Companion to the Bible and Film Richard Walsh,2018-06-28 The first decades of the twenty first century saw a resurgence of the biblical epic film such as Noah and Exodus Gods and Kings which was in turn accompanied by a growth of biblical film criticism This companion surveys that field of study by framing it in light of significant and recent biblical films as well as the voices of key biblical film critics Non Hollywood and seemingly non biblical films also come under investigation The contributors concentrate on three points context focusing on the Bible in specific film genres and cultural situations theory applying theory from both religion and film studies with an eye to their possible intersections and recent and significant texts reflecting on which texts and themes have been most important in biblical film and which are currently at the fore Exploring cinema across the globe and accompanied by extended introductory essays for each of the three sections this companion is an important resource for scholars in both film and biblical reception **Reading the Bible** Richard G. Walsh,1997 REL Even though the Bible may be the world s most popular book it is not necessarily the easiest to read and understand For that reason guides to the Bible abound Walsh Methodist Coll provides such an introduction intended as a college textbook His approach is literary critical rather than for example historical critical or redaction critical After a general introduction to the Bible and to literary criticism he shows one how to read the different books of the Bible with attention to plot character style implied reader and the like He concludes with a chapter on the truth of the Bible and with helpful appendixes and a glossary Walsh s arrangement and style make it easy for any reader not just the college student to approach the Bible with greater understanding Recommended for most religion collections John Moryl Yeshiva Univ Libs

New York *Subject Guide to Books in Print* ,1997 **The British National Bibliography** Arthur James Wells,2001 **A Kairos Moment for Caribbean Theology** Garnett Roper,J. Richard Middleton,2013-08-12 The project of developing a contextual theology for the Caribbean was first articulated in the early 1970s in Trinidad and Jamaica In the years since many evangelical churches and theologians in the Caribbean have been ambivalent about the validity of this project assuming that an emphasis on context was somehow antithetical to the pure gospel But the crisis of the times along with a more mature hermeneutic has led to a re evaluation of this assumption Here a group of evangelical Caribbean theologians enter the discussion with substantive proposals for how the gospel addresses the Caribbean context They are joined by other theologians from mainline Protestant and Catholic traditions in the Caribbean The result is an ecumenical dialogue on the diverse ways in which orthodox Christian faith may provide both challenge and hope for the Caribbean context Half the essays in this volume were originally presented at the Forum on Caribbean Theology held in 2010 at the Jamaica Theological
