Religion And Business

Alfred John Morris

Religion And Business:

Religion and Business Roger Ward Babson, 1922 **Business and Religion in the American 1920s** Rolf Lunden, 1988-02-11 Addressing a phenomenon that continues to shape our culture today Professor Lunden presents a full length analysis of the relationship between business and religion during the 1920s He examines both the impact of the business mentality on Protestant institutions and values and the effects of religion on business Beginning with a discussion of business and entrepreneurship as determining factors in the development of American society Lunden looks at the position of the Protestant churches vis a vis business He next explores business attitudes toward religion Commenting on the adoption of specific Judeo Christian concepts religion Commenting on the adoption of specific Judeo Christian concepts he describes both how these concepts were applied in a business context and what concessions were made by business when Protestant values came into conflict with those of the commercial world In his final chapter he considers the implications of the business community's appropriation of religious functions and the widespread belief that its mission was linked to the redemption of society **The Religion of Business and Business of Religion. A Discourse [on Rom. Xii. 11], Etc** Alfred Bowen EVANS, 1856 Business and Religion Nicholas Capaldi, 2005 **The Gods of Business** Todd Albertson, 2012 Throughout recorded history the primary sources of conflict in life have been religion and ethics The 21st Century is right on track from the war in the Middle East to sectarian violence nearly everywhere else Hardly a day goes by without headlines about religious conflicts Additionally the news is filled with the shenanigans of Enron WorldCom and Solyndra forcing hard questions about business ethics to the forefront of people's minds THE GODS OF BUSINESS is an indispensable guide for discovering the intersection of faith and the marketplace In plain language Todd Albertson reveals the anatomy of the world's major religions Buddhism Christianity Confucianism Hinduism Islam Judaism Secular Postmodernism Shintoism and Sikhism and discusses how their spiritual traditions impact business ethics Provocative eye opening and funny THE GODS OF BUSINESS provides telling insights into the loudly proclaimed dogmas and silent subtleties that dramatically affect individuals businesspeople educators politicians journalists students and others who are unaware of or confused about diverse religious beliefs or who are just wishing they could turn back the clock and deal with their hometown ways of doing things THE GODS OF BUSINESS is as the MIDWEST BOOK REVIEW writes A must have primer for anyone unfamiliar with basic tenets of world religions in today's era of globalization *Impact of Religion on Business Ethics in Europe and the Muslim World* Ingmar Wienen, 1997 This research project assesses the extent to which religion influences standards and behaviour in business by comparing Islamic banking to co operative banking as carried out by both Christians and Muslims The study argues that Islamic banks are particular in the kind of products they offer namely the Islamic financial instruments On the other hand it is the organisation which is key to co operative banks An empirical investigation of over 100 banks has revealed that Islamic banks are conventional banks with a product range modified according to Islamic religious law Co

operative banks operate so as to help the poor an objective in line with both Islamic and Christian ethics The book demonstrates that Muslims and Christians can work together to foster development and to overcome poverty by referring to common ethical standards in business

Religion and Business; Or, Spiritual Life in One of Its Secular Departments Alfred John Morris,1853 *Religion and Business* Henry Albert Stimson,1894 **The ^ABusiness Turn in American Religious History** Amanda Porterfield,Darren Grem,John Corrigan,2017-07-19 Focusing on the interdependence of business and religious life in America this volume explores the business aspects of numerous religious organizations with attention to the financing production marketing and distribution of religious goods and services and to the role of wealth and economic organization in worship charity philanthropy institutional growth and missionary work Treating religion and business holistically the essays show how business practices have continually informed American religious life and how business has operated as a vital domain of religious life that historians of religion often overlook

Religious Perspectives on Business Ethics Thomas O'Brien,Scott Paeth,2006-11-17 In the first anthology of its kind Thomas O'Brien and Scott Paeth have gathered unique pieces from across religious perspectives to illustrate the growing influence and contribution of religion to the field of business ethics Events in the recent past make clear people in business urgently need to focus on the moral dimension of practices and behaviors Courses in business ethics are increasingly more prevalent in business schools and in departments of philosophy and religious studies and yet texts for these courses normally pay scant attention to the much needed religious perspective on what constitutes ethical practice and behavior O'Brien and Paeth now fill that need with this new text Tackling such wide ranging subjects as Jewish environmental ethics Zen in the workplace and Christian social ethics this text is a valuable addition to any business ethics course

Excerpt from Religion in Business and Business in Religion But for all that God s word abundantly declares that there is a very close connection between business and religion If there is one thing plainer than another in the Bible it is that God makes a difference between honesty and dishonesty and that He rewards men according to their deeds Whatever may be the relative standing of men on earth God tries them by their integrity or want of integ rity and blesses the one while He curses the other Here then is the ground on which I venture to have something to say to you I have not to teach you how to make money but how to serve God About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
