The research for this work was undertaken during my tenure of a Senior Tutor ship in the Faculty of Arts and Music at the University of Otago 1983 85 Versions of some of the chapters herein have already been accepted for publication in the form of journal articles in Philosophy Philosophy East and West Sophia and Religious Studies My thanks to the editors and publishers concerned for permission to reuse this material A number of people have assisted me in various ways My greatest debt is to Graham Oddie who supervised my doctoral research in this area and with whom I have

had the benefit of innumerable discussions on these and other philosophical matters I am very grateful for all I have learned from him I would also like to thank Bob Durrant for commenting helpfully on Chapter 2 the late Jim Harvie both for his valuable suggestions particularly regarding the material of Chapter 4 and for his encouraging enthusiasm for the whole project George Hughes for his extensive comments on the whole work and for various points of detail Alan Musgrave Charles Pigden and Bryan Wilson Despite much good advice however I have some times preferred to go my own way recalling Blake's proverb If the fool would persist in his folly he would become wise With regard to the typing of the manuscript I am indebted to the word processor wizardry of Jane Tannahill and Christine Colbert

Reincarnation and the Law of Karma William Walker Atkinson, 1908 By Reincarnation we mean the repeated incarnation or embodiment in flesh of the soul or immaterial part of man's nature The term Metempsychosis is frequently employed in the same sense the definition of the latter term being The passage of the soul as an immortal essence at the death of the body into another living body The term Transmigration of Souls is sometimes employed the term being used in the sense of passing from one body into another But the term Transmigration is often used in connection with the belief of certain undeveloped races who held that the soul of men sometimes passed into the bodies of the lower animals as a punishment for their sins committed during the human life But this belief is held in disrepute by the adherents of Reincarnation or Metempsychosis and has no connection with their philosophy or beliefs the ideas having sprung from an entirely different source and having nothing in common There are many forms of belief many degrees of doctrine regarding Reincarnation as we shall see as we proceed but there is a fundamental and basic principle underlying all of the various shades of opinion and divisions of the schools This fundamental belief may be expressed as the doctrine that there is in man an immaterial Something called the soul spirit inner self or many other names which does not perish at the death or disintegration of the body but which persists as an entity and after a shorter or longer interval of rest reincarnates or is re born into a new body that of an unborn infant from whence it proceeds to live a new life in the body more or less unconscious of its past existences but containing within itself the essence or results of its past lives which experiences go to make up its new character or personality It is usually held that the rebirth is governed by the law of attraction under one name or another and which law operates in accordance with strict justice in the direction of attracting the reincarnating soul to a body and conditions in accordance with the tendencies of the past life the

parents also attracting to them a soul bound to them by some ties in the past the law being universal uniform and equitable to all concerned in the matter This is a general statement of the doctrine as it is generally held by the most intelligent of its adherents

Marriage and Life After Death Anthony Onyekwe,2015-01-29 In Africa the emphasis on family marriage and offspring suggest that there is a kind of an unwritten ancestral law that imposes on every male the duty of begetting a son The reason is because the core of African soteriology is centered on offspring The predicament of the childless couples therefore stems from the desire for immortality and salvation that culminates in the admission of the dead into the ancestral world This quest for salvation and immortality constitute social emotional psychological and spiritual problems for Christian as well as non Christian childless couples

The Future of God in the Global Village Thomas R. Mcfaul,2011-10 In the long trek of human history the adage that there will never be peace among the nations until there is peace among the religions has never been truer The growing trend toward spiritually inspired violence throughout the emerging global village of the twenty first century has taken a terrible toll on the lives of thousands of innocent victims The primary purpose of this book is to address this issue head on by examining the role that the earth s diverse faith communities can play in stopping the needless hatreds and hostilities that all too often arise from the search for spiritual fulfillment At this stage of human evolution nothing is more urgent
