elected progressive mayors with deep roots among community activists Taking office as the Reagan administration was withdrawing federal aid from local governments Boston's Raymond Flynn and Chicago's Harold Washington implemented major policies that would outlast them More than reforming governments they changed the substance of what the government was trying to do above all to effect a measure of redistribution of resources to the cities poor and working classes and away from hollow goals of growth as measured by the accumulation of skyscrapers In Boston Flynn moderated an office development boom while securing millions of dollars for affordable housing In Chicago Washington implemented concrete measures to save manufacturing jobs against the tide of national policy and trends Activists in City Hall examines how both mayors achieved their objectives by incorporating neighborhood activists as a new organizational force in devising debating implementing and shaping policy Based in extensive archival research enriched by details and insights gleaned from hours of interviews with key figures in each administration and each city's activist community Pierre Clavel argues that key to the success of each mayor were numerous factors productive contacts between city hall and neighborhood activists strong social bases for their agendas administrative innovations and alternative visions of the city Comparing the experiences of Boston and Chicago with those of other contemporary progressive cities Hartford Berkeley Madison Santa Cruz Santa Monica Burlington and San Francisco Activists in City Hall provides a new account of progressive urban politics during the Reagan era and offers many valuable lessons for policymakers city planners and progressive political activists

A Revival of Hope in the Genuine Christ Gary R. Goetz, 2013-12-10 What in the world has gone wrong and how will it be set right America is in a moral and economic crisis Political action by itself will not reverse this moral and economic decline In times past Christian revivals occurred before a crisis in American history such as the Revolutionary and the Civil

War What were the characteristics of Christian revivals in past history Can a national revival happen again or are we too close to the end times Prophetic events relate in practicality to revival in the church today because the believers hope lies in the future revelation of the genuine Christ History is repeating itself Neo democracy leading to an imperial form of the continuing Roman Empire is the rising form of government today and it will rule at the end of the age Arguments will be given for the identity of the genuine Christ The order of prophetic events will be delineated leading to the genuine new age along with the events that follow such as the rebellion of Satan and the Great White Throne Judgment

The Krebiozen Hoax Matthew C. Ehrlich,2024-08-20 The brainchild of an obscure Yugoslav physician Krebiozen emerged in 1951 as an alleged cancer treatment Andrew Ivy a University of Illinois vice president and a famed physiologist dubbed the conscience of U S science wholeheartedly embraced Krebiozen Ivy s impeccable credentials and reputation made the treatment seem like another midcentury medical miracle But after years of controversy the improbable saga ended with Krebiozen proved a sham its inventor fleeing the country and Ivy s reputation and legacy in ruins Matthew C Ehrlich s history of Krebiozen tells a quintessential story of quackery Though most experts dismissed the treatment it found passionate public support not only among cancer patients but also people in good health The treatment s rise and fall took place against the backdrop of America s never ending suspicion of educational scientific and medical expertise In addition Ehrlich examines why people readily believe misinformation and struggle to maintain hope in the face of grave threats to well being A dramatic account of fraud and misplaced trust The Krebiozen Hoax shines a light on a forgotten medical scandal and its all too familiar relevance in the twenty first century

Linking Arms, Linking Lives Ronald J. Sider, John Perkins, F. Albert Tizon,2008-10-01 Among the various lines drawn between people in the church male and female young and old black and white rich and poor Republican and Democrat there is the line

between the urban and the suburban The stereotypes of the edgy socially active multicultural urban Christian and the middle class comfortable upwardly mobile suburban Christian mix fact and fiction Linking Arms Linking Lives looks beyond stereotypes and makes a compelling case for partnership that crosses urban and suburban for effective ministry among the poor Drawing from a growing network of development practitioners pastors and theologians this book focuses on the experiences of partnership between urban and suburban entities to provide both theological foundations and practical guidelines for those who desire to partner effectively All who want to find viable ways to help the poor will welcome this thoughtful and hope filled book Includes a Foreword by Noel Castellanos **Hope When Your Heart Is Breaking** Ron Hutchcraft,2021-01-05 Losing means grieving Grieving means choices Choices mean hurt or healing You've lost someone you love Or you're on the brink of losing your marriage Your dreams Your health Or perhaps the trauma of your past pursues you into the present Your life's going to change Which way it goes won't be decided by your loss but by the choices you make At the crossroads of grief one road will lead to hope and healing The other to more hurt Hope When Your Heart Is Breaking is an honest look at both roads and how your greatest loss can lead to your greatest gain Author Ron Hutchcraft writes from the deep well of his own devastating loss and grief and points you to the practical steps that lead to peace and wholeness This book is a pathway to hope a roadmap through the pain of grief and loss Discover new strength through a new closeness to others and to God And make the decisions that lead to comfort growth and life Life between Memory and Hope Zeev W. Mankowitz,2002-09-30 This is the remarkable story of the 250 000 Holocaust survivors who converged on the American Zone of Occupied Germany from 1945 to 1948 They envisaged themselves as the living bridge between destruction and rebirth the last remnants of a world destroyed and the active agents of its return to life Much of what has been written elsewhere looks at the Surviving Remnant through the eyes of others and thus has often failed to disclose the tragic complexity of their lives together with their remarkable political and social achievements Despite having lost everyone and everything they got on with their lives they married had children and worked for a better future They did not surrender to the deformities of suffering and managed to preserve their humanity intact Mankowitz uses largely inaccessible archival material to give a moving and sensitive account of this neglected area in the aftermath of the Holocaust **Milton's Places of Hope** Mary C.
