Regionalism In The Age Of Globalism Volume 1 Concepts Of Regionalism:

Regionalism in the Age of Globalism, Volume 1 Lothar Honnighausen, Mark Frey, James Peacock, Niklaus Steiner, 2005 In an age of rapid globalization regionalism might seem to be a notion better suited to the nineteenth century than the early twenty first Far from vanishing however regionalism has actually flourished in the last half century During this time there have been an increasing number of conflicts based on territorial identities while new regionally based political economic cultural and religious groupings have emerged This two volume set *Regionalism in an Age of Globalism* examines the concept of region and regionalism in today s rapidly shrinking world Building on the insights of a diverse group of scholars the first volume *Concepts of Regionalism* showcases the wide range of theories and methods that are being applied to regionalism today in the humanities and social sciences Despite these differences many common themes emerge most importantly that regions are social and cultural constructs The second volume *Forms of Regionalism* expands on these themes by presenting concrete examples of regionalism Case studies explore regionalism in literature governmental policy architecture and other fields in areas as diverse as the American South Pacific Northwest Eastern Europe and the Canadian North The international contributors represent disciplines including folklore history anthropology linguistics literature geography sociology and political science Distributed for the Max Kade Institute for German American Studies University of Wisconsin Madison

Multiplicity of Nationalism in Contemporary Europe Ireneusz Paweł Karolewski, Andrzej Marcin Suszycki, 2010-01-01 Nationalism remains one of the key political societal and socio psychological phenomena in contemporary Europe The international scholars assembled in this edited collection suggest that the use of three perspectives supranationalism boundary making nationalism and regional nationalism may be promising as an explanatory framework for the analysis of nationalism in Europe The volume distances itself from older dichotomies such as civic and ethnic nationalism and questions the one sided normativity of nationalism in particular regarding the concept of liberal nationalism It argues that a promising approach to contemporary nationalism should reflect the multiplicity of nationalism **Re-mapping the Americas** W. Andy Knight, Julián Castro-Rea, Hamid Ghany, 2016-04-01 Since the end of the Second World War the map of the Americas has changed dramatically Not only were many former European colonies turned into sovereign states there was also an ongoing process of region making recognizable throughout the hemisphere and obvious through the establishment of several regional agreements The emergence of political and economic regional integration blocs is a very timely topic analyzed by scholars in many disciplines worldwide This book looks at remapping the recent trends in region making throughout the Americas in a way that hasn t been at the center of academic analyses so far While examining these regionalisation tendencies with a historical background in mind the authors also answer fundamental questions such as What influences does globalization have on region making both on normative regionalism plans as well as on actual economic political cultural military and social regionalization processes driven by state and non state actors What ideas or interests lead states in the Americas to

cooperate or compete with one another and how is this power distributed How do these regional agreements affect trade relations and have there been trade barriers set up to protect national economies What agreements exist or have existed and how did they change with regard to contents and for what reason The book informs academic as well as non academic audiences about regional developments in the Americas in particular those dating back to the last twenty years Beyond the primary purpose of summarizing the hemisphere s recent trends the book also brings clarification in a detailed but easy to understand way about timely issues regarding the institutionalisation or lack thereof of the plethora of regional and sub regional bodies that have emerged in this hemisphere over the past couple of decades *The Wiley-Blackwell Companion to Human Geography* John A. Agnew, James S. Duncan, 2016-08-08 This volume provides an up to date authoritative synthesis of the discipline of human geography Unparalleled in scope the companion offers an indispensable overview to the field representing both historical and contemporary perspectives Edited and written by the world s leading authorities in the discipline Divided into three major sections Foundations the history of human geography from Ancient Greece to the late nineteenth century The Classics the roots of modern human geography Contemporary Approaches current issues and themes in human geography Each contemporary issue is examined by two contributors offering distinctive perspectives on the same theme Grounded Globalism James L. Peacock, 2010-04-01 The world is flat Maybe not says this paradigm shifting study of globalism s impact on a region legendarily resistant to change The U S South long defined in terms of its differences with the U S North is moving out of this national and oppositional frame of reference into one that is more international and integrative Likewise as the South home to UPS CNN KFC and other international brands goes global people are emigrating there from countries like India Mexico and Vietnam and becoming southerners Much has been made of the demographic and economic aspects of this shift Until now though no one has systematically shown what globalism means to the southern sense of self Anthropologist James L Peacock looks at the South of both the present and the past to develop the idea of grounded globalism in which global forces and local cultures rooted in history tradition and place reverberate against each other in mutually sustaining and energizing ways Peacock s focus is on a particular part of the world however his model is widely relevant Some kind of grounding in locale is necessary to human beings Grounded Globalism draws on perspectives from fields as diverse as ecology anthropology religion and history to move us beyond the model advanced by such scholars as C Vann Woodward that depicts the South as a region paralyzed by the burden of its past Peacock notes that while globalism may lift old burdens it may at the same time impose new ones He also maintains that earlier regional identities have not been replaced by the rootless cosmopolitanism of cyberspace or other abstracted systems Attachments to place remain even as worldwide markets erase boundaries and flatten out differences and distinctions among nations Those attachments exert their own pressures back on globalism says Peacock with subtle strengths we should not discount **The Palgrave Handbook of Linguistic (Im)politeness** Jonathan Culpeper, Michael Haugh, Dániel Z. Kádár, 2017-05-11 This handbook

