts of their original moment and later international impact and argues that Bunyan is a writer whose work continues to reward readers of all ages beliefs and nationalities. *Arts & Humanities Citation Index*, 1995 A multidisciplinary index covering the journal literature of the arts and humanities. It fully covers 1,144 of the world's leading arts and humanities journals and it indexes individually selected relevant items from over 6,800 major science and social science journals.
