Responsibility *and* Judgment

HANNAH ARENDT

Edited and with an introduction by Jerome Kohn

Chicago: Rand McNally, 1963

Responsibility And Judgment

Laura Ausserladscheider Jonas

Responsibility And Judgment:

Responsibility and Judgment Hannah Arendt, 2009-04-02 Each of the books that Hannah Arendt published in her lifetime was unique and to this day each continues to provoke fresh thought and interpretations This was never more true than for Eichmann in Jerusalem her account of the trial of Adolf Eichmann where she first used the phrase the banality of evil Her consternation over how a man who was neither a monster nor a demon could nevertheless be an agent of the most extreme evil evoked derision outrage and misunderstanding The firestorm of controversy prompted Arendt to readdress fundamental questions and concerns about the nature of evil and the making of moral choices Responsibility and Judgment gathers together unpublished writings from the last decade of Arendt's life as she struggled to explicate the meaning of Eichmann in Jerusalem At the heart of this book is a profound ethical investigation Some Questions of Moral Philosophy in it Arendt confronts the inadequacy of traditional moral truths as standards to judge what we are capable of doing and she examines anew our ability to distinguish good from evil and right from wrong We see how Arendt comes to understand that alongside the radical evil she had addressed in earlier analyses of totalitarianism there exists a more pernicious evil independent of political ideology whose execution is limitless when the perpetrator feels no remorse and can forget his acts as soon as they are committed Responsibility and Judgment is an essential work for understanding Arendt's conception of morality it is also an indispensable investigation into some of the most troubling and important issues of our time *Social Psychological Approaches to Responsibility and Justice* V. Lee Hamilton, 1992 **Uniform Motor Vehicle Safety**

Responsibility Act, 1934 **The Responsibility to Protect** Jared Genser, Irwin Cotler, 2012 The Responsibility to Protect provides a comprehensive view on how this contemporary principle has developed and analyzes how to best apply it to current humanitarian crises **The Relationship Between State and Individual Responsibility for International Crimes** Beatrice Bonafè, 2009-02-23 This book offers a unique comparison between state and individual responsibility for international crimes and examines the theories that can explain the relationship between these two regimes The study provides a comprehensive and systematic analysis of the relevant international practice from the standpoint of both international criminal law and in particular the case law of international criminal tribunals and state responsibility The author shows the various connections and issues arising from the parallel establishment of state and individual responsibility for the commission of the same international crimes These connections indicate a growing need to better co-ordinate these regimes of international responsibility The author maintains that a general conception according to which state and individual responsibility are two separate sets of secondary rules attached to the breach of the same primary norms can help to solve the various issues relating to this dual responsibility This conception of the complementarity between state and individual responsibility justifies co-ordination and consistent application of these two different regimes each of which aims to foster compliance with the most important obligations owed to the international community as a whole **Responsibility**

on Trial Liana Georgieva Minkova, 2023-02-16 Establishing individual criminal responsibility for mass atrocities is the foundational principle of international criminal justice but this process is highly complex and is accompanied by political and legal dilemmas about its operation The book examines the drafting interpretation and application of the rules for assessing individual criminal responsibility as those rules emerge from the intense contestations among judges lawyers and academics within the legal field Focusing on the International Criminal Court ICC the book provides a rich analysis of the international debates around questions of criminal responsibility by interrogating formal legal documents and legal scholarship alongside more candid accounts interviews memoirs minutes These debates are of key importance for international criminal law and global justice because how criminal responsibility laws are construed in practice determines which conduct merits punishment and ultimately demarcates the boundaries of what are considered the gravest acts that shock humanity

Complicity and its Limits in the Law of International Responsibility Vladyslav Lanovoy, 2016-09-22 This book examines the responsibility of States and international organizations for complicity aid or assistance in an internationally wrongful act Despite the recognition of responsibility for complicity as a rule of customary international law by the International Court of Justice this book argues that the effectiveness and utility of this form of responsibility is fraught with systemic and operational limits These limits include a lack of clarity in its constituent elements its co existence with primary rules prohibiting complicity and the obligations of due diligence its implementation and the underlying causal tests its uncertain relationship to other forms of shared and indirect responsibility and its potential as a form of attribution of conduct This book submits that the content and elements of this form of responsibility need adjustments to respond more effectively to the phenomenon of complicity in international affairs Awarded The Paul Guggenheim Prize in International Law 2017 **The**

International Criminal Responsibility of War's Funders and Profiteers Nina H. B. Jørgensen, 2020-09-17 This book is concerned with the commercial exploitation of armed conflict it is about money war atrocities and economic actors about the connections between them and about responsibility It aims to clarify the legal framework that defines these connections and gives rise to criminal or in some instances civil responsibility referring both to mechanisms for international criminal justice such as the International Criminal Court and domestic systems It considers which economic actors among individuals businesses governments and States should be held accountable and before which forum Additionally it addresses the question of how to recover illegally acquired profits and redirect them to benefit the victims of war The chapters shine a critical light on the options provided by a network of laws to ensure that the great industrialists of our time who find economic opportunities in the war ravaged lives of others are unable to pursue those opportunities with impunity

