Peretta, 2005 **Lost History of an Unwanted Future** J.M. Segura, 2025-11-14 In the super overpopulated world of twenty ninth century the remnants of civilizations cling to survival in fortified city states Among them is Iulius a historian and a member of a secret society entrusted with a daunting mission to chronicle the key events that led to civilization's collapse He hopes this history might guide future generations or perhaps extraterrestrial visitors as they seek to understand the reasons for humanity's tragic fall One day Iulius receives a long awaited coded message indicating it's time to leave the safety of city state New Vancouver and deliver his manuscript to whoever and whenever his mentor Father Thomas says Once there he will also receive a hyper memory stick containing the accumulated knowledge of humankind that he must deliver to that person to that destination But the journey ahead is fraught with danger Beyond the city's walls lies a devastated wilderness teeming with billions of desperate feral survivors who have abandoned their humanity for the sake of a single goal survival Aided by an unlikely group of companions Iulius must navigate treacherous terrain evade bloodthirsty marauders and confront his own fears all while racing to complete his chronicle before he too becomes just another casualty of the apocalyptic wasteland
