

RELIGION AFTER FORTY

JOHN CHARLES COOPER

John C. Cooper writes: "This is a book about people of my own generation, born 1890 and thereafter, who have reached the age of 40. This is not about the avant-garde or far-out groups alone, but about the average, everydayness of the lives of us all, as we try to adjust to a world we helped make, although we may not understand it."

Dr. Cooper starts with the youthful crisis of faith many of us have faced and moves on to the more deep-seated crisis of spirituality through which many of us are now passing. The people of his book are real, persons drawn from the daily life of a pastor-professor-writer, who spends his days in touch with life, learning from it. The people he discusses are real citizens, contributing members of society because of their age, education, experience and social position. Yet like the more publicized youth generation, his generation has its problems and problems too.

Dr. Cooper examines the intolerance in Christian and other popular literature that stresses youth involvement

RELIGION AFTER FORTY by JOHN CHARLES COOPER

Religion After Forty

H. L. Mencken

Religion After Forty:

The World's Religions after September 11 Arvind Sharma, 2008-11-30 This set is an unprecedented examination of religion's influence on modern life an honest assessment of how religion can either destroy us or preserve us and a thorough exploration of what steps might be necessary for all religions to join together as a force for good Convening on the fifth anniversary of the terrorist attack on the World Trade Center the global congress The World's Religions after September 11 explored the negative and positive possibilities of the religious dimensions of life The presentations from the congress have been pulled together in this set which addresses religion's intersection with human rights spirituality science healing the media international diplomacy globalization war and peace and more This comprehensive set includes contributions from such well known scholars of religion as Arvind Sharma and a host of others from all the world's religious traditions This set is an unprecedented examination of religion's influence on modern life an honest assessment of how religion can either destroy us or preserve us and a thorough exploration of what steps might be necessary for all religions to join together as a force for good Because of the attack on the World Trade Center on September 11 2001 the very concept of religion underwent a paradigm shift Instead of standing for virtue and piety peace and harmony the word religion also came to be inextricably associated with evil aggression and terror People around the world began to question whether the religious and secular dimensions of modern life can be reconciled whether the different religions of the world can ever coexist in harmony Indeed the very future of religion itself has sometimes seemed to be uncertain or at least suspect **Religion After Forty** John Charles Cooper, 1973 **The History of the Religious Movement of the Eighteenth Century, Called Methodism. New Edition, Reprinted from the Twenty-second American Edition** Abel STEVENS, 1860 The History of Western Philosophy of Religion Graham Oppy, N. N. Trakakis, 2016-09-17 The History of Western Philosophy of Religion brings together an international team of over 100 leading scholars to provide authoritative exposition of how history's most important philosophical thinkers from antiquity to the present day have sought to analyse the concepts and tenets central to Western religious belief especially Christianity Divided chronologically into five volumes The History of Western Philosophy of Religion is designed to be accessible to a wide range of readers from the scholar looking for original insight and the latest research findings to the student wishing for a masterly encapsulation of a particular philosopher's views Together these volumes provide an indispensable resource for anyone conducting research or teaching in the philosophy of religion and related fields such as theology religious studies the history of philosophy and the history of ideas The History of the Religious Movement of the Eighteenth Century, Called Methodism Abel Stevens, 1861 **World Religions** Edwin Fear, G. A. Mohr, 2015-03-28 World Religions This revolutionary book discusses the multitude of often contradictory religions developed by man Key features of the book include Man's physical evolution briefly discussed Religious evolution from animism to theism Historical and current religions of the world 1 Africa and Oceania 2 The Americas and West Indies 3 Europe and

Northern Asia 4 The Middle East 5 India 6 China and Japan Many new religions and sects a In the period 1500-1900 b Since 1900 Alternative credos are discussed a Quasi religions movements b Philosophical beliefs c Scientific beliefs d Political beliefs How religions are created and spread Key issues 1 Proliferation of new religions and sects 2 Religious persecution and conflict 3 Religious corruption and terrorism Mohronism a new religion based on Mohr's ten laws and including Murphy's law Recommendations including a Mohr's contact theory b Mere exposure research Industry and reader comment has included the following Some provocative and timely issues A prophetic warning A huge topic It could outsell the Bible G A Mohr did his PhD in Cambridge where his father helped split the atom Geoff Mohr published papers and books on subjects ranging from engineering to corrosion and cancer His books A Microcomputer Introduction to the Finite Element Method A Treatise on the Finite Element Method and Finite Elements for Solids Fluids and Optimization established him as a world leading scientist His recent books include the following The Pretentious Persuaders The Variant Virus The Doomsday Calculation The War of the Sexes Heart Disease Cancer Aging 2nd edn The History Psychology of Human Conflict 2045 A Small Town Survives Global Holocaust Elementary Thinking for the 21st Century The legendary John Argyris called Geoff Mohr The greatest scientist in Australia Edwin Fear is a descendant of Anne Boleyn whose husband founded the Church of England He gained a diploma of business science DBS majoring in marketing from IASC He contributed to many research papers and books and cowrote The Evolving Universe Relativity Redshift and Life From Space with G A Mohr and Richard Sinclair