Arendt's Judgment Jonathan Peter Schwartz, 2016-05-18 In Arendt's Judgment Jonathan Peter Schwartz explores the nature of human judgment the subject of the planned third volume of Hannah Arendt's *The Life of the Mind* which was left unwritten at the time of her death Arguing that previous interpretations of Arendt failed to fully appreciate the central place

of judgment in her thought Schwartz contends that understanding Arendt's ideas requires not only interpreting her published work but also reconstructing her thinking from a broader range of sources including her various essays lecture course notes unpublished material and correspondence When these sources are taken into account it becomes clear that for Arendt political judgment was the answer to the question of how human freedom could be realized in the modern world This new approach to understanding Arendt leads to what Schwartz argues are original insights Arendt can teach us about the nature of politics beyond sovereignty and the role of human agency in history Above all her novel understanding of the authentic nature and purpose of political philosophy is finally revealed Schwartz claims that in her theory of political judgment Arendt presented a vision of political philosophy that is improved and deepened by the contributions of ordinary active citizens Along with challenging previous interpretations Arendt's Judgment provides a roadmap to her published and unpublished work for scholars and students

An Ethic of Responsibility in International Relations Daniel Warner, 1991 Questioning many of the traditional assumptions found in discussions of ethics in international relations Warner introduces a new way of thinking about moral responsibility and invites reflection on the nature of communities and states

Collective Responsibility and Accountability under International Law Shane Darcy, 2007-03-30 Collective Responsibility and Accountability under International Law examines the extent to which the basic principle of individual responsibility accommodates liability for the acts of others It examines the debates and legal developments surrounding collective responsibility under international law The philosophical debates on collective responsibility provide an introduction to the examination of whether collective responsibility is ever appropriate or even lawful under international law As the international criminal justice project begins to flourish it is of paramount importance that the extent of the potential liability of individuals for the acts of others is clarified and held up to rigorous scrutiny It is of equal importance that there is a clear understanding of whether the means of responding to ongoing violations of international humanitarian law can include measures based on collective responsibility Global events have created an impetus for the parameters of responsibility to be clearly defined The rise of non State actors within the international legal regime raises complex questions surrounding their status power and the means for holding them accountable Published under the Transnational Publishers imprint

Individual Criminal Responsibility for the Financing of Entities involved in Core Crimes Laura Ausserladscheider Jonas, 2021-12-28 War crimes crimes against humanity genocide and the crime of aggression so called core crimes often could not be committed without financial assistance This book examines the basis for individual criminal liability under international law for persons who finance core crimes Despite the need for clear rules neither international courts nor scholars agree upon whether or not or under what circumstances such liability exists To determine the minimum standard of liability this work analyses the legal rules relating to complicity both under international criminal law and domestically in twenty selected jurisdictions in Africa Asia Europe Latin America North America and Oceania The aim of these analyses is to

determine whether there are general principles of law recognised by the community of States regarding the minimum standard of liability for aiders and abettors This book proposes a comparative framework for assessing legal rules relating to complicity and it advances a normative claim as to how legal rules should be structured concerning the criminal responsibility of individuals who finance the commission of core crimes The analysis of the applicable international law and the comparative analysis of national jurisdictions lead to the conclusion that currently the minimum standard of knowledge for aiding and abetting is active knowledge However the author argues that this standard should be revised to include wilful blindness Regarding the intent requirement the analyses find that *dolus eventualis* is included in the definition of intent

Responsibility in Law and Morality Peter Cane, 2002-04-17 Lawyers who write about responsibility tend to focus on criminal law at the expense of civil and public law while philosophers tend to treat responsibility as a moral concept and either ignore the law or consider legal responsibility to be a more or less distorted reflection of its moral counterpart This book aims to counteract both of these biases By adopting a comparative institutional approach to the relationship between law and morality it challenges the common view that morality stands to law as critical standard to conventional practice It shows how law and morality interact symbiotically and how careful study of legal concepts of responsibility can add significantly to our understanding of responsibility more generally Central to this project is a distinction between two paradigms of responsibility the criminal law paradigm and the civil law paradigm Whereas theoretical discussions of responsibility tend to focus on conduct and agency taking account of civil law reveals the importance of outcomes and the interests of victims and society to ideas of responsibility The book examines from a distinctively legal point of view central philosophical questions about responsibility such as its relationship with culpability challenging the common view that moral responsibility requires fault causation and personality It explores the relevance of sanctions and problems of proof and enforcement to ideas of responsibility as well as the relationship between responsibility and distributive justice and the role of concepts of responsibility in public law At the heart of this book lie two questions what does it mean to say we are responsible and what are our responsibilities Its aim is not to answer these questions but to challenge some traditional approaches to answering them and more importantly to suggest fruitful alternative approaches that take law seriously