comprehensively examines social interaction by providing a critical overview of the field of linguistic politeness and impoliteness. Authored by over forty leading scholars, it offers a diverse and multidisciplinary approach to a vast array of themes that are vital to the study of interpersonal communication. The chapters explore the use of impoliteness in specific contexts as well as wider developments and variations across cultures and contexts in understandings of key concepts such as power, emotion, identity, and ideology. Within each chapter, the authors select a topic and offer a critical commentary on the key linguistic concepts associated with it, supporting their assertions with case studies that enable the reader to consider the practicalities of impoliteness studies. This volume will be of interest to students and scholars of linguistics, particularly those concerned with pragmatics, sociolinguistics, and interpersonal communication. Its multidisciplinary nature means that it is also relevant to researchers across the social sciences and humanities, particularly those working in sociology, psychology, and history.

The Verticalization Model of Language Shift Joshua R. Brown, 2022 This book introduces a new and still emerging theoretical framework for understanding language shift and uses this approach to explore a range of minority language communities in the United States. It includes specific case studies of individual communities as well as commentary chapters that provide a broader perspective.

Germanic Heritage Languages in North America Janne Bondi Johannessen, Joseph C. Salmons, 2015-08-15 This book presents new empirical findings about Germanic heritage varieties spoken in North America: Dutch, German, Pennsylvania Dutch, Icelandic, Norwegian, Swedish, West Frisian, and Yiddish, and varieties of English spoken both by heritage speakers and in communities after language shift. The volume focuses on three critical issues underlying the notion of heritage language: acquisition, attrition, and change. The book offers theoretically informed discussions of heritage language processes across phonetics and phonology, morphology, syntax, and semantics, and the lexicon, in addition to work on sociolinguistics, historical linguistics, and contact settings. With this, the volume also includes a variety of frameworks and approaches, synchronic and diachronic. Most European Germanic languages share some central linguistic features such as V2, gender, and agreement in the nominal system, and verb inflection. As minority languages faced with a majority language like English, similarities and differences emerge in patterns of variation and change in these heritage languages. These empirical findings shed new light on mechanisms and processes.

Transregional Connections in the History of East-Central Europe Katja Castryck-Naumann, 2021-10-25 Transregional connections play a fundamental role in the history of East-Central Europe. This volume explores this connectivity by showing how people from eastern and central parts of Europe have positioned themselves within global processes while in turn also shaping them. The contributions examine different fields of action, such as economy, arts, international regulations, and law, development aid, and migration, focusing on the period between the middle of the nineteenth century and the end of the Cold War. The authors uncover spaces of interaction and emphasize that internal and external entanglements have established East-Central Europe as a distinct region. Understanding the connectedness of this subregion is stimulating for the historiography of East-Central Europe as it is for the field of global

history Rising Above Benjamin E. Frey, 2025 Rising Above examines the process of language shift and revitalization among the Eastern Band of Cherokee Indians in North Carolina *Charlotte, NC* William Graves, Heather A. Smith, 2012-06

