Resistenza Spirituale Spiritual Resistan:

The Holocaust in University Teaching Gideon Shimoni, 1991 Focuses on teaching about the Holocaust in universities The book includes essays on the possibility of multi disciplinary teaching the place of theological and philosophical reflection and the use of art and film in teaching the subject Syllabuses are also presented in the book Ostjuden in Central and Western Europe Jonathan Frankel, 1984 **After Auschwitz** Northern Centre for Contemporary Art (Sunderland, Tyne and Wear, England), 1995 The senseless horror of the Holocaust continues to send shockwaves through history Few would question its profound influence on post war philosophy morality theological and political thinking Yet the impact of the Holocaust on the Fine Arts and in particular on contemporary art has still not received the attention it deserves This new publication accompanies a pioneering touring exhibition It comprises a series of illustrated essays by leading experts addressing the art produced by victims of the Holocaust during the Holocaust the influence of the Holocaust on artists who were not camp inmates working during the war and in the post war period Holocaust memorials and their significance and the work of a younger generation of artists many of them non Jews whose relationship to the Holocaust is more oblique Among the artists included are R B Kitaj Picasso Francis Bacon Magdalena Abakanowicz Christian Boltanski Melvin Charney Shimon Attie Zoran Music Susanna Pieratzki Mick Rooney and Nancy Spero The works selected have in common a determination not to rely on over used visual stereotypes nor to indulge in nostalgia morbidity or sentimentality Aesthetically compelling they force us to reassess a subject all too often dismissed as overworked and to reconsider the nature and potential of artistic activity after Auschwitz as the century nears its end Zeichnen im Exil - Zeichen des Exils?
