Regulating Girls And Women:

Regulating Girls and Women Joan Sangster, 2001-12-15 For people living in Ontario as throughout Canada the period from 1920 to 1960 was one of great change and turmoil the roaring twenties the Great Depression the upheaval of war and the economic boom of the postwar years One constant in society over those years however was the differential treatment that females and males received before the law especially in regard to family matters and sexuality A patriarchal justice system increasingly under the influence of expert opinion from social workers psychologists psychiatrists and other medical doctors openly espoused a sexual double standard and sought to regulate the behaviour of girls and women for their own good Indeed women in physically abusive relationships were at times advised by judges probation officers and social workers to go home and sleep with your husband on the assumption that keeping him sexually sated would end the violence In this fascinating study of sexuality family and the law historian Joan Sangster focuses on key issues that drew women into the courts as plaintiffs and defendants incest and sexual abuse wife assault prostitution female delinquency and the unique colonization of the soul that Aboriginal women had to endure before the law As Sangster writes While history does not offer pat solutions to present dilemmas it may stimulate some sobering second thoughts on current debates by dissecting the changing definitions of criminality and the process by which law constituted gender race and class relations by mounting a critique of past reform efforts and importantly by suggesting how the law affected the lives of girls and women who came into conflict with it

Regulating Lives John McLaren, Dorothy E. Chunn, Robert J. Menzies, 2002 Nine essays investigate the history of law as an instrument of social control moral regulation and the government focusing primarily on British Columbia Canada where most of the contributors work as scholars in law or criminology Among the areas they tackle are the sex trade the spread of venereal disease the use and abuse of liquor child welfare mental disorder intrafamily sexual abuse Aboriginal culture and traditions and Doukhobor beliefs and customs The studies rely on forays into archival material at the national provincial and local levels Annotation copyrighted by Book News Inc Portland OR *Breadwinning Daughters* Katrina Srigley, 2010-01-02 As one of the most difficult periods of the twentieth century the Great Depression left few Canadians untouched Using more than eighty interviews with women who lived and worked in Toronto in the 1930s *Breadwinning Daughters* examines the consequences of these years for women in their homes and workplaces and in the city's court rooms and dance halls In this insightful account Katrina Srigley argues that young women were central to the labour market and family economies of Depression era Toronto Oral histories give voice to women from a range of cultural and economic backgrounds and challenge readers to consider how factors such as race gender class and marital status shaped women's lives and influenced their job options family arrangements and leisure activities *Breadwinning Daughters* brings to light previously forgotten and unstudied experiences and illustrates how women found various ways to negotiate the burdens and joys of the 1930s **Sex and the Married Girl** Heather Stanley, 2022-11-01 Sex who was having it who shouldn't have it and who was supposed to be

having it but wasn't was a major concern to social authorities in the immediate postwar era. Though they are often remembered with nostalgia as a sexually simpler time, the 1950s and early 1960s were incredibly sexually productive years. *Sex and the Married Girl* examines how two interrelated and dominant groups in Canada, medical professionals and church leaders, used married heterosexual female sexuality as a lever to rebuild the Canadian family and the state itself. Using embodied historical methodologies, the book examines not only discourses around sex but also how those discourses could influence the actual experience of sex for married women. Heather Stanley draws upon extensive oral life histories of women who lived married and had sex during this liminal social period to demonstrate that this was a time of simultaneous sexual and gender quiescence and change.

Westward Bound Lesley Erickson, 2011-08-01 In the late nineteenth century European expansionism found one of its last homes in North America. While the American West was renowned for its lawlessness, the Canadian Prairies enjoyed a tamer reputation symbolized by the Mounties' legendary triumph over chaos. *Westward Bound* debunks the myth of Canada's peaceful West and the masculine conceptions of law and violence upon which it rests by shifting the focus from Mounties and whisky traders to criminal cases involving women between 1886 and 1940. Lesley Erickson reveals that judges and juries' responses to the most intimate or violent acts reflected a desire to shore up the liberal order by maintaining boundaries between men and women, Native peoples and newcomers, and capital and labour. Victims and accused could only hope to harness entrenched ideas about masculinity, femininity, race, and class in their favour. The results Erickson shows were predictable but never certain. This fascinating exploration of hegemony and resistance in key contact zones draws prairie Canada into larger debates about law, colonialism, and nation building.

Aimed at practitioners, postgraduate students, and those interested in regulation as a cross-cutting theme in the social sciences, *Regulatory Theory* includes chapters on the social psychological foundations of regulation as well as theories of regulation such as responsive regulation, smart regulation, and nodal governance. It explores the key themes of compliance, legal pluralism, meta-regulation, the rule of law, risk, accountability, globalisation, and regulatory capitalism. The environment, crime, health, human rights, investment, migration, and tax are among the fields of regulation considered in this ground-breaking book. Each chapter introduces the reader to key concepts and ideas and contains suggestions for further reading. The contributors, who either are or have been connected to the Regulatory Institutions Network (RegNet) at The Australian National University, include John Braithwaite, Valerie Braithwaite, Peter Grabosky, Neil Gunningham, Fiona Haines, Terry Halliday, David Levi-Faur, Christine Parker, Colin Scott, and Clifford Shearing.

Criminalizing Women, 2nd Edition Gillian Balfour, Elizabeth Comack, 2021-01-10T00:00:00Z Criminalizing women has become all too frequent in these neo-liberal times. Meanwhile, poverty, racism, and misogyny continue to frame criminalized women's lives. *Criminalizing Women* introduces readers to the key issues addressed by feminists engaged in criminology research over the past four decades. Chapters explore how

narratives that construct women as errant females prostitutes street gang associates and symbols of moral corruption mask the connections between women's restricted choices and the conditions of their lives The book shows how women have been surveilled disciplined managed corrected and punished and it considers the feminist strategies that have been used to address the impact of imprisonment and to draw attention to the systemic abuses against poor and racialized women In addition to updating material in the introductions and substantive chapters this second edition includes new contributions that consider the media representations of missing and murdered women in Vancouver's Downtown Eastside the gendered impact of video surveillance technologies CCTV the role of therapeutic interventions in the death of Ashley Smith the progressive potential of the Inside Out Prison Exchange Program and the use of music and video as decolonizing strategies

Children, Sexuality and Sexualization Jessica Ringrose,2016-04-29 This volume presents a ground breaking collection of interdisciplinary chapters from international scholars which complicate and offers new ways to make sense of children s sexual cultures across complex political social and cultural terrains **The SAGE Handbook of Feminist Theory** Mary Evans,Clare Hemmings,Marsha Henry,Hazel Johnstone,Sumi Madhok,Ania Plomien,Sadie Wearing,2014-08-12 At no point in recorded history has there been an absence of intense and heated discussion about the subject of how to conduct relations between women and men This Handbook provides a comprehensive guide to these omnipresent issues and debates mapping the present and future of thinking about feminist theory The chapters gathered here present the state of the art in scholarship in the field covering Epistemology and marginality Literary visual and cultural representations Sexuality Macro and microeconomics of gender Conflict and peace The most important consensus in this volume is that a central organizing tenet of feminism is its willingness to examine the ways in which gender and relations between women and men have been and are organized The authors bring a shared commitment to the critical appraisal of gender relations as well as a recognition that to think theoretically is not to detach concerns from lived experience but to extend the possibilities of understanding With this focus on theory and theorizing about the world in which we live this Handbook asks us across all disciplines and situations to abandon our taken for granted assumptions about the world and interrogate both the origin and the implications of our ideas about gender relations and feminism It is an essential reference work for advanced students and academics not only of feminist theory but of gender and sexuality across the humanities and social sciences