Moral Development, Self, and Identity Daniel K. Lapsley, Darcia Narvaez, 2004-04-26 This volume examines the psychological social relational and cultural foundations of the most basic moral commitments It begins by looking at the seminal writings of Augusto Blasi whose writings on moral cognition the development of self identity and moral personality have transformed the research agenda in moral psychology This work is now the starting point of all discussion about the relationship between self and morality the developmental grounding of the moral personality and the moral integration of cognition emotion and behavior Indeed it is now widely believed that organizing self understanding around basic moral commitments is crucial to the formation of a moral identity which in turn underwrites moral conduct Using Blasi's work as a

point of departure a distinguished interdisciplinary and international group of scholars have contributed essays summarizing their own theoretical and empirical research on these topics This book features new theories of moral functioning that range across several psychological literatures including social cognition cognitive science and personality development Examining the social relational communitarian and cultural aspects of moral self identity it provides a comprehensive account of moral personality Uniformly integrative field expanding and on the cutting edge of research on moral development and personality the book appeals to scholars developmental theorists and graduate students interested in issues of moral development education and behavior as well as cognitive development theory **Judgments of Responsibility** Bernard

Weiner,1995-04-14 Presenting a general theory of social motivation this compelling work integrates research on achievement evaluation stigmatization helping behavior aggression and impression management Bernard Weiner examines how responsibility inferences are reached the manner in which such judgments affect emotions and the role that cold judgments of responsibility versus hot feelings such as anger play in producing both pro and antisocial behaviors Ideal for students as well as researchers and mental health practitioners the book includes experiments for the reader to complete that illustrate the main points of the text *Handbook of Moral Motivation* Karin Heinrichs,Fritz Oser,Terence Lovat,2013-06-12 The

Handbook of Moral Motivation offers a contemporary and comprehensive appraisal of the age old question about motivation to do the good and to prevent the bad From a research point of view this question remains open even though we present here a rich collection of new ideas and data Two sources helped the editors to frame the chapters first they looked at an overwhelmingly fruitful research tradition on motivation in general attribution theory performance theory self determination theory etc in relationship to morality The second source refers to the tension between moral judgment feelings beliefs and the real moral act in a twofold manner a as a necessary duty and b as a social but not necessary bond In addition the handbook utilizes the latest research from a wide range of disciplinary perspectives wishing to suggest by this that the answer to the posed question will likely not come from one discipline alone Furthermore our hope is that the implicit criticism that the narrowly constructed research approach of the recent past has contributed to closing off rather than opening up interdisciplinary lines of research becomes in this volume a strong counter discourse The editors and authors of the handbook commend the research contained within in the hope that it will contribute to better understanding of humanity as an inherently moral species Responsibility in Law R. W. Rankine Wilson,1908 The first seven chapters have already

appeared in the Law magazine and review T p verso *Sports, Games, and Play* Jeffrey H. Goldstein,2012-12-06 This updated study of sports and recreation utilizes the most current research introducing the latest innovations and analyses in new chapters while revising and expanding chapters from the previous edition Presenting diverse methodological and conceptual approaches this anthology reflects the current view of sports as a natural laboratory for ecologically valid research This collection contains literature reviews innovative theories and methods and essays on various psychological and

social aspects of sports games and organized play

Children's Language Gina Conti-Ramsden, Catherine E.

Snow, 2014-02-04 This volume presents current research findings on vital issues in language development compiled by an international group of leading researchers The data are drawn from studies of the acquisition of Swedish Polish Serbo Croatian Hungarian Portuguese Italian and English Themes emphasized in all the chapters include the importance of the social context of acquisition the existence of interconnections among various domains of language development and the impossibility of understanding acquisition using a simple theory or a single methodological approach **Judge and Punish** Geoffroy de Lagasnerie, 2018-05-22 What remains anti democratic in our criminal justice systems and where does it come from Geoffroy de Lagasnerie spent years sitting in on trials watching as individuals were judged and sentenced for armed robbery assault rape and murder His experience led to this original reflection on the penal state power and violence that identifies a paradox in the way justice is exercised in liberal democracies In order to pronounce a judgment a trial must construct an individualizing story of actors and their acts but in order to punish each act between individuals must be transformed into an aggression against society as a whole against the state itself The law is often presented as the reign of reason over passion Instead it leads to trauma dispossession and violence Only by overturning our inherited legal fictions can we envision forms of truer justice Combining narratives of real trials with theoretical analysis Judge and Punish shows that juridical institutions are not merely a response to crime The state claims to guarantee our security yet from our birth we also belong to it The criminal trial a magnifying mirror reveals our true condition as political subjects

Responsibility And Judgment Introduction

In the digital age, access to information has become easier than ever before. The ability to download Responsibility And Judgment has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Responsibility And Judgment has opened up a world of possibilities. Downloading Responsibility And Judgment provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Responsibility And Judgment has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Responsibility And Judgment. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Responsibility And Judgment. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Responsibility And Judgment, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Responsibility And Judgment has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it

offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Responsibility And Judgment Books

What is a Responsibility And Judgment PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Responsibility And Judgment PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Responsibility And Judgment PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Responsibility And Judgment PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Responsibility And Judgment PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
