Reselection Of Mps

John Golding

Reselection Of Mps:

Hammer of the Left John Golding, 2016-02-16 We went into the general election with an unelectable leader in a state of chaos with a manifesto that might have swept us to victory in cloud cuckoo land but which was held in contempt in the Britain of 1983 It is said that those who do not learn from past mistakes are doomed to repeat them and though Golding was describing the Labour Party of the early 1980s he could just as easily have been talking about its situation today A lurch to the left and a party in turmoil the ascension of Jeremy Corbyn as Labour leader will for many trigger only unhappy memories of the dark days of the 1970s and 80s when the party was plagued by a civil war that threatened to end all hopes of re election In that battle moderate elements fought the illiberal hard left for the soul of Labour that they won paving the way for later electoral successes was down to men and women like John Golding In this visceral no holds barred account Golding describes how he took on and helped defeat the Militant Tendency and the rest of the hard left providing not only a vivid portrait of political intrigue and warfare but a timely reminder for the party of today of the dangers of disunity and of drifting too far from electoral reality

The Battle for the Labour Party David Kogan, Maurice Kogan, 2018-08-16 The Battle for the Labour Party was first published in 1981 and was referenced by Tony Benn in his 1980 1990 diaries as a valuable guide to the developments within the Labour party at this time This 1982 updated edition is an essential resource for all who are interested in understanding the history of the Labour Party from 1973 1982 The continuing power struggle within the Labour Party had raged for decades and had drastic effects on its popularity and credibility At the 1982 party conference the division between the Left and Right sharpened Tony Benn s attempts to get into the shadow cabinet the defection of members to the SDP the Militant inquiry and the Tatchell affair all added to this general disenchantment This 1982 edition accurately describes how these events developed There are two additional chapters which deal with the activities of New Left groups in London boroughs and with the fightback of the Right between the two party conferences Interviews with major figures including Shirley Williams and Roy Grantham shed light on the events of the time There is also more detailed insight into the GLC and events within London For everyone interested or involved in the history of British politics The Battle for the Labour Party provides an insightful and thought provoking account of a fascinating piece of history

The End of Parliamentary Socialism Leo Panitch, Colin Leys, 2001-05-17 Argues against the assertion that there is no alternative to neo liberalism

Political Recruitment Pippa Norris, Joni Lovenduski, 1995 In this compelling book Pippa Norris and Joni Lovenduski provide the first full account of legislative recruitment in Britain for twenty five years Their central concern is how and why some politicians succeed in moving into the highest offices of state while others fail The book examines the relative dearth of women black and working class Members of Parliament and whether the evident social bias in the British political lite matters for political representation Legislative recruitment concerns the critical step from lower levels activists local counsellors to a parliamentary career The authors draw evidence from the first systematic surveys of parliamentary

candidates Members of Parliament and party selectors as well as detailed personal interviews The study explores how and why people become politicians and the consequences for parties legislatures and representative government **The**

Electoral System in Britain Robert Blackburn,2016-07-27 This excellent new book provides a comprehensive account of the British system of parliamentary elections It contains a description of the current structure and operation of the electoral system and pays special attention to those subjects which have given rise to political concern or controversy in recent years There is extensive analysis and commentary upon the different proposals for reform which are currently in debate and the author puts forward his own conclusions on how the electoral system should be developed in the years ahead to modernise and improve the quality of representative democracy in Britain *The modernisation of the Labour Party, 1979-97*

Christopher Massey,2020-07-06 This monograph recasts the modernisation of the Labour Party and sheds new light on Labour s years in the wilderness between 1979 and 1997 The monograph uniquely traces the party s major organisational changes across its eighteen years of opposition Labour s organisational modernisation in this period fundamentally altered the party s internal structures policy making pathways and constitution The study begins with an investigation into the scene inherited by Labour s leadership in the early 1980s and examines Neil Kinnock s quest for a stable majority on the party s ruling National Executive Committee between 1983 and 1987 From this position the monograph surveys the major organisational changes of the Labour Party in their period of opposition the Policy Review 1987 92 One Member One Vote 1992 94 Clause IV 1995 96 and Partnership in Power 1996 97 Through a re examination of Labour s modernisation in the light of new source material and extensive primary interviews this research significantly contributes to the understanding of the rise of New Labour **Fightback!** Dianne Hayter,2024-07-30 This book tells the story of how the moderate right in the