The rapid evolution of Charlotte North Carolina from regional backwater to globally ascendant city provides stark contrasts of then and now Once a regional manufacturing and textile center Charlotte stands today as one of the nation's premier banking and financial cores with interests reaching broadly into global markets Once defined by its biracial and bicultural character Charlotte is now an emerging immigrant gateway drawing newcomers from Latin America and across the globe Once derided for its sleepy nine to five uptown Charlotte's center city has been wholly transformed by residential gentrification corporate headquarters construction and amenity based redevelopment And yet despite its rapid transformation Charlotte remains distinctively southern globalizing not yet global This book brings together an interdisciplinary team of leading scholars and local experts to examine Charlotte from multiple angles Their topics include the banking industry gentrification boosterism architecture city planning transit public schools NASCAR and the African American and Latino communities United in the conviction that the experience of this Sunbelt city center of the nation's fifth largest metropolitan area offers new insight into today's most pressing urban and suburban issues the contributors to Charlotte NC The Global Evolution of a New South City ask what happens when the external forces of globalization combine with a city's internal dynamics to reshape the local structures landscapes and identities of a southern place Pan-Asian Sports and the Emergence of Modern Asia, 1913-1974 Stefan Huebner, 2016-05-11 The history of regional sporting events in 20th century Asia yields insights into Western and Asian perspectives on what defines modern Asia and can be read as a staging of power relations in Asia and between Asia and the West The Far Eastern Championship Games began in 1913 and were succeeded after the Pacific War by the Asian Games Missionary groups and colonial administrations viewed sporting success not only as a triumph of physical strength and endurance but also of moral education and social reform Sporting competitions were to shape a new Asian man and later a new Asian woman by promoting internationalism egalitarianism and economic progress all serving to direct a rising Asia toward modernity Over time exactly what constituted a rising Asia underwent remarkable changes ranging from the YMCA's promotion of muscular Christianity democratization and the social gospel in the US colonized Philippines to Iranian visions of recreating the Great Persian Empire Based on a vast range of archival materials and spanning 60 years and 3 continents Pan Asian Sports and the Emergence of Modern Asia shows how pan Asian sporting events helped shape anti colonial sentiments Asian nationalisms and pan Asian aspirations in places as diverse as Japan and Iran and across the span of countries lying between them *Language Maintenance and Language Death* Karen A. Roesch, 2012-02-28 This book provides the first extensive description of Texas Alsatian a critically endangered Texas German dialect as spoken in Medina County in the 21st century The dialect was brought to Texas in the 1840s by colonists recruited by French entrepreneur Henri Castro and has been preserved with minimal change for six

generations Texas Alsatian has maintained lexical phonological and morphosyntactic features which differentiate it from the prevalent standard near varieties of Texas German This study both describes its grammatical features and discusses extra linguistic factors contributing to the dialect s preservation or accelerating its decline e g social historical political and economic factors and speaker attitudes and ideologies linked to cultural identity The work s multi faceted approach makes its relevant to a broad range of scholars such as dialectologists historical linguists sociolinguists ethnographers and anthropologists interested in language variation and change language and identity immigrant dialects and language maintenance and death

Wet Prairie Shannon Stunden Bower,2011-06-29 The Canadian prairies are often envisioned as dry windswept fields however much of southern Manitoba is not arid plain but wet prairie poorly drained land subject to frequent flooding Wet Prairie brings to light the complexities of surface water management in Manitoba from early artificial drainage efforts to late twentieth century attempts at watershed management Irregular water flow patterns challenged the checkerboard landscape of the 1872 federal Dominion Lands Act and homesteaders found their agricultural ambitions at odds with local environmental realities Thus in keeping with liberal principles the provincial government undertook substantial drainage efforts Flooding and drainage became the subjects of intense and persistent debate among provincial officials drainage experts and Manitoba residents New alliances and rivalries emerged amid shifting social political and environmental contexts with enduring consequences for both the landscapes and people of the wet prairie This account of an overlooked aspect of Prairie environmental history traces how the biophysical nature of southern Manitoba helped shape both Manitoba society and the provincial state

