

Drive for Responsible Government

- In 1848 Lord Elgin accepts the principle of Responsible government
-

- The head of the assembly was to act as a prime minister with executive powers
- This prime minister could then choose members from the assembly to be on the executive council
- If the cabinet lost the confidence of the majority it had to resign
- Elgin promised to not use his veto or appoint officials

Responsible Government In A Revolutionar

Responsible Government In A Revolutionar:

Responsible Government in a Revolutionary Age Zachariah Keodirelang Matthews,1966 *The Budget and Responsible Government* Frederick Albert Cleveland,Arthur Eugene Buck,1920 Responsible Government in a Revolutionary Age Zachariah Keodirelang Matthews,1966 One of five volumes on Church and society by the World Council of Churches **Christians, Politics and Violent Revolution** J. G. Davies,2017-04-20 This book is an impressive attempt by a distinguished British theologian to grapple with problems put to him by friends from the Third World and particularly the question If there seems no way to alter a situation except by joining in violent revolution is it possible to be involved and still remain a Christian In his discussion Professor Davies first considers how far obedience is a constant imperative and in what circumstances disobedience may be the right choice As resistance to the state is necessarily to act illegally he then reviews the subject of law and order To this point the considerations are largely theological However the climax of the book comes in a discussion of revolution in human terms together with the criticisms often raised against it There is also a survey of the means of revolution non violent and violent and the basis of Christian moral choice in such a situation **Responsible Government in a Revolutionary Age** World Council of Churches,1966 *Revolutionary Republicanism* Samuel Hayat,2023-12-22 Revolutionary Republicanism provides a history of French republicanism seen through a seminal episode of its creation the 1848 revolution The process of reinventing republicanism in 1848 gave rise to two opposite understandings of republicanism a moderate one that merely adapted the institutions of representative government to popular sovereignty and a more radical social democratic notion of republicanism based on inclusive forms of representation and aiming at the emancipation of the proletariat These two notions of republicanism unfolded over the course of the few critical months between the revolution of February 1848 and the uprising of June 1848 which saw the victory of the moderate one Playing devil s advocate to the traditional republican history that casts 1848 as a mere step in the continuous history of French republicanism the book demonstrates that the events of the revolution amounted to a repression of all that the Republic had meant up until that point particularly the forms of participation and popular representation hitherto seen as constituting a republican regime The text also sets out to chart the history of the democratic and social Republic as the socialist and worker revolutionaries of 1848 called the radical republicanism they dreamed of founding and believed would fulfil the republican promise of emancipation This book will appeal to all those with an interest in the French revolutions and the history of radical ideas Revolutionary Constitutionalism Richard Albert,2020-04-02 This book the result of a major international conference held at Yale Law School contains contributions from leading scholars in public law who engage critically with Bruce Ackerman s path breaking book *Revolutionary Constitutions* Charismatic Leadership and the Rule of Law The book also features a rebuttal chapter by Ackerman in which he responds directly to the contributors essays Some advance Ackerman s theory others attack it and still others refine it but all agree that the ideas in his book reset the terms of

debate on the most important subjects in constitutionalism today from the promise and perils of populism to the causes and consequences of democratic backsliding from the optimal models of constitutional design to the forms and limits of constitutional amendment and from the role of courts in politics to how we identify when the mythical people have spoken A must read for all interested in the current state of constitutionalism

A History of the French Revolution Henry Morse Stephens, 1886
Revolutions and the Revolutionary Tradition David Parker, 2002-11-01
Revolutions presents eight European case studies including the English revolution of 1649 the French Revolution and the recent revolutions within the Soviet Union and Eastern Europe 1989 1991 and examines them not only in their specific political economic and social contexts but also as part of the wider European revolutionary tradition A chapter on the American Revolution is also included as a revolution which grew out of European expansionism and political culture Revolutions brings together leading writers on European history who make a major contribution to the controversial debate on the role of revolution in the development of European history This is a truly comparative book which includes discussion on each of the following key themes the causes of revolution including the importance of political social and economic factors the effects of political and philosophical ideas or ideology on the revolution the form and process of a revolution including the importance of violence and popular support the outcome of revolution both short term and long term the way revolution is viewed in history particularly since the collapse of Communism in Europe

