Regional Policy, a European Approach Norbert Vanhove, Leo Hendrik Klaassen, 1980 **Rise and Decline of Industry in Central and Eastern Europe** Bernhard Müller, 2005 In the course of the tremendous political and economic upheaval starting in 1989 1990 many industrial cities and regions in Central and Eastern Europe have been confronted with profound problems This book presents eleven detailed national reports which describe the situation in such cities and regions as well as the strategies which have been employed to cope with structural change The country reports are complemented by short case studies of selected cities and regions An introduction gives background to such topics as structural change and the ramifications of EU enlargement Finally some conclusions are drawn and recommendations offered for future policy

Regional Policy Norbert Vanhove, 2018-09-05 First published in 1999 this volume combines the theory and practice of regional economic policy in Europe Six main topics are covered as follows theory of regional economic development and policy Regional policy at the national level Regional disparities in the EU past and present Impact of the integration on regions Regional policy in the EU 1975 1999 The structural funds 2000 2006 and openness to Eastern European countries The book also includes an up to date bibliography on the topic covered **Cohesion Policy in the European Union** R.

Leonardi, 2005-04-20 This volume assesses the implementation of the EU's cohesion policy and the role that the policy has in stimulating ten new member states from eastern and southern European countries to join the EU in 2004 and another three to four countries that will join in the near future **Regional Development and the European Community** Ian

McAllister, 1982 **The Regions and the European Community** Robert Leonardi, 1993 The contributions to this volume analyse the role of sub national institutions in the regional economic development process in the Community's less developed countries Greece Ireland Portugal Spain and Italy They are structured on the basis of individual country reports providing background to the debate on decentralization in each national context and the regional role in economic development The

volume also contains an extensive analysis of the impact of European Community sectoral policies on the alleviation of regional disparities and an in depth analysis of the EC s Integrated Mediterranean Programmes on the basis of a systematic content analysis of the programmes and field research conducted on six IMP programmes in Greece Italy and France

Routledge Revivals: Regional Development in Western Europe (1975) Hugh Clout, 2017-11-22 First published in 1975 this book provides a straightforward examination of regional differences and regional development in the countries of Western Europe Professor Clout divides this into two parts The first examines a series of themes with reference to the whole of Western Europe and the second part discusses regional development in individual countries or groups of countries Contributions by experts from the UK and from mainland Europe present an essentially geographic approach combining thematic and country by country discussions

The Regional Dimension of the European Union Charlie Jeffery, 2015-03-24 Decision making within the EU has moved to a third regional level of government emerging in the EU policy process alongside the first Union and second member state levels Multi level governance can increasingly be identified These papers describe and analyse this third level

The Role of the Regions in EU Governance Carlo Panara, Alexander De Becker, 2010-11-17 This publication compares for the first time how the regions in seven different countries Austria Belgium France Germany Italy Spain and the UK are involved in EU governance It is also the first book which tackles this matter from two different perspectives that of EU law and that of comparative law It includes contributions both from well established scholars in the field of EU law and from younger scholars

Regional Behaviour Dimitrios C. Christopoulos, 2018-02-06 This title was first published in 2001 In the framework of the EU a number of policies have been devised for regions in order to facilitate their balanced economic development The author argues that the focus on regional planners and their actions in academic literature has obscured the importance of regional elites in this process The author compares Western Scotland and the west of Crete focusing on the wider regional political and business elites within these regions and attempting a comparison of elite attitudes within regions and between regions

Regional Economic Change in Europe Gert-Jan Hospers, 2004 In this era of ongoing globalization a coherent vision on Europe s changing geo economy is more important than ever before Drawing on the work of Schumpeter Fourasti e and Perroux the book at hand offers a new and policy oriented perspective on regional economic change in Europe Conceptually it develops a middle range theory by extending Schumpeter s vision with a sectoral and spatial dimension This neo Schumpeterian framework is concretized by exploring fifty years of structural change in Sardinia the Ruhrgebiet and the resund

Mobilizing Regions, Mobilizing Europe Sebastian M. Buettner, 2013-10-23 Regional development strategies are becoming more similar all around Europe even though regional differences are more pronounced than ever and many European regions have become more autonomous actors This thesis of a peculiar standardized diversification of sub national space in the modern European Union is the point of departure of this book Based upon the analytical premises of Stanford School Sociological Institutionalism

Sebastian M B ttner studies regional mobilization in contemporary Europe from a new and innovative perspective He highlights the importance of scientific expertise and global scientific models in contemporary regional development practice and exemplifies their significance with the example of region building in Poland in the course of EU integration This new wave of regional mobilization is not just conceived as an effect of local national or European politics but as an expression of a larger conceptual shift in governing society and space This well researched and clearly argued book not only provides fresh insights into region building and regionalization in contemporary European space but also contributes to the new sociology of Europeanization It will be an illuminating read for scholars and students in Sociology European and EU studies International Relations Cultural Studies Geography Regional Science Polish Studies and related subject areas **Innovation,**

Democracy and Efficiency Francesco Grillo,Raffaella Y. Nanetti,2016-04-08 Endogenous growth theory has significantly impacted most of the developing and developed countries shifting priorities of industrial policies towards innovation In line with this trend the European Union significantly increased its budgetary allocation for R strong capacity of public investment to stimulate additional private investment clear distribution of responsibilities for decision making and independence of policy implementation from political interference and problem solving partnerships amongst innovators universities and governments that pre exist the programmes These factors point to a relationship between democracy defined as openness of policy making and innovation as technology enabled growth which is explored throughout this book **Thematic**
