

The West Of Ireland And The Atlantic Coast

Sea, Sky and Mountain

The Cliffs of Moher, Wm. Clark

The winds that blow so frequently over Ireland have played a major part in shaping both her landscape and history. They are a constant factor in the climate and there are few days in the year when the air is still. Savage western gales from the Atlantic, icy gusts crossing Europe from Siberia and warm African breezes originating in the Sahara, all end up on the Irish shores. These never-ending patterns of winds cause the changes in light which make the landscape hazy and moored on one day and bright and clear on another.

Donough, Wm. Clark

Ireland, particularly in its western regions, is a land of horizons made glorious by towering, cloudy skies. The artist Paul Henry captured this aspect brilliantly in his landscape paintings, placing huddled cottages against dark hills and mountains dwarfed by huge skies. More than anything else, perhaps, the relationship between the western coasts and the world beyond is defined by the vast emptiness that stretches to the western horizon from cliffs where the land deeply meets the wild Atlantic sea.

The unique western Irish landscape must be amongst the most beautiful in the world. Since man first arrived on these coasts, great forests of oak and elm have disappeared from the slopes of the mountains, while blanket bogs have formed a shroud over arable lands that once held the settlements of Neolithic pastoralists. Yet the bones of the land remain the same; now, as then, its impressive peaks still rise from the western edge of Ireland to break the flatness of her central plains.

The Gallarus Window, Dingle, Co. Kerry

Like human beings everywhere, the Irish have given a central role to mountains in their mythology as the homes of the Gods. Yet the meanness of the comparatively low Irish peaks suggests an unconscious intimacy between the deities of the high places and

Real Ireland People And Landscape:

Real Ireland Liam Blake, Brendan Kennelly, 1984 The Real Ireland Harvey O'Brien, 2004 The Real Ireland is the first study of Irish documentary film but more than that it is a study of Ireland itself of how the idea of Ireland evolved throughout the twentieth century and how documentary cinema both recorded and participated in the process of change More than just a film studies work it is a discussion of history politics and culture which also explores the philosophical roots of the documentary idea and how this idea informs concepts of society self and nation It features rare and previously unseen illustrations and a detailed documentary filmography the first of its kind in print anywhere *Real Ireland* Brendan Kennelly, 1984-03-01 **Medbh McGuckian** Borbála Faragó, 2014-03-27 This book offers a wide ranging analysis of the entire corpus of Medbh McGuckian's published work Its objective is to provide both a readable synthesis of existing criticism in a fashion which will be generally useful to academics and students and also to offer an original contribution to the field of contemporary Irish literary studies on the basis of new research The book investigates a variety of previously neglected themes in particular McGuckian's exploration of ideas of creativity and performativity in her poetry Over the past two decades McGuckian has been recognized by both her fellow poets and by literary critics as one of the most original daring and important poetic voices in contemporary Ireland Since 1982 she has published fifteen volumes of poetry extraordinary not merely for its sustained quality and linguistic and technical virtuosity but also for its constant evolution and reinvention This book provides an original perspective on her work both thematically and methodologically From a thematic perspective the process of artistic creation is a key preoccupation of McGuckian's poetry which recurs in every volume of her oeuvre but has previously escaped critical attention By adapting and refining theories of singularity and creativity the book allows for a coherent analysis of this central aspect of McGuckian's work Methodologically it differs from previous studies in the scope of its approach Uniquely it pursues its investigation across the entire breadth of the poet's published output and emphasizes the thematic unity of individual volumes in the light of the poet's constant change and development Throughout the book the reading of McGuckian's work concentrates on poems in their entirety an approach which has not figured to any notable degree in the existing secondary literature on the poet not least because of the perceived difficulty of her writing A critical investigation however which respects both the integrity of the individual poems and the internal coherence of her various volumes allows for a far deeper understanding both of the poet's thematic preoccupations and of the evolution of her distinctive poetic voice Ireland David Pritchard (Writer on Ireland), 2014 **Landscapes of Neolithic Ireland** Gabriel Cooney, 2012-12-06 Landscapes of Neolithic Ireland is the first volume to be devoted solely to the Irish Neolithic using an innovative landscape and anthropological perspective to provide significant new insights on the period Gabriel Cooney argues that the archaeological evidence demonstrates a much more complex picture than the current orthodoxy on Neolithic Europe with its assumption of mobile lifestyles suggests He integrates the study of landscape settlement agriculture material

culture and burial practice to offer a rounded realistic picture of the complexities and the realities of Neolithic lives and societies in Ireland