English in the German-speaking World Raymond Hickey,2019-12-05 A collection of studies on the role of English in German speaking countries covering a broad range of topics

Studies in Contact Linguistics Glenn G. Gilbert,2006 Original Scholarly Monograph

Sameness in Diversity Laresh Jayasanker,2020-04-14 Americans of the 1960s would have trouble navigating the grocery aisles and restaurant menus of today Once exotic ingredients like mangoes hot sauces kale kimchi and coconut milk have become standard in the contemporary American diet Laresh Jayasanker explains how food choices have expanded since the 1960s immigrants have created demand for produce and other foods from their homelands grocers and food processors have sought to market new foods and transportation improvements have enabled food companies to bring those foods from afar Yet even as choices within stores have exploded supermarket chains have consolidated Throughout the food industry fewer companies manage production and distribution controlling what American consumers can access Mining a wealth of menus cookbooks trade publications interviews and company records Jayasanker explores Americans changing eating habits to shed light on the impact of immigration and globalization on American culture

Democratic and Authoritarian Political Systems in 21st Century World Society Anna L. Ahlers,Damien Krichewsky,Evelyn Moser,Rudolf Stichweh,2021-03-05 This book is about the radical novelty of modern polities in a functionally differentiated world society Premodern states were at the apex of a

stratified hierarchical society They dominated society and all its groups and strata Modern polities have to be understood through the ecology of relations among different function systems They have to find and incessantly redefine their place in society They produce decisions that are collectively binding but in preparing these decisions experience constraints and knowledge deficiencies that are related to the complexity of a functionally differentiated society The book concentrates on six analytical perspectives that reflect how modern polities are embedded into 21st century society These perspectives are the concept of inclusion and the inclusion revolution constitutive of modern polities the internal differentiation of polities that endows them with an unprecedented complexity the fact that polities do not know anything about society and the ways in which they compensate for this representation and responsiveness as strategies to reconnect with society the self restriction of some polities that brings about ever new autonomous expert organizations the symmetrical rise of autocracies and democracies as the two modern variants of political regimes

Paths Crossing Cora Lee Kluge, 2011 Essays presented at a conference held in Madison Wis in April 2009 during observances of the twenty fifth anniversary of the founding of Max Kade Institute for German American Studies at University of Wisconsin Madison

"What Country's This? And Whither Are We Gone?" Rosa E. Penna, Karoline Szatek-Tudor, Janet Hadley Williams, 2010-09-13 In the summer of 2008 the twelfth in a series of biennial conferences on the Literature of Region and Nation was held at Aberdeen University in the North East of Scotland Over fifty scholars representing no fewer than twenty different countries convened for the occasion and twenty two of the papers presented are included in this volume As at previous conferences in the series the papers range widely in approach in subject matter and in geographical coverage readers of this book will find explorations of literature from all five continents The papers are arranged thematically the central concepts of region and nation are examined in the first section and subsequent sets of papers go on to consider literary and pictorial representations of places and peoples literature of diaspora and exile a keynote topic of the conference the use of language particularly non standard languages in literary texts and artistic interactions between cultures All the papers have been peer reviewed and some extensively revised The collection demonstrates the vitality of scholarship in the field of regional literary studies

Regionalism In The Age Of Globalism Volume 1 Concepts Of Regionalism Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Regionalism In The Age Of Globalism Volume 1 Concepts Of Regionalism free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Regionalism In The Age Of Globalism Volume 1 Concepts Of Regionalism free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Regionalism In The Age Of Globalism Volume 1 Concepts Of Regionalism free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Regionalism In The Age Of Globalism Volume 1 Concepts Of

Regionalism. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Regionalism In The Age Of Globalism Volume 1 Concepts Of Regionalism any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Regionalism In The Age Of Globalism Volume 1 Concepts Of Regionalism Books

1. Where can I buy Regionalism In The Age Of Globalism Volume 1 Concepts Of Regionalism books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
