Cold War in the White Cube Delia Solomons, 2023-04-28 In 1959 the very year the Cuban Revolution amplified Cold War tensions in the Americas museumgoers in the United States witnessed a sudden surge in major exhibitions of Latin American art Surveying the 1960s boom of such exhibits this book documents how art produced in regions considered susceptible to communist influence was staged on U S soil for U S audiences Held in high profile venues such as the Guggenheim Museum the Walker Art Center MoMA and the Art Institute of Chicago the exhibitions of the 1960s Latin American art boom did not define a single stylistic trend or the art of a single nation but rather attempted to frame Latin America as a unified whole for U S audiences Delia Solomons calls attention to disruptive artworks that rebelled against the curatorial frames purporting to hold them and reveals these exhibitions to be complex contact zones in which competing voices collided Ultimately through multiple means including choosing to exclude artworks with readily decipherable political messages and evading references to contemporary inter American frictions the U S curators who organized these shows crafted projections of Pan American partnership and harmony with the United States as leader interpreter and good neighbor during an era of brutal U S interference across the Americas Theoretically sophisticated and highly original this survey of Cold War era Latin American

art exhibits sheds light on the midcentury history of major U S art museums and makes an important contribution to the fields of museum studies art history and Latin American modernist art

Surveying the Avant-Garde Lori Cole,2018-06-04

Surveying the Avant Garde examines the art and literature of the Americas in the early twentieth century through the lens of the questionnaire a genre as central as the manifesto to the history of the avant garde Questions such as How do you imagine Latin America and What should American art be issued by avant garde magazines like *Im n* a Latin American periodical based in Paris and Cuba's *Revista de Avance* demonstrate how editors writers and readers all grappled with the concept of America particularly in relationship to Europe and how the questionnaire became a structuring device for reflecting on their national and aesthetic identities in print Through an analysis of these questionnaires and their responses Lori Cole reveals how ideas like American art as well as modernism and avant garde were debated at the very moment of their development and consolidation Unlike a manifesto whose signatories align with a single polemical text the questionnaire produces a patchwork of responses providing a composite and sometimes fractured portrait of a community Such responses yield a self reflexive history of the era as told by its protagonists which include figures such as Gertrude Stein Alfred Stieglitz Jean Toomer F T Marinetti Diego Rivera and Jorge Luis Borges The book traces a genealogy of the genre from the Renaissance paragone or comparison of the arts through the rise of enquetes in the late nineteenth century up to the contemporary questionnaire which proliferates in art magazines today By analyzing a selection of surveys issued across the Atlantic Cole indicates how they helped shape artists and writers understanding of themselves and their place in the world Based on

extensive archival research this book reorients our understanding of modernism as both hemispheric and transatlantic by narrating how the artists and writers of the period engaged in aesthetic debates that informed and propelled print communities in Europe the United States and Latin America Scholars of modernism and the avant garde will welcome Cole's original and compellingly crafted work American Book Publishing Record ,2004 *Bookforum* ,2003 **Manifestos and Polemics in Latin American Modern Art** Patrick Frank,2017-02-15 Bringing together sixty five primary documents vital to understanding the history of art in Latin America since 1900 Patrick Frank shows how modern art developed in Latin America in this important new work complementing his previous book *Twentieth Century Art of Latin America Revised and Expanded Edition* Besides autobiographies manifestos interviews and artists statements the editor has assembled material from videos blogs handwritten notes flyers lectures and even an after dinner speech As the title suggests many of the texts have a polemical or argumentative cast In these documents many of which appear in English for the first time the artists themselves describe what they hope to accomplish and what they see as obstacles Designed to show how modern art developed in Latin America the documents begin with early modern expressions in the early twentieth century then proceed through the avant garde of the 1920s the architectural boom of midcentury and the Cold War years and finally conclude with the postmodern artists in the new century Bibliographic Index ,2007 **The British National Bibliography** Arthur James Wells,2006 **Forthcoming Books** Rose Arny,2004 **Prebles' Artforms Plus New Myartslab with Etext** Patrick L.
