Readings in Vedic Literature Satsvarupa Dasa Goswami, Readings in Vedic Literature provides a firsthand experience of India's timeless wisdom. Along with concise essays, the book includes the entire Bhagavad Gita and illuminating excerpts from the Puranas and Upanishads. In this way, the reader can discover the tradition for himself. Readers be of good cheer. To those of you who have surveyed in confusion the trackless path of Indian philosophy, this volume offers hope and respite. You are holding in your hands a reasonable and highly readable account of the particulars of Vedic thought. Read and find enlightenment. Professor Jerry Clack, Department of Classics, Duquesne University. I am impressed by Satsvarupa Dasa Goswami's presentation. His initial chapter is one of the best statements available on the importance of the guru in transmitting spiritual knowledge. Dr. Thomas J. The Odyssey is a general theory as to how mankind moved from the scarcity of primitive life to the present world of technological abundance. It offers a specific view of psychological life that recurs in the institutional structures of religion, capitalism, and romanticism. A similar theme emerges in the various configurations of the Western world, starting with Odysseus on his way home to today's world of global outreach, a story like no other. Covering all aspects of Hinduism, this encyclopedia includes more ethnographic and contemporary material in contrast to the exclusively textual and historical approach of earlier works.

Psyche of Asian Society Aradhana Shukla, Anubhuti Dubey, Narendra Singh Thagunna, 2019-01-01. Every culture has its own values, and of course they are different in every walk of life with more or less magnitude. We can see a lot of variation in two cultures in regard to their way of thought, way of behaviour, parameters, and so many other things. Asia is a big continent and it covers forty-eight countries in its roof. These countries are somehow similar in traditions and behaviour, performance, and vice versa in some other respects of life. But it is quite sure that there is a common thread that links them in one single garland. The aim of this volume is to collect the gems from entire Asia and bring them on one platform. There are twenty-four

articles in this volume They reveal various aspects of the particular country where the work is done Chapters are in theoretical and or in empirical mode and we hope that they will provide good insight to the readers to move on their interest and research
