Restless Nations A Study Of World Tensions And Development

David Ekbladh

Restless Nations A Study Of World Tensions And Development:

Restless Nations ,1962 Restless Nations Council on World Tensions,1962 SCOTT copy 1 From the John Holmes Library collection **Restless Nations** ,1962 **A Selected List of U.S. Readings on Development** Saul Milton Katz, Frank McGowan,1963 **Development Research Digest** ,1962 Development Research Review ,1962 *External Research Paper* United States Department of State. External Research Staff, United States. Department of State. External Research Division,19?? *Ruling Minds* Erik Linstrum,2016-01-04 The British Empire used intelligence tests laboratory studies and psychoanalysis to measure and manage the minds of subjects in distant cultures Challenging assumptions about the role of scientific knowledge in the exercise of power Erik Linstrum shows that psychology did more to reveal the limits of imperial authority than to strengthen it **The Great American Mission** David Ekbladh,2011-08-28 The Great American Mission traces how America's global modernization efforts during the twentieth century were a means to remake the world in its own image David Ekbladh shows that the emerging concept of modernization combined existing development ideas from the Depression He describes how ambitious New Deal programs like the Tennessee Valley Authority became symbols of American liberalism's ability to marshal the social sciences state planning civil society and technology to produce extensive social and economic change For proponents it became a valuable weapon to check the influence of menacing ideologies such as Fascism and Communism Modernization took on profound geopolitical importance as the United States grappled with these threats After World War II modernization remained a means to contain the growing influence of the Soviet Union Ekbladh demonstrates how U.S. led nation building efforts in global hot spots enlisting an array of nongovernmental groups and international organizations were a basic part of American strategy in the Cold War However a close connection to the Vietnam War and the upheavals of the 1960s would discredit modernization The end of the Cold War further obscured modernization's mission but many of its assumptions regained prominence after September 11 as the United States moved to contain new threats Using new sources and perspectives The Great American Mission offers new and challenging interpretations of America's ideological motivations and humanitarian responsibilities abroad **Tom Mboya: The Man Kenya Wanted to Forget** David Goldsworthy,1982 *On the Sociology of international law and international society. [Mit Fig. u. Diagr.]* Bartholomeus Landheer,1966-07 On The Sociology of International Law International Society **Mike's World** Asa McKercher, Galen Roger Perras,2017-10-06 Although fifty years have passed since Lester Pearson stepped down as prime minister he still influences debates about Canada's role in the world Known as Mike to his friends he has been credited with charting a Pearsonian course in which Canada took on a global role as a helpful fixer seeking to mediate disputes and promote international cooperation Mike's World explores the myths surrounding Pearsonianism to explain why he remains such a touchstone for understanding Canadian foreign policy Leading and emerging scholars dig deeply into Pearson's diplomatic and political career especially during the 1960s and his time as prime minister Topics range from

peacekeeping and Arctic sovereignty to environmental diplomacy and human rights policy They show that competing forces of idealism and pragmatism were key drivers of Pearsonian foreign policy and how global events often influenced politics and society within Canada itself Situating Pearson within his times and as a lens through which to analyze Canadians views of global affairs this nuanced collection wrestles with the contradictions of Pearson and Pearsonianism and ultimately with the resulting myths surrounding Canada s role in the world *On the Sociology of International Law and International Society* Bart Landheer,2012-12-06 The academic or scientific occupation with international relations is not always an encouraging task At times one gets an image of the enormous psychic and physical forces which operate in the international realm and it then seems that the role of the publicist is almost a negligible one If one in addition arrives at the conclusion that human social action is not really a volitional process then there is indeed ample room for pessimism and despair Nevertheless in the complexity of our consciousness the different elements of which life is made of blend into a unity of which the idea is as much a part or even more so than the deed or action The stress on action expresses the crudeness of our times but the idea has been much more the motivation of history and its cohesive force over long periods Action in terms of force is never in itself the entire solution because it carries no conviction or understanding at least unless its role is a very moderate one

Restless Nations; a Study of World Tensions and Development. Foreword by Lester B. Pearson Conference on Tensions in Development,2021-09-10 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public To ensure a quality reading experience this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy to read typeface We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

Developmental Change Allan A. Spitz,2014-07-15 Developmental change and the related problems of modernization have attracted the attention of scholars in many disciplines In this bibliography derived and expanded from an earlier compilation by Mr Spitz and Edward Weidner the author orders and annotates nearly 2 500 articles appearing between 1945 and 1969 in 234 journals from 25 countries Organized by subject and indexed by both author and journal the citations include studies of social problems economic factors political questions public administration and international cooperation and assistance Special emphasis has been given to new and little known sources In addition a selected bibliography of monographs and book length studies dealing with the modernization of underdeveloped countries and areas is included in the volume **Accessions List** United States. Department of State. Library Division,1962 [Restless](#)

[Nations](#) M. S. Adiseshiah,2013-02 Contributing Authors Include Margery Perham G L Mehta Tom J Mboya And Others

Welfare and Wisdom John S. Morgan, 1966-12-15 At a time when terms like The Great Society and War against Poverty are commonly used to indicate growing public awareness of welfare as a concern of national and international policy and when the advantages of welfare are being questioned and debated in many areas of the community this fundamental examination of the meaning and nature of welfare is a significant contribution It represents the ideas of four world famous scholars each of them from a different cultural tradition and a different academic discipline these scholars were carefully chosen by the School of Social Work University of Toronto to present a series of lectures marking the fiftieth anniversary of the School and the result is a well integrated provocative and authoritative statement on this social institution which accounts for the consumption of more than one tenth of the national income of all modern industrialized societies The theme of all their remarks is the wisdom of welfare each contributor speaks in the light of his own academic and cultural experience and each re defines welfare in terms of twentieth century knowledge making significant proposals for the further exploration of the underlying ideas in his topic In his introductory Commentary Professor Morgan considers the ideas which have particular relevance for Canada as touchstones for the future welfare of this country All the contributors agree that welfare as an expression of human aspirations and as a legitimate expectation of organized society deserve a significant proportion of society's human and material resources This is a book which will merit careful reading by all those concerned with this most critical area of social behaviour Social scientists and social workers will find it stimulating Fundraisers and contributors alike will benefit greatly from the thoughtful statements presented here

Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office, 1964 Includes Part 1 Number 2 Books and Pamphlets Including Serials and Contributions to Periodicals July December *Report of the Director-general*, 1964

Decoding **Restless Nations A Study Of World Tensions And Development**: Revealing the Captivating Potential of Verbal Expression

In a time characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its ability to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring. Within the pages of "**Restless Nations A Study Of World Tensions And Development**," a mesmerizing literary creation penned by a celebrated wordsmith, readers embark on an enlightening odyssey, unraveling the intricate significance of language and its enduring effect on our lives. In this appraisal, we shall explore the book's central themes, evaluate its distinctive writing style, and gauge its pervasive influence on the hearts and minds of its readership.