The History of the Wars which Arose Out of the French Revolution: Alexander Stephens, 1886
Iran Since the Revolution (RLE Iran D) Sepehr Zabir, 2012-04-27
Since the turn of the century Iran has experienced three major political upheavals in the struggle to democratize her political systems The last revolution inaugurated an era of unprecedented turmoil and instead of fulfilling its democratic aim paved the way for an even more despotic theocracy To put the revolution in a proper perspective some attempt is made to explain the reasons for Khomeini's success in acquiring first the symbolic leadership of the anti Shah revolution and then the monopolistic control of power in Iran How and why the other claimants to power were shunted aside and later brutally repressed is a further theme for discussion The domestic and external ramifications of the revolution are examined in detail in particular the rise of the anti American feeling which culminated in the hostage crisis In conclusion an analysis is offered of the instrumentalities of power available to the Islamic Republic and several scenarios are explored in which Iran's competing forces may converge to determine whether this third revolution will finally succeed in subordinating political authority to popular democratic consent

Revolution and Ideology John A. Britton, 2021-09-15
Mexico and the United States share a border of more than 2 000 miles and their histories and interests have often intertwined The Mexican Revolution which began in 1910 and continued in one form or another for the next thirty years was keenly observed by U S citizens especially those directly involved in Mexico through property ownership investment missionary work tourism journalism and education It differed from many other revolutions in this century in that Marxist Leninist theory was only one of many radical and reformist influences Historian

John A Britton examines contemporary accounts written by Americans commenting on social upheaval south of the border radical writers John Reed Anita Brenner and Carlton Beals novelists Katherine Anne Porter and D H Lawrence social critics Stuart Chase and Waldo Frank and banker diplomat Dwight Morrow to mention a few Their writings constitute a valuable body of information and opinion concerning a revolution that offers important parallels with liberation movements throughout the world today Britton s sources also shed light on the many contradictions and complexities inherent in the relationship between the United States and Mexico

Democracy, Revolution, and History Theda Skocpol, 2018-10-18

The work of Barrington Moore Jr is one of the landmarks of modern social science A distinguished roster of contributors here discusses the influence of his best known work *Social Origins of Dictatorship and Democracy* Their individual perspectives combine in delineating Moore s contributions to the transformation of comparative and historical social science over the past several decades The essays in *Democracy Revolution and History* all address substantive and methodological problems asking questions about the different historical paths toward democratic or nondemocratic political outcomes Following Moore s example they use well researched comparative cases to make their arguments In the process they demonstrate how vital Moore s work remains to contemporary research in the social sciences This volume points as well to new frontiers of scholarship suggesting lines of work that build upon Moore s achievements

Aristocrats and the Crowd in the Revolutionary Year 1848 Josef V. Polisensky, 2015-07-29 The Prague Uprising of 1848 was part of the powerful series of revolutions that shook practically the entire European Continent as the middle classes and urban and rural workers pressed against the rule of aristocrats and monarchs Czech Marxist historian Josef Polisensky analyzes the general turmoil of revolutionary thought and action in Europe and then focuses on the specific case of the Prague Uprising By using previously untouched sources the records of hundreds of noble houses that came under the control of the Czech Archival Administration after World War II Polisensky is able to show how those of the old social establishment fought the participants in the Uprising and temporarily restored the rule of the aristocracy With an excellent sense for the dramatic and a thorough knowledge of place Polisensky tells us who fought and died on the streets of Prague With the conceptual framework of class conflict and a broad perspective on European events he proposes reasons for the failure of the Prague Uprising in contrast to other successful revolutions *Aristocrats and the Crowd* is the last of Polisensky s trilogy of studies on Czech society and revolution In *The Thirty Years War and the European Crisis of the Seventeenth Century* and *Napoleon and the Heart of Europe* Polisensky explored the effects of other European conflicts on Czech society *Aristocrats and the Crowd* describes in his words the revolutionary springtime which eventually arrived full of twists in Bohemia itself

