Religion And Artificial Reproduction:

Religion and Artificial Reproduction Thomas Anthony Shannon, Lisa Sowle Cahill, 1988 **Reproductive Technologies** Thomas Anthony Shannon, 2004 Over a decade ago the field of bioethics was established in response to the increased control over the design of living organisms afforded by both medical genetics and biotechnology As part of the Readings in Bioethics series this volume collects critical essays by leading scholars on reproductive technologies abortion in vitro fertilization prenatal diagnosis and cloning Visit our website for sample chapters **Contemporary Issues in Bioethics** James J. Walter, Thomas A. Shannon, 2005-12-08 Contemporary Issues in Bioethics A Catholic Perspective applies the best of the Roman Catholic theological and ethical tradition to some of the most controversial and complex bioethical topics that confront contemporary society Walter and Shannon offer a fresh analysis of the Catholic tradition and show how a distinctively Catholic perspective can inform public discussion of these issues In an age where religion is often excluded from ethical discussions on bioethical issues this book shows that the Catholic tradition has something very important to offer Book Jacket **Kinship, law and religion** Shirin Naef, 2017-05-15 This monograph examines the Iranian and Shia legal debates on technologies of assisted reproduction including embryo donation and surrogacy and looks at the regulations and implementation of these technologies in Iran In particular it addresses 1 an analysis of the moral reasoning embedded in the Shia theological legal discourse on reproductive technology and how this tradition interprets assisted reproduction with a particular focus on underlying concepts structure and principles of kinship 2 the emergence and development of the relevant legislation regulations and administrative policies and how this might shape the relationship between civil and religious law in Iran and 3 the ways in which reproductive technology is used and understood with particular focus on underlying values local narratives and the resulting societal dynamics The methodological approach for this research is a combination of extensive ethnography and textual analysis of important academic and religious seminary publications in Iran from Shia jurisprudence fiqh and Persian histories to the analysis of laws and verdicts **The Oxford Handbook of Religious Perspectives on Reproductive Ethics** Davis, 2023 As I write this introduction the third season of the Israeli series Schtisel has arrived on Netflix eagerly awaited by viewers around the world who would never have imagined how caught up they would get by this family drama of four generations of ultra Orthodox Jews living in Jerusalem One episode focuses on Ruchami and Hanina a young couple who have been married for five years but without children It turns out that pregnancy and childbirth would threaten Ruchami's life She is using an IUD but she keeps threatening to have it removed risking her life to become a mother Finally with great reluctance Hanina visits the rebbe the spiritual authority in their community to discuss the possibility of using a surrogate They are says the rebbe caught between two non ideal situations surrogacy normally forbidden is non ideal but so is Ruchami's unhappiness and the possibility that she might go ahead and take the risk which is also forbidden **IVF and Assisted Reproduction** Sarah Ferber, Nicola J. GenEthics and Religion Georg Pfleiderer, Gabriela Brahier, Klaus Lindpaintner, 2010-01-01 Human gene and cell technology is a diverse and rapidly evolving field of research As genes represent the blueprint of an organism their analysis and manipulation is a challenge to our understanding of human nature Stem cell research genetic testing gene therapy therapeutic and reproductive cloning all these fields of application have been raising fundamental ethical and religious theological questions When does human life begin Should human beings be allowed to interfere with natural procreation or to manipulate the genome of their own species Is genetic engineering tantamount to playing God Based on the symposium GenEthics and Religion held in Basel Switzerland in May 2008 this volume examines the role religion can play in establishing ethical guidelines to protect human life in the face of rapid advances in biology and especially gene technology It does so in a

multidisciplinary way with contributions by philosophers theologians human geneticists and several bioethicists representing the Christian Jewish Islamic and Buddhist perspectives The essays illustrating a diversity of views and expressing the problems and self critical reflectiveness of religious ethicists have been brought up to date and discuss the importance of religious ethics in society s discourse on gene technology **Faith and Fertility** Eric Blyth,Ruth Landau,2009 Faith and Fertility is a comprehensive collection of essays by academics and faith leaders The reader is introduced to the cultural and religious understanding of fertility as it is practised among diverse international faith traditions Each chapter is written in an accessible style outlining each faith s history core beliefs and values **Assisted Reproduction** Alexandra E. Salzman,Michael G. Lawler,2015-11-23 This book has two objectives one explicit and one implicit The explicit objective is to explore the normative implications for both general and sexual ethics of the methodological and anthropological developments in Catholic tradition The implicit objective is to stimulate dialogue in the Church about ethics particularly sexual ethics a dialogue that must necessarily include all in the communion Church laity theologians and hierarchy Since we believe that genuine and respectful dialogue about sexual morality is sorely needed to clarify Christian truth today we intend this book to be part of that genuine dialogue **Philosophical Ethics in Reproductive Medicine** David R. Bromham,Maureen E. Dalton,Jennifer C. Jackson,1990 **Law, Religion, and Health in the United States** Holly Fernandez Lynch,I.
