Homo Florens? Nadia Marais, 2023-10-09 What does it mean to flourish Human flourishing lies at the heart of the good news of the gospel and yet contemporary theologies know not only one way of speaking about what it means to flourish If we embed our theological grammars of flourishing in the doctrine of salvation as the doctrine in which theological flourishing talk is arguably rooted and from which rich fruit may be borne there is not one but various ways in which to speak about what it means to flourish Yet what governs our speaking Why do we speak of flourishing as we do The various conceptions of human flourishing that are outlined in this book piety joy and comfort being fully alive healing and dignity grace happiness and blessing represent a collection of attempts not only to imagine human flourishing but also to imagine ways of speaking about human flourishing Perhaps what theology could offer to the vibrant and robust conversations on human flourishing lies exactly in the reminder to take care about how we speak about that which is truly and deeply human our longing to flourish

Ethics of Terrorism & Counter-Terrorism Georg Meggle, Andreas Kemmerling, Mark Textor, 2013-05-02 We are supposed to wage war against Terrorism but exactly what we are fighting against in this war there is nearly no consensus about And much worse nearly nobody cares about this conceptual disaster the main thing being whether or not you are taking sides with the good guys This volume is an analytical

attempt to end this disaster What is Terrorism Are terrorist acts to be defined exclusively on the basis of the characteristics of the respective actions Or should we restrict such actions to acts performed by non state organisations And most important is terrorism already by its very nature to be morally condemned But having a clear idea of what Terrorism is would be only the beginning Rational moral assessment still needs two further components The relevant facts and the relevant values and norms Now in a field where systematic disinformation has been even proclaimed to be the official policy facts are obviously very hard to get at This volume is mainly interested in Ethics What s wrong with Terrorism And what is morally right or morally wrong respectively with all the different means of Counter Terrorism What are the moral boundaries for waging war against terrorism What are the right ways of dealing with terrorists And what about the alleged anti terrorism wars on Afghanistan and Iraq With contributions from Marcelo Dascal Tomis Kapitan Daniel Messelken Seumas Miller Olaf L Mueller Igor Primoratz Charles P Webel Per Bauhn R diger Bittner C A J Tony Coady Haig Khatchadourian Georg Meggle Peter Simpson Carolin Emcke Ralf Groetker Laurence Lustgarten Thomas Mertens Aleksandar Pavkovic Filimon Peonidis Janna Thompson V ronique Zanetti

Religion and Civil Human Rights in Empirical Perspective Hans-Georg Ziebertz, Carl Sterkens, 2017-10-20 This volume offers an empirical perspective on the so called first generation of human rights It explores

the legitimization of these human rights by individual people both because of their religion and because of their vision of what constitutes human dignity The book addresses such issues as the foundation of human rights the necessity of a broader conversation about human rights aspects of freedom of religion and the role of religion in Belarus Britain Chile Germany Italy Nigeria Norway and Tanzania Taking an international comparative perspective the volume answers the question as to what extent adolescents in different countries support civil human rights and what influences their attitudes towards these rights As the diversity of the contributions in this volume shows the relationship between religion and civil human rights is complex and multifaceted Studying this complicated relationship calls for a variety of theoretical perspectives and rigorous empirical testing in different national contexts This book s empirical approach provides an important complementary perspective for legal political and public debates

Created in the Image of God Dr. David Dockery, 2023-08-01 All people have dignity because they are created in the image of God This theological belief has been a liberating force among its believers providing a myriad of beautiful implications in our world On the other hand where the idea of being created in God s image has been misunderstood the implications can be devastating Created in the Image of God brings together leading experts to discuss what it means to be made in image of God and to bring clarity and guidance for implications in the midst of our cultural confusion The overall approach of this work though distinct and focused in each of the chapters reflects a consensus understanding that men and women have been created in God s image that they have fallen and are influenced by sin that Christ has provided redemption through his vicarious death and resurrection and that there is hope in the promise of eternal life in Christ Christ succeeded where Adam failed Rom 5 12 21 1 Cor 15 allowing those who trust in him to enjoy and glorify him forever The rich chapters within and their helpful application to human dignity issues will help our world to regain a sense of the marvelous privilege that is ours as image bearers and how that should impact our engagement with complex dignity issues of our day
