Restraints of Trade Christopher Jon Arup,Chris Dent,John Howe,William van Caenegem,2013 This article assesses the impact of legal practice upon the enforceability of employment restraints of trade Post employment restraints range from those prohibiting use of confidential information acquired through employment non disclosure clauses or the solicitation of previous customers non solicitation clauses to wider clauses imposing an obligation on the employee not to compete with the employer for a defined period after the termination of the employment non compete clauses The empirical research reported in this article demonstrates that there is much uncertainty in the operation of the law around the use of restraint of trade clauses in employment contracts While most usefully nuanced the evidence suggests that to a significant extent this uncertainty weighs more heavily on the side of any dispute that is least able to bear it the employee In light of our findings we have introduced a limited number of reform options ranging from the radical to the limited and from the substantive to the procedural that would assist in reducing the over enforcement or over observance of restraint clauses *Cases on Restraint of Trade: Combination* Bruce Wyman,1902 *"Restraint of Trade"* William Hudson Harper,1900 **Cases on Restraint of Trade** Bruce Wyman,1903 **Cases on Restraint of Trade: Competition** Bruce Wyman,1902 Law of

Contracts and Combinations, in Restraint of Trade Albert Martin Kales, 2015-06-26 Excerpt from *Contracts and Combinations in Restraint of Trade* In limiting the freedom of individuals in the conduct of business or the disposal of their labor or commodities courts ought not and customarily do not promulgate prohibitions based on any doubtful or speculative balance of what may be from all points of view and upon elaborate investigations of fact most expedient and desirable They prohibit only when a distinctive act is presented which is certainly inimical to the public interest or which may on a balancing of the opposing considerations be so regarded Where there is doubt or mere speculation as to results the tendency is to permit freedom of economic action Yet in determining whether the distinctive act is certainly inimical to the public interest the courts must deal with economic facts and principles especially those which are regarded as fundamental and not subject to serious controversy In this summary I have attempted to connect the prohibitions of the courts upon the freedom of economic action with the economic facts and principles upon which they rest I have attempted in the text to balance economic considerations In the notes are incorporated many quotations to indicate the economic facts and principles which the courts take cognizance of in reaching their conclusions By this means I have sought not only to make an analysis of results but to illustrate a technique of reasoning I am indebted to the Harvard Law School for the opportunity of giving a course upon the subject of this volume in the year 1916 17 and of submitting the present analysis of the cases to the criticism and scrutiny of a third year class I acknowledge a very great indebtedness to Walter T Fisher for many valuable criticisms and suggestions About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
