*“Dreaming the Myth Onwards”* Wolfgang Giegerich,2020-03-06 The fundamental importance of Christianity for Jung is well documented in his writings and letters For the whole of his long career the great psychologist had wrestled with what he called the great snake of the centuries the burden of the human mind the problem of Christianity By comparison his statements about Hegel are quite scarce Both topics nevertheless have in common that they elicited from Jung radical accusations accusations not presented in the calm tone of a psychological scholar but fired by a deep seated personal affect that propelled Jung to wish to dream the myth onwards that is to move to a new his own improved and corrected version of Christianity Rather than merely portraying and elucidating Jung s views this volume critically examines his theses and arguments by means of a series of close readings and by confronting his claims with the texts on which his interpretations are based The guiding principle in the spirit of which the author s investigation is conducted is the question of the needs of the soul and the standards of true psychology While constantly bearing these needs and standards in mind diverse topics are discussed in depth Jung s interpretation of a dream he had had about being unable to completely bow down before the highest presence his thesis concerning the patriarchal neglect of the feminine principle his views about the alleged one sidedness of Christianity the recalcitrant Fourth and the reality of Evil his understanding of

the Trinity and the spirit his rejection of Hegel and of speculative thought and his reaction to the modern doubt that has killed religious faith A companion to the preceding volume *The Flight into the Unconscious* the essays collected here continue its radical critique of Jung's psychology project yielding not only deep insights into Jung's personal religiosity and into what ultimately drove his psychology project as a whole but granting as well a more sophisticated understanding of the psychological potential and telos of the Christian idea     *Lemon* Cordelia Strube, 2005-10-14 Longlisted for the 2010 Scotiabank Giller Prize *Lemon* is the story of a teenaged girl with the numbers against her     *Family Guy* ,