Revolutionary Europe 1780-1850

Jonathan Sperber, 2017-04-21 Jonathan Sperber s *Revolutionary Europe 1780-1850* is a history of Europe in the age of the French Revolution from the end of the old regime to the outcome of the revolutions of 1848 Fully revised and updated this second edition provides a continent wide history of the key political events and social transformation that took place within

this turbulent period extending as far as their effects within the European colonial society of the Caribbean Key features include analyses of the movement from society's old regime of orders to a civil society of property owners the varied consequences of rapid population increase and the spread of market relations in the economy and the upshot of these changes for political life from violent revolutions and warfare to dramatic reforms and peaceful mass movements a lively account of the events of the period and a thorough analysis of the political cultural and socioeconomic transformations that shaped them a look into the lives of ordinary people amidst the social and economic developments of the time a range of maps depicting the developments in Europe's geographic scope between 1789 and 1848 including for the 1820 1830 and 1848 revolutions *Revolutionary Europe 1780 1850* is the perfect introduction for students of the history of the French Revolution and the history of Europe more broadly *A Critical Dictionary of the French Revolution* François Furet, Mona Ozouf, 1989 The French Revolution that extraordinary event that founded modern democracy continues to provoke a reevaluation of essential questions This volume presents the research of a wide range of international scholars into those questions 58 color illustrations 10 halftones *The Next Revolution* Murray Bookchin, 2015-01-06 From Athens to New York recent mass movements around the world have challenged austerity and authoritarianism with expressions of real democracy For more than forty years Murray Bookchin developed these democratic aspirations into a new left politics based on popular assemblies influencing a wide range of political thinkers and social movements With a foreword by the best selling author of *The Dispossessed* Ursula K Le Guin *The Next Revolution* brings together Bookchin's essays on freedom and direct democracy for the first time offering a bold political vision that can move us from protest to social transformation A pioneering voice in the ecology and anarchist movements he is the author of *The Ecology of Freedom and Post Scarcity Anarchism* among many other books *Foundations of British Foreign Policy* H. W.V Temperley, Lillian M Penson, 2019-05-23 First published in 1938 this volume represents a selection of unpublished and published documents dealing with foreign affairs from the rise of the Younger Pitt to the death of Salisbury It contains both official papers and private letters speeches and other public statements of policy The Editors have had access to a large number of unpublished materials public and private so that many of the documents that they have chosen are new and reveal a striking continuity of ideas in British diplomacy despite opposed parties and even opposing policies *Revolutionary Europe* Gavin Murray-Miller, 2020-02-06 CHOICE Outstanding Academic Title 2021 *Revolutionary Europe* is an original examination of radical political movements during Europe's long 19th century It employs both national and transnational contexts incorporating new debates in Atlantic history empire studies and cultural history to give a comprehensive narrative of the period from 1775 to 1922 Rather than assessing revolution as a purely theoretical socially driven force or a structural phenomenon the book presents revolution as a process of community building and cultural identification born from instances of acute social and political crisis Taking into account various moments of political upheaval during the 19th century including the French Russian and 1848 revolutions it explores

the ways in which political actors attempted to construct new definitions of sovereignty and social unity in a period characterized by vast social economic and governmental change In a wide ranging text that covers Britain and much of continental Europe in detail as well as reaching out to the Americas and Atlantic and Mediterranean Worlds Gavin Murray Miller provides an authoritative transnational study of revolution in the 19th century age of high nationalism Voices of Revolution, 1917 Mark D. Steinberg, 2001-01-01 With precision and sensitivity the human story of what the Russian revolution meant to ordinary people is told through the experiences thoughts and feelings of the people as expressed in their own words
