Bruce LOCKHART,1967 *Sidney Reilly* Benny Morris,2022-01-01 A revealing biography of Sidney Reilly the early twentieth century virtuoso of espionage Mr Morris s dogged research lends impressive rigor to this portrait of an often cryptic figure Diane Cole Wall Street Journal Sidney Reilly c 1873 1925 is one of the most colorful and best known spies of the twentieth century Emerging from humble beginnings in southern Russia Reilly was an inventive multilingual businessman and conman who enjoyed espionage as a sideline By the early twentieth century he was working as an agent for Scotland Yard spying on migr communities in Paris and London with occasional sorties to Germany Russia and the Far East He spent World War I in the United States brokering major arms deals for tsarist Russia and then decided to become a professional spy joining the ranks of MI6 Britain s foreign intelligence service He came close to overthrowing the Bolshevik regime in Moscow before eventually being lured back to Russia and executed Said to have been the inspiration for Ian Fleming s iconic James Bond character Reilly was simultaneously married to three or four women and had mistresses galore Sifting through the reality and the myth of Reilly s life historian Benny Morris offers a fascinating portrait of one of the most intriguing figures from the golden age of spies Studies in Intelligence ,2018 *The Russian Revolution and Civil War 1917-1921* Jonathan Smele,2006-04-15 The Russian Revolution and Civil War in the years 1917 to 1921 is one of the most widely studied periods in history It is also somewhat inevitably one that has generated a huge flow of literature in the decades that have passed since the events themselves However until now historians of the revolution have had no dedicated bibliography of the period and little claim to bibliographical control over the literature The Russian Revolution and Civil War 1917 1921 offers for the first time a comprehensive bibliographical guide to this crucial and fascinating period of history The Bibliography focuses on the key years of 1917 to 1921 starting with the February Revolution of 1917 and concluding with the 10th Party Congress of March 1921 and covers all the key events of the intervening years As such it identifies these crucial years as something more than simply the creation of a communist state **Reilly - Ace of Spies** Robert Hamilton Bruce Lockhart,1983 Spy Television Wesley Britton,2004-01-30 For half a century television spies have been trained professionals reluctant heroes housewives businessmen criminals and comedians They have by turns been glamorous campy reflective sexy and aloof This is the first book length treatment of one of TV s oldest and most fascinating genres Britton s comprehensive guide provides readers from casual viewers to die hard fans with behind the scenes stories to this notable segment of television entertainment From the early 1960s in which television spies were used essentially as anti Communist propaganda through the subsequent years that both built upon and parodied this model and finally to today s gadget laden world of murky motives and complex global politics spy television has served as much more than mere escapism

From the beginning television spies opened doors for new kinds of heroes Women quickly took center stage alongside men and minority leads in spy programs paved the way for other kinds of roles on the small screen For half a century television spies have been trained professionals reluctant heroes housewives businessmen criminals and comedians They have by turns been glamorous campy reflective sexy and aloof This is the first book length treatment of one of TV s oldest and most fascinating genres