H.L. Mencken on Religion H. L. Mencken, 2010-08-25 No one ever argued more forcefully or with such acerbic wit against the foolish aspects of religion as H L Mencken 1880-1956 As a journalist he gained national prominence through his newspaper columns describing the now famous 1925 Scopes trial which pitted Fundamentalists against a public school teacher who dared to teach evolution But both before and after the Scopes trial Mencken spent much of his career as a columnist and book reviewer lampooning the ignorant piety of gullible Americans S T Joshi has brought together and organized many of Mencken's writings on religion in this provocative and entertaining collection The articles here presented demonstrate that Mencken canvassed the entire range of religious phenomena of his time from evangelists Billy Sunday and Aime Semple McPherson to Christian Scientists and theosophists and spiritualists On a more serious note are his discussions of the philosophy of Friedrich Nietzsche and the scientific worldview as a rival to religious belief Also included are poignant autobiographical accounts of Mencken's own upbringing and his core beliefs on religion ethics and politics If anything was sacred to Mencken it was the right to speak one's mind freely and many of his attacks are directed against those true believers who he felt tried to foist their beliefs on others to stifle independent thinking For everyone who values freethought and sharp intelligence this collection of articles by America's premier iconoclast is a must *Disce Mori: Learn to Die. A Religious Discourse, Mouing Euery Christian Man to Enter Into a Serious Remembrance of His End* Christopher Sutton, 1626

Ancient Mediterranean Religions John C. Stephens, 2016-06-22 This book offers a clear and concise historical overview of

the major religious movements of the ancient Mediterranean world existing from the time of the second millennium BCE up until the fourth century CE including both the Judeo Christian and pagan religious traditions Recognizing the significant role of religious institutions in human history and acknowledging the diversity of religious ideas and practices in the ancient Mediterranean world religion is defined as a collection of myths beliefs rituals ethical practices social institutions and experiences related to the realm of the sacred cosmos Without focusing too much attention on technicalities and complex vocabulary the book provides an introductory road map for exploring the vast array of religious data permeating the ancient Mediterranean world Through an examination of literary and archeological evidence the book summarizes the fundamental religious beliefs and practices of the ancient Near Eastern world including the religious traditions of ancient Mesopotamia Egypt and Israel Turning westward the fascinating world of ancient Greek and Roman religion is considered next The discussion begins with a description of Minoan Mycenaean religion followed by a consideration of classical Roman and Greek religion Next the numerous religious movements that blossomed during Hellenistic Roman times are discussed In addition the fundamental theological contributions of various Greco Roman philosophical schools of thought including Orphism Stoicism Pythagoreanism Platonism and Neo Platonism are described Greco Roman philosophy functioned as a quasi religious outlook for many and played a decisive role in the evolution of religion in the classical and Hellenistic period The theological speculations of the philosophers regarding the nature of God and the soul made a huge impact in religious circles during the classical and Hellenistic era Moving forward in history from archaic and classical times to the later Hellenistic Roman period the old religious order of the past falls by the wayside and a new updated religious paradigm begins to develop throughout the Mediterranean world with a greater emphasis being placed upon the religious individual and the expression of personal religious feelings There are several important social and historical reasons for this shift in perspective and these factors are explained in the chapter focusing upon personal religion in Hellenistic times Since the entire religious topography of the ancient Mediterranean world is rarely outlined in a single volume this book will be a welcome addition to anyone s library

Religion, Flesh, and Blood Pamela Leong, 2015-05-06 This is a case study of one congregation within the Unity Fellowship Church Movement that relies on therapeutic religion a form of religion that strives to equip individuals with psychological capital by enabling self expressions and affirmations of social differences The therapeutic ethic that characterizes this congregation has enabled some freedoms that are otherwise disallowed in traditional congregations These new freedoms inadvertently have led to certain excesses including overtly sexual language and behaviors But this is not to say that the congregation disregards conventional norms altogether or that therapy is used simply as an excuse for self indulgence Rather in spite of the occasional messiness that may arise there is something significant and deep about therapeutic religion For religious organizations serving traumatized and marginalized populations in particular therapeutic religion may be pivotal in helping to reintegrate the wounded back into the community folds

The Religious system of

China J. J. M. de Groot, 2025-01-27 *Religious Diversity and the American Experience* Terrence W. Tilley, 2007-05-25 This is a textbook intended for graduate and undergraduate students of theology on the topic of theology and religious diversity. A textbook on the crucial theological question of our time: religious pluralism rooted in the American experience. **The Life of Ludwig Van Beethoven** Alexander Wheelock Thayer, Beethoven Association (New York, N.Y.), 1921 **Sacred Scriptures of the World Religions** Joan Price, 2010-02-17 Price examines religions across the world offering an insight into each tradition's views of the world through their scriptural texts and spiritual practices. *Origin of Religions* Domenic Marbaniang, **Religion and the Individual: Belief, Practice, and Identity** Douglas J. Davies, Michael J. Thate, 2018-07-05 This book is a printed edition of the Special Issue Religion and the Individual: Belief Practice and Identity that was published in Religions. **The Strange and Prodigious Religions, Customs, and Manners, of Sundry Nations ... Faithfully Collected from Ancient and Modern Authors; and Adorned with Divers Pictures of Several Remarkable Passages Therein. By R. D. [i.e. Nathaniel Crouch.]** R. B., 1683 Comparative Study Of World Religions Dr. Jaswant Singh Dhillon, 2023-02-21 This book is titled Comparative Studies of World Religions and covers the seven major religions: Judaism, Christianity, Islam, Hinduism, Buddhism, Sikhism, and Jainism. The final chapter includes information about the important roles of women in ancient and contemporary history. *Essays on World Religions* Domenic Marbaniang, 2012-12-21 This book contains essays by Domenic Marbaniang on topics such as the Origins of Religions, the Need of Studying World Religions, the Main Teachings of Hinduism, Islam, and Buddhism, the problem of Religious Violence, and other essays. The essays were written between the years 2002 and 2012. *American Religious Traditions* Richard E. Wentz, Accompanying CD ROM contains full text of the book, chapter summaries, discussion questions, and many web resources and Libronix software which offers such features as topic searching, bookmarking, notetaking, and highlighting. p 4 of cover
