## **Restricted Entry Censorship On Trial:**

**Bad Attitude(s) on Trial** Shannon Bell, Brenda Cossman, Lise Gotell, Becki L. Ross, 2017-06-22 *Bad Attitude(s) on Trial* is a critical analysis of pornography in the context of contemporary Canada. The notion that pornography both reflects sexual domination and victimizes women has recently found expression in law in the landmark Canadian Supreme Court decision of *R v Butler* 1992. Many feminists embrace this new law as progressive but in the post Butler years straight mainstream pornography is still flourishing while sexual representations that challenge conventional notions of sexuality such as those centering on gay and lesbian sex and s/m sex are the focus of censorship. It is the censorship of sexual others that the authors critique from a legal, cultural, gay and philosophical standpoint. Lise Gotell examines the intervention of the Women's Legal Education and Action Fund (LEAF) in the Butler decision and provides an overview of socio-legal debates on pornography and censorship. Brenda Cossman examines the Butler decision itself and challenges the dominant reading of this case as a feminist victory. Becki Ross critically examines the expert testimony she delivered in defense of *Bad Attitude*, an American lesbian sex magazine seized by police from Glad Day Bookshop in Toronto in 1992. She details the difficulties she encountered in explicating and contextualizing the specificities, nuances and complexities of lesbian s/m fantasy in a court of law. In the final chapter, Shannon Bell advances a conception of pornography that is not distinguishable from philosophy, using philosophy to make pornography. *Bad Attitude(s) on Trial* provides a new debate on pornography and feminism. It will be of particular interest to students of both women's and gay and lesbian issues but will also be relevant for scholars of law, political science and philosophy as well as for anyone interested in a different provocative view of the Butler decision.

**Restricted Entry** Janine Fuller, Stuart Blackley, 1996 Winner of the 1995 Editor's Choice Lambda Literary Award, this is an insider's account of how a small gay and lesbian bookstore took the Canadian government to court in a battle over censorship at the Canada-U.S. border. **Restricted Entry** Janine Fuller, Stuart Blackley, 1995 *Restricted Entry* is the story of Little Sister's battle to end Customs' ongoing harassment of gay and lesbian authors and booksellers. In the final months of 1994, the lawsuit was played out in provincial Supreme Court with all the intensity of an old-fashioned obscenity trial. The courtroom drama pitted bookseller versus vice squad artist vs psychologist author vs bureaucrat. **Censorship in Canadian Literature** Mark Cohen, 2001-10-09 Cohen critiques Timothy Findley's broad anti-censorship position; he traces Margaret Atwood's evolution from implicit support for the censorship of pornography in *Bodily Harm* to the rejection of censorship in *The Handmaid's Tale* and he provides the first detailed study of the draft of Margaret Laurence's unfinished novel showing the degree to which her final silence was a result of her censorship ordeal. Finally, an analysis of the writing of Beatrice Culleton and Marlene Nourbese Philip shows how different kinds of socio-cultural censorship, from gatekeepers to self-censorship, silence Native and Black Canadian voices. Cohen's re-definition of censorship as essentially a practice of judgment takes us beyond the traditional Enlightenment delineation of censorship as an oppressive government practice and

the consequent neutralist liberal condemnation of censorship on principle Since judgment is enmeshed in the fabric of human endeavour censorship is inevitable since censorship is inevitable Cohen concludes debate over whether censorship itself is desirable should give way to a search for censorship practices that are more just Censorship in Canadian Literature is an essential text for scholars of Canadian literature as well as for anyone concerned with contemporary debates about censorship and civil rights

*Beyond Redistribution* Kevin M. Graham, 2012-07-10 Since the publication of John Rawls's A Theory of Justice in 1971 political philosophers in the English speaking world have shared a broad consensus that social justice should be understood as a matter of fair distribution of social resources Many contemporary political philosophers disagree sharply about what would count as a fair distribution of social resources yet agree that if social resources were to be distributed fairly then social justice would exist In *Beyond Redistribution* Kevin M Graham argues that political theories operating on a distributive understanding of social justice fail to address adequately certain forms of social injustice related to race Graham argues that political philosophy could understand race related injustice more fully by shifting its focus away from distributive inequities between whites and nonwhites and toward white supremacy the unfair power relationships that allow whites to dominate and oppress nonwhites *Beyond Redistribution* offers a careful detailed critique of the positions of leading contemporary liberal political philosophers on race related issues of social justice Graham's analysis of the racial politics of police violence and public education in Omaha Nebraska vividly illustrates why the search for racial justice in the United States must move beyond redistribution

*A Queer Love Story* Marilyn Schuster, 2017-05-01 In August 1989 Jane Rule novelist essayist and the first widely recognized public lesbian in North America summed up the first eight years of her correspondence with Rick Bout journalist and editor with the Toronto based *Body Politic* It seems to me that what has concerned us is richly human and significantly focused on the concerns of our time and our tribe Rule lived in a remote rural community on Galiano Island in British Columbia but wrote a column for the magazine *Bout* was a resident of and devoted to Toronto's gay village *A Queer Love Story* presents the first fifteen years of their correspondence At turns poignant scintillating and incisive their exchanges include ruminations on queer life and the writing life as they document some of the most pressing LGBT issues and events of the 1980s and 90s including HIV AIDS censorship youth sexuality public sex and S M Toronto's infamous bath raids and state regulation of identity and desire
