**Making Rights Real** Charles R. Epp, 2010-02-15 It's a common complaint the United States is overrun by rules and procedures that shackle professional judgment have no valid purpose and serve only to appease courts and lawyers Charles R Epp argues however that few Americans would want to return to an era without these legalistic policies which in the 1970s helped bring recalcitrant bureaucracies into line with a growing national commitment to civil rights and individual dignity Focusing on three disparate policy areas workplace sexual harassment playground safety and police brutality in both the United States and the United Kingdom Epp explains how activists and professionals used legal liability lawsuit generated publicity and innovative managerial ideas to pursue the implementation of new rights Together these strategies resulted in frameworks designed to make institutions accountable through intricate rules employee training and managerial oversight Explaining how these practices became ubiquitous across bureaucratic organizations Epp casts today's legalistic state in an entirely new light

*Dhuuluu-Yala* Anita Heiss, 2003 This overview about publishing Indigenous literature in Australia from the mid 1990s to 2000 includes broader issues that writers need to consider such as engaging with readers and reviewers Although changes have been made since 2000 the issues identified in this book remain current and to a large extent unresolved

*Early Modern Theatre and the Figure of Disability* Genevieve Love, 2018-10-18 What work did physically disabled characters do for the early modern theatre Through a consideration of a range of plays including Doctor Faustus and Richard III Genevieve Love argues that the figure of the physically disabled prosthetic body in early modern English theatre mediates a set of related likeness problems that structure the theatrical textual and critical lives of the plays of Shakespeare and his contemporaries The figure of disability stands for the relationship between actor and character prosthetic disabled characters with names such as Cripple and Stump capture the simultaneous presence of

the fictional and the material embodied world of the theatre. When the figure of the disabled body exits the stage, it also mediates a second problem of likeness between plays in their performed and textual forms. While supposedly imperfect textual versions of plays have been characterized as lame, the dynamic movement of prosthetic disabled characters in the theatre expands the figural role which disability performs in the relationship between plays on the stage and on the page. Early Modern Theatre and the Figure of Disability reveals how attention to physical disability enriches our understanding of early modern ideas about how theatre works while illuminating in turn how theatre offers a reframing of disability as metaphor.

**Practicing with Paul** Presian R. Burroughs, 2018-04-03. Collecting essays from prominent scholars who span the globe and academic disciplines. Practicing with Paul speaks into the life of the church in ways that inspire and edify followers and ministers of Jesus Christ. Each contribution delves into the details and historical contexts of Paul's letters, including the interpretation of those texts throughout church history. Meanwhile, each author interprets those details in relation to Christian practice and suggests implications for contemporary Christian ministry that flow out of this rich interpretive process. By modeling forms of interpretation that are practically oriented, this book provides inspiration for current and future Christian ministers as they too attempt to incarnate the ways of Christ along with Paul.

*The Dracula Journals: Ravaged Souls* Thom Reese, Dracula kept a journal A firsthand account of his life death and resurrection as a creature of the night But this journal is more than just words It carries the very essence of the vampire himself And through the mysterious power of the journal Dracula still lives 1977 A small Midwestern town There are disappearances strange deaths bloodless corpses One man Conner Mulligan the survivor of a vampire encounter a decade earlier recognizes the signs and enlists the aid of Jonathan Van Helsing a man whose family has been at war with vampires and with Dracula in particular since the late eighteen hundreds It s been fifteen years since Van Helsing last encountered Dracula but he recognizes this series of strange and brutal murders as the work of the legendary vampire And so he and his adult children join Mulligan in this small isolated town with the goal of slaying Dracula once and for all But there is more to these increasingly savage deaths than they d anticipated a sinister plan conceived by the vampire demon And as the body count grows the hunters realize that they are now the hunted and that they must fight for their very survival or join Dracula in his eternal midnight

Theatrical Theology Wesley Vander Lugt, Trevor Hart, 2014-07-31 Theology is inherently theatrical rooted in God s performance on the world stage and oriented toward faith seeking performative understanding in the theatre of everyday life Following Hans Urs von Balthasar s magisterial five volume *Theo Drama* a growing number of theologians and pastors have been engaging more widely with theatre and drama producing what has been recognized as a theatrical turn in theology This volume includes thirteen essays from theologians and pastors who have contributed in distinct ways to this theatrical turn and who desire to deepen interdisciplinary dialogue between theology and theatre The result is an unprecedented collection of essays that embodies and advances theatrical theology for the purpose of enriching theological reflection and edifying the church

*Caught Between Cultures*, 2021-07-26 The essays in this collection on Canada the USA Australia and the UK question and discuss the issues of cross cultural identities and the crossing of boundaries both geographical and conceptual All of the authors have experienced cross culturalism directly and are conscious that positions of double vision which allow the to participate positively in two or more cultures are privileges that only a few can celebrate Most women find themselves caught between cultures They become involved in a day to day struggle in an attempt to negotiate identities which can affirm the self and at the same time strengthen the ties which unites the self with others Theoretical issues on cross culturalism therefore can either liberate or constrict the The essays here illustrate how women s writing negotiates this dualism through a colourful and complex weaving of words thoughts and experiences both pleasurable and painful into texts quilts rainbows The metaphors abound

The connecting thread through their writing and indeed in these essays is the concept of belonging a theoretical emotional composite of being and longing Home too assumes a variety of meanings it is no longer a static geographical place but many places It is also a place elsewhere in the imagination a mythic place of desire linked to origin Policies of multiculturalism can throw up more problems than they solve In Canada the difficulties surrounding the cross cultural debate have given rise to a state of messy imbroglia Notions of authenticity move dangerously close to essentialist identities Double vision is characteristic of peoples who have been uprooted and displaced such as Australian Aboriginal writers of mixed race abducted during childhood Passing for black or white is full of complications as in the case of Pauline Johnson who passed as an authentic Indian People with hyphenated citizenship such as Japanese Canadian can be either free of national ties or trapped in subordination to the dominant culture in these visible minorities it is the status of being female or coloured female that is so often ultimately rendered invisible Examination of Canadian anthologies on cross cultural writing by women reveals a crossing of boundaries of gender and genre race and ethnicity and in some cases national boundaries in an attempt to connect with a diasporic consciousness Cross cultural women writers in the USA may stress experience and unique collective history while others prefer to focus on aesthetic links and literary connections which ultimately silence difference Journeying from the personal space of the I into the collective space of the we is exemplified in a reading of texts by June Jordan and Minnie Bruce Pratt For these writers identity is in process It is a painful negotiation but one which can transform knowledge into action