Labour Party trumped by the left for a decade and weakened by defections to the SDP in 1981 fought back organisationally to regain control of the party by 1985 producing an NEC supportive of Neil Kinnock and ready to expel Militant introduce One Member One Vote and return the party to electability It describes the Manifesto Group of Labour MPs Labour Solidarity Forward Labour and the all important but secret St Ermins Group of senior trade unionists each of which strove to ensure that the party represented Labour voters and trade union members Written by an insider it draws on extensive interviews with all the key players and unique access to private papers and closed archives to explain how the moderates triumphed over the hard left *New Labour and Thatcherism* R. Heffernan,2000-04-19 Labour s 1997 victory was widely credited to

the party s reinvention of itself as New Labour This book argues that the transformation of the Labour Party is best understood as the product of Thatcherism and marks the emergence of a new consensus in British politics *Parliament*

Today Andrew Adonis,1993 Updated to take account of the 1992 election and ensuing developments this book is a guide to Parliament s contemporary role and operation and to prospects for reform in the 1990s **Political Candidate Selection**

Jeanette Ashe,2019-12-05 The secret garden of politics where some win and others lose their candidate selection bids and

why some aspirant candidates are successful while others fail have been enduring puzzles within political science This book solves this puzzle by proposing and applying a universally applicable multistage approach to discover the relationship between selection rules selectors biases aspirants attributes and selection outcomes Rare party and survey data on winning and losing candidates and insider views on what it takes to win a selection contest at multiple selection stages are compared and used to reveal the inner workings of the secret garden With a primary focus on the British Labour party over several elections the findings challenge many long held assumptions about why some aspirant candidate types are successful over others and provides real world and controversial solutions to addressing women s and other marginalised groups descriptive underrepresentation As such it provides a much needed fresh look at party selection processes and draws new conclusions as to why political underrepresentation occurs and should inform policies to remedy it This text will be of key interest to scholars and students of gender and ethnicity in politics political parties and candidate selection and more broadly to the study of political elites comparative politics sociology labour studies gender race and disability studies and to practitioners

You Can't Say That Ken Livingstone, 2011-10-24 A frank gripping and moving and controversial autobiography from one of the most idiosyncratic and effective politicians of the last fifty years His political convictions his distance from New Labour and his direct plain speaking style and personality have allowed him to survive longer than any of his contemporaries as a man of principle and influence From his eccentric South London working class childhood to running one of the biggest cities in the world Livingstone is one of the very few politicians to have scored a major victory over the Thatcher Government and has championed issues as diverse as the environment gay rights and anti racism Written in Livingstone s unmistakable voice by turns angrily sincere about social justice wickedly droll and gossipy and surprisingly wistful about people he has known and loved this is a hugely important and remarkable book from one of the very few respected politicians at work today

Politics Today, 1992 Party, Parliament and Personality Peter Jones, 2002-11-01 This is a collection of essays on political psychology commissioned to commemorate the retirement of Hugh Berrington and to celebrate his contribution to the field the authors comprise some of the best known names in Political Science in the UK including Ivor Crewe Vincent Wright David Hine and Iain McLean The central focus of the volume is British Politics but the book also contains a number of comparative chapters including David Hine s on the political psychology of corruption which focuses on Italy The book also contains theoretical chapters including Albert Weale s on the central nature of disagreement in democratic politics The bulk of the chapters are concerned with the psychology of individual political actors but there is also a chapter on the psychology of individual political theorists which focuses on Thomas Hobbes and Jean Jacques Rousseau *Gender, Institutions and Political Representation* Cristina Chiva, 2017-11-21 This book traces the struggles over the institutions of political representation in Central and Eastern Europe focusing on the factors that have held women back over the post communist period as well as on the growing evidence for change throughout the region Post communist Europe has long raised two

