Readings For Social Work Practice Vol I:

Basic List of Books and Journals for Veterans Administration Medical Libraries United States. Veterans Administration. Medical and General Reference Library, 1962 *A Book About Books, Volume III of III* E. H. Bernstein, 2024-11-13 This book is Volume III of a three volume book plus accompanying website www.bookaboutbooks.com which adds to subjects already in the book or presents some books and subjects not contained in the books The other volumes are available from the same booksellers as this volume A Book about Books discusses what nonfiction books and subjects the author believes are important to know about This book tries to point to problems in how we live and to see if books have any answers Even though the books are complete the author will update the website periodically in the future E H Bernstein is a former librarian turned author The subtitle of the book describes the author's objective A handbook in three volumes to a choice of essential books writers and subjects in order to understand the world we live in about big questions and possible answers about books and writers that may improve people's lives about neglected writers and other books and subjects A Book about Books attempts to share what the author has learned from nearly 50 years of nonfiction reading and to provide the reader with samples of the most important authors and subjects from that reading While the book is based on research it is intended to be a handbook or guide by trying to make that research understandable to the general reader and to students and for teachers by pointing to what the author believes is missing from today's education A curriculum proposal for college teachers is on the author's website Note about how the volumes are related each chapter is on a separate subject So the chapters can be read individually but the full message requires reading all the volumes Volume I is important but preliminary to the more important Volumes II and III Note also that the book is not just about books since other sources are also mentioned The author believes we should listen to many voices so the book draws on many types of writers from different times and countries The author says A contemporary writer once said that one of the purposes of writing is that books should be useful I hope that my book will be of use *Visual Communication for Social Work Practice* Sonia M. Tascón, 2018-09-03 How are we to understand how the dominance of visual images and representations in late modernity affects Social Work practice research and education Social workers are increasingly using still and moving images to illustrate their work to create new knowledge and to further specific groups interests As a profession in which communication is central visual practices are becoming ever more significant as they seek to carry out their work with and for the marginalised and disenfranchised It is time for the profession to gain more critical analytical and practical knowledge of visual culture and communication in order to use and create images in accordance with its central principle of social justice That requires an understanding of them beyond representation As important as this is it is also where the profession's scholarly work in this area has remained and halted and thus understanding of the work of images in our practices is limited In order to more fully understand images and their effects both ideologically and experientially social workers need to bring to bear other areas of study such as reception

studies visual phenomenology and the gaze These other analytical frames enable a consideration not only of images per se but also of their effect on the viewer the human spectators and the subjects at the heart of Social Work By bringing understandings and experiences in Film Media and Communications Visual Communication for Social Work Practice provides the reader with a wide range of critically analytical frames for practitioners activists educators and researchers as they use and create images This invites a deeper knowledge and familiarity with the power dimensions of the image thus aligning with the social justice dimension of Social Work Examples are provided from cinema popular media but more importantly from Social Work practitioners themselves to demonstrate what has already been made possible as they create and use images to further the interpersonal communal and justice dimensions of their work This book will be of interest to scholars students and social workers particularly those with an interest in critical and creative methodologies

Social Work and Social Theory Paul Michael Garrett, 2018-07-04 Drawing on a range of theorists and competing perspectives this substantially updated and expanded second edition places social theory at the heart of social work pedagogy This book imaginatively explores ways in which practitioners and social work educators might develop more critical and radical ways of theorising and working It is an invaluable resource for students and contains features such as Reflection and Talk Boxes to encourage classroom and workplace discussions This new edition includes An extensive additional chapter on Foucault Reworked and expanded versions of the chapters featured in the highly praised first edition Revised Reflection and Talk Boxes New and updated references to stimulate further reading and research

Asian Social Work Ian Shaw, Rosaleen Ow, 2019-08-28 The countries of East and Southeast Asia taken as a whole display a laboratory of social and political conditions with individual countries presenting a variety of political cultural and social characteristics Some with one party state systems others with stable liberal democracies and yet others with more fragile democratic systems As such the region presents a unique opportunity to examine the relationship between diverse national environments and social work education regimes In this book social work educators and theorists from around East and Southeast Asia provide accounts of the social work programs within the higher education systems of their respective countries and compare them to those of their neighbours This is the first book to offer a structured account of how social work and social work education have emerged and finds their present place in the historical economic political urban rural and higher education contexts of Southeast Asia and East Asia Experts from the region assess the extent to which these countries systems possess a collective coherence while examining the diversity among them
