Rutherford-Owen, Mary Barros-Bailey, Roger O. Weed, 2023-11-23 Celebrating 25 years since its first publication the fifth edition of this best selling text is the most up to date and complete resource available on what a life care planner does how the life care planner does it and issues that affect the day to day role of a life care planner Now featuring new material on pediatric life care planning and case management including brachial plexus injuries and neurodevelopmental disorders this new edition provides guidance and planning for cases across the lifespan It begins with a series of chapters examining ten different professional specializations that often contribute to a life care plan before providing critical information for developing life care plans for individuals with different physical mental and cognitive conditions including spinal cord injury brain injury and chronic pain Uniquely comprehensive the book also includes chapters on the forensic and legal context of life care planning as well as equipment technology evidence based literature resources and special education special needs planning relevant to pediatric life care planning Also including chapters dedicated to life care planning methodology and life care planning research this is an essential resource for anyone practicing or studying life care planning or managing the needs of those requiring chronic medical care over the lifespan Nursing Adolescents and Young Adults with Cancer Pia

Riis Olsen, Sam Smith, 2018-05-30 This book describes and explains how caring for adolescents and young adults with cancer AYA has developed into what is now a recognized and distinct field of nursing practice It captures current innovative nursing practices and interventions which have developed over the past 25 years across the globe and are supported by research and evidence achieved in many European and international oncology settings By outlining and describing educational needs of the AYA cancer nursing profession this book supports its education and professional development for the nursing profession and serves to develop and disseminate nurses competencies worldwide During the last decade AYA have gained increased attention in healthcare Today it is recognized that AYA with cancer have distinct needs that are different to both children and

older adults Young people are in a unique developmental and transitional phase of their lives thus their treatment perspectives and experiences have been addressed in research and the body of knowledge is growing accordingly Some books are available that describe AYA cancer care service delivery and aspects of age appropriate care but this volume will be the first to focus on how nurses contribute to AYA cancer care in practice It will appeal to the AYA clinical nurses in cancer care as well as to multidisciplinary healthcare professionals and healthcare professionals who support formal nursing education programmes training and development in practice
