The Pre-occupation of Postcolonial Studies Fawzia Afzal-Khan, Kalpana Seshadri-Crooks, 2000 The Pre Occupation of Postcolonial Studies contains essays by both leading figures and younger scholars engaged in the field of postcolonial studies In this state of the field reader editors Fawzia Afzal Khan and Kalpana Seshadri Crooks have created a dynamic forum for contributors from a variety of theoretical and disciplinary vantage points to question both the limits and the limitations of postcolonial thought Since it burst on the academic scene as the hot new disciplinary field during the final decade of the twentieth century postcolonial studies has faced criticism from those who question its troubling trajectories its sometimes suspect epistemological and pedagogical methods and its relatively narrow focus With diverse essays that emerge from such disciplines as South Asian Latin American Arab and Jewish studies this volume responds to skeptics and adherers alike addressing not only the broad theoretical issues at stake within the field but also the position of the field itself within the academy as well as its relationship to modern postmodern and Marxist discourses Contributors offer critiques on ahistorical and universalizing tendencies in postcolonial work and confront the need for scholars to attend to issues of class ideology and the effects of neocolonial practices Seeking to broaden the field s traditionally literary spectrum of methodologies these essayists take up large thematic issues to examine specific sites of colonial activities with all of their historical political and cultural significance Closing the volume is an insightful interview with Homi Bhabha in which he discusses postcolonial studies in the context of contemporary cultural politics and theory The Pre Occupation of Postcolonial Studies not only offers an overview of the discipline but also pushes and pulls at the edges of postcolonial studies offering a comprehensive view of the field s diversity of thought and envisioning clear pathways for its future Contributors Fawzia Afzal Khan Ali Behdad Homi Bhabha Daniel Boyarin Neil Larsen Saree Makdisi Joseph Massad Walter D. The Goddess as Role Model Heidi R.M. Pauwels, 2008-10-09 This book seeks to understand the major mythological role models that mark the moral landscape navigated by young Hindu women Traditionally the goddess Sita faithful consort of the god Rama is regarded as the most important positive role model for women The case of Radha who is mostly portrayed as a clandestine lover of the god Krishna seems to challenge some of the norms the example of Sita has set That these role models are just as relevant today as they have been in the past is witnessed by the popularity of the televised versions of their stories and the many allusions to them in popular culture Taking the case of Sita as main point of reference but comparing throughout with Radha Pauwels studies the messages sent to Hindu women at different points in time She compares how these role models are portrayed in the most authoritative versions of the story She traces the ancient Sanskrit sources the medieval vernacular retellings of the stories and the contemporary TV versions as well This comparative analysis identifies some surprising conclusions about the messages sent to Indian women today which belie the expectations one might have of the portrayals in the latest more liberal versions The newer messages turn out to be more conservative in many subtle ways Significantly it does not remain limited to the religious domain By analyzing several popular recent and classical hit movies that use Sita and Radha tropes Pauwels shows how these moral messages spill into the domain of popular culture for commercial consumption