puzzles for scholars of women's representation in politics First why have women been under represented in politics in every country in the region since communism's collapse Secondly why are there relatively few cases where women's advocates have been successful in pressing for change This comparative study of Europe's new democracies argues that these puzzles are best understood as questions about male dominance that is about the mechanisms that sustain or alternatively change long established patterns of male over representation in politics over time The author covers six EU member states Bulgaria the Czech Republic Hungary Poland Romania and Slovakia during the period 1990-2016 The book will be of use to students and scholars in the fields of Comparative Politics Democracy and Democratization European Studies Gender Studies Post Communist Studies and Central and Eastern European Studies **British Politics and the Policy Process** A. G. Jordan, J. J. Richardson, 2024-12-06 In *British Politics and the Policy Process* originally published in 1987 Grant Jordan and Jeremy Richardson provide an introduction to the workings of British political process and a guide to the ways in which it can be studied They show how political decisions are taken and policies are adopted inside Parliament in the political parties and in cabinet and how they are mediated and influenced by for example the civil service and pressure groups In doing so they draw widely on case study material and systematically utilize the memoir material of ex Ministers and civil servants to give a realistic feel for policy making at the centre of British politics This book is however interpretative as well as descriptive The authors argue that Parliament is usually marginal to political decision making and powerfully reject the thesis of adversary politics which holds that British politics undergoes major change when there is a switch in party control of Government This then is a textbook that will serve as an ideal introduction to students of British government and comparative politics but which is also a stimulating and original contribution to current debates in political science *Building New Labour* M. Russell, 2005-03-21 New Labour was defined in part by wide ranging reforms to the party's internal democracy These included changes to how candidates and leaders are selected changes to policy making processes and a programme of quotas that transformed women's representation in the party In the first book to analyse all these reforms in depth Meg Russell asks what motivated them to what extent they were driven by leaders or members and what they can teach us both about party organisational change and the nature of power relations in the Labour Party today *Tony Benn* Jad Adams, 2011-10-31 Tony Benn has been portrayed as both hero and villain as a creative and as a destructive force This comprehensively revised edition of Jad Adams's classic biography is written with unparalleled access to Benn's private records and describes the long and turbulent career of one of the most charismatic politicians of the last hundred years The first biography to have been written with full access to the Benn archives chronicles the behind the scenes story of Benn's bitter battles with every leader of the Labour Party since Gaitskell It details his service in the governments of Wilson and Callaghan his role as a champion of the left during the Labour Party's long period in opposition his retirement from Parliament to spend more time involved in politics in 2001 and his subsequent emergence as a leading figure of the British opposition to the war in Iraq **Nested**

Games George Tsebelis,1991-08-12 Clearly written and easily understood by the nonspecialist Nested Games provides a systematic empirically accurate and theoretically coherent account of apparently irrational political actions

The World Turned Upside Down? Greg Albo,Leo Panitch,2018-12-24 A World Turned Upside Down poses two overarching questions for the new period opened by the Trump election and the continued growth of right wing nationalisms Is there an unwinding of neoliberal globalization taking place or will globalization continue to deepen but still deny the free cross border movement of labor Would such an unwinding entail an overall shift in power and accumulation to specific regions of the Global South that might overturn the current world order and foster the disintegration of the varied regional blocs that have formed These questions are addressed through a series of essays that carefully map the national class racial and gender dimensions of the state capitalism and progressive forces today Sober assessment is crucial for the left to gain its political bearings in this trying period and the uncertainties that lie ahead

Change In British Politics Hugh Berrington,2005-06-21 First Published in 2004 The most striking change in British politics during the seventies and early eighties was the undermining and then the end of the post war British consensus That consensus had been long in decline before the final seals were set by Mrs Thatcher s victories in 1979 and 1983 The consensus and the end itself had profound effects on the British polity they unsettled the distribution of power within the political parties and hence the working of the institutions of the government the direction of economic policy the character of local government and relations between government and interest groups were transformed What accounts for the ending in the mid 1970s of the policy consensus which characterised British politics for most of the post war period The essays in this collection seek to explore the causes and some of the consequences of this breakdown

Right here, we have countless ebook **Reselection Of Mps** and collections to check out. We additionally allow variant types and plus type of the books to browse. The standard book, fiction, history, novel, scientific research, as without difficulty as various new sorts of books are readily available here.

Reselection Of Mps Introduction

In today's digital age, the availability of Reselection Of Mps books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Reselection Of Mps books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Reselection Of Mps books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Reselection Of Mps versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Reselection Of Mps books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Reselection Of Mps books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Reselection Of Mps books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital

libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Reselection Of Mps books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Reselection Of Mps books and manuals for download and embark on your journey of knowledge?
