R. Davies, 2019-09-19 Excerpt from Reinhold Niebuhr Prophet From America In this he is a very untypical American but very typical of prophetic Christianity In his sociological thinking he has anticipated a whole social development He has kept one step ahead of history That is what makes him a prophetic Christian revolutionary But also it is what makes him difficult for so many good uncomplicated souls to understand About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **Just War Thinkers Revisited** Daniel R. Brunstetter, Cian O'Driscoll, 2024-11-25 This book comprises essays that focus on a range of thinkers who challenge the boundaries of the just war tradition The ethics of war scholarship has become a rigid and highly disciplined activity closely associated with a very particular canon of thinkers This volume moves beyond this by presenting thinkers not typically regarded as part of that canon but who have interesting and potentially important things to say about the ethics of war The book presents 20 profile essays on an eclectic cast of heretics humanists and radicals from ancient Greece to the twenty first century who lived through and theorized about violence The book asks how ethics of war scholars might benefit from engaging with them Some of these thinkers engage directly with to augment or criticize the just war tradition while others contribute to military thinking across the ages pushing the boundaries of what was acceptable in war Many proffer alternative moral frameworks regarding the legitimacy of political violence The present volume thus invites scholars to reconsider the ethics of war in a way that challenges the standard delineation between just war theory realism and pacifism and to reflect on how those positions might inform our

own approach to these matters This book will be of much interest to students of just war theory ethics of war war studies and International Relations *The Theology of Reinhold Niebuhr* Edward J. Lovin, 2007 An introduction and significance of one of the twentieth century s most influential theologians Reinhold Niebuhr [The Dramatizing of Theology](#) Matthew S. Farlow, 2017-07-14 Matthew Farlow traces the thoughts of Balthasar and Barth so as to enter into theological truth of God s Being in Act This exploration embarks on a journey into the reality of our Triune God who has engaged his creation so as to elicit fellow actors God seeking out humanity is God with us a truth that not only informs our theological endeavors but invites us into the dramatic performance of reconciliation As Farlow illumines God is an acting God who seeks fellow participants in his ongoing drama of salvation Through the dramatizing of theology the

church and her theologians come to realize God's threefold movement: revelation, invitation, and reconciliation. It is a unified act that startles humanity and thus theology out of its spectator's seat so as to drag it onto the world's stage. As Farlow discusses, it is through the dramatizing of theology that we find ourselves best equipped to participate faithfully in the role of a lifetime.
