Rethinking Global Political Economy Emerging Issues Unfolding Odysseys

Andreas Bieler, Adam Morton

Rethinking Global Political Economy Emerging Issues Unfolding Odysseys:

Rethinking Global Political Economy Kurt Burch, Robert A. Denemark, Kenneth P. Thomas, Mary Ann Tétreault, 2004-02-24
Rethinking Global Political Economy contains incisive analysis of history linguistics class culture empirical data and normative concerns This important volume presents innovative approaches to fundamental issues in global political economy Together they provide multiple arguments and avenues for rethinking global political economy in a time of turmoil and system transformation It will appeal to those interested in seeing new perspectives and healthy heterodoxy in the study of political economy

Susan Strange and the Future of Global Political Economy Randall Germain, 2016-04-28 This edited volume addresses the 2007 2009 financial crisis as the occasion to engage critically with the corpus of Susan Strange's work in order to consider what changes if any this crisis portends for the structural organization of the global political economy The contributors use Strange's rich conceptual framework to explore the financial crisis and its aftermath and reflect critically on the broader contributions which her work has made to the discipline of IPE The volume makes three valuable contributions for scholars and students First it raises the profile of Susan Strange a unique and powerful contributor to the field of IPE whose ideas matter to our current circumstance and can provide deep and enduring insights into important questions and issues Secondly each contributor to this volume combines her work and ideas with that of other traditions or individual theorists in ways that extend and or deepen Strange's own efforts Finally this volume leaves us with a judicious optimism about the future of both IPE and the world as it actually is on the ground This book will be of interest to scholars and students who are interested in the dynamics shaping contemporary and future developments in the global political economy as well as those who are interested in the theoretical debates about how to study IPE

Global Economic Governance and the Development Practices of the Multilateral Development Banks Susan Park, Jonathan R. Strand, 2015-08-27 As pillars of the post 1945 international economic system the Regional and Sub Regional Development Banks RSDBs have long been considered mini World Banks reiterating the policy approach of the largest official multilateral development lender in the world The main objective of the collection is to identify what role the RSDBs play in global economic governance and why This edited collection draws together cutting edge original research on these understudied institutions In the burgeoning sub field of global economic governance as well as the broader study of international organisations IOs too often the focus remains on the World Bank and the International Monetary Fund IMF Second order IOs such as the RSDBs receive much less attention despite their longevity and regional importance This volume corrects this oversight by bringing together methodologically diverse research on the RSDBs that interrogates the role and impact of these organisations in global economic governance The book investigates the African Development Bank AfDB the Asian Development Bank AsDB the Inter American Development Bank IDB and the European Bank for Reconstruction and Development EBRD and select sub regional development banks in comparison to the World Bank Group This work will be of

great interest to students and scholars of IPE IR and Development Studies Debtfare States and the Poverty Industry
Susanne Soederberg, 2014-09-19 WINNER of the BISA IPEG Book Prize 2015 <http://www.bisa.ipeg.org/ipeg-book-prize-2015>
winner announced Under the rubric of financial inclusion lending to the poor in both the global North and global South has become a highly lucrative and rapidly expanding industry since the 1990s A key inquiry of this book is what is the financial in which the poor are asked to join Instead of embracing the mainstream position that financial inclusion is a natural inevitable and mutually beneficial arrangement Debtfare States and the Poverty Industry suggests that the structural violence inherent to neoliberalism and credit led accumulation have created and normalized a reality in which the working poor can no longer afford to live without expensive credit The book further transcends economic treatments of credit and debt by revealing how the poverty industry is extricably linked to the social power of money the paradoxes in credit led accumulation and debtfarism The latter refers to rhetorical and regulatory forms of governance that mediate and facilitate the expansion of the poverty industry and the reliance of the poor on credit to augment replace their wages Through a historically grounded analysis the author examines various dimensions of the poverty industry ranging from the credit card payday loan and student loan industries in the United States to micro lending and low income housing finance industries in Mexico Providing a much needed theorization of the politics of debt Debtfare States and the Poverty Industry has wider implications of the increasing dependence of the poor on consumer credit across the globe this book will be of very strong interest to students and scholars of Global Political Economy Finance Development Studies Geography Law History and Sociology The Open Access version of this book available at <http://www.taylorfrancis.com/books/e/9781315761954> has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license <https://www.youtube.com/watch?v=2IU6PHjyOzU>

Transnational Financial Associations and the Governance of Global Finance Heather McKeen-Edwards, Tony Porter, 2013 The role of business in global governance is now widely recognized but exploration of its role in global financial governance has been more haphazard than systematic This book provides the first comprehensive analysis of the role of transnational financial associations TFAs in the organization of global finance This book develops three theoretical themes of assemblage functionality and power as enrolment These themes challenge approaches that treat financial power as emanating from a single location or force Whilst existing approaches tend to treat TFAs as irrelevant or as merely transmitting power originating elsewhere this book argues that power must be created by painstakingly assembling actors networks and objects that are often quite autonomous and working at cross purposes to one another a process in which TFAs play a central role The book explores these themes in chapters examining the roles of TFAs in interacting with public authorities constructing global financial markets and creating financial communities The authors additionally analyse the roles of TFAs in the European Union in the Global South and in promoting goals other than profitability including Islamic finance microfinancing savings banks and cooperatives Making a distinctive contribution to our understanding of global

finance and global governance Transnational Financial Associations and the Governance of Global Finance is an important book for students and scholars of international political economy finance global governance and international relations

Asymmetric Crisis in Europe and Possible Futures Johannes Jäger, Elisabeth Springler, 2015-04-10 The crisis in Europe is often discussed as a crisis of European integration or a crisis of national economies within Europe Both the methodological Europeanism and methodological nationalism miss out the important links between economic and political processes at different spatial scales within Europe and therefore asymmetries and phenomena of uneven development In addition a discussion of possible scenarios which systematically addresses the implications of anti crisis policies is missing This volume seeks to close this gap by systematically integrating the analysis of economic policy or technical solutions to the crisis within a broader framework of political economy It argues that combining critical political economy approaches and post Keynesian perspectives allows for a systematic understanding of the economic and political dimensions of the crisis Although both approaches have the capacity to deal with asymmetries and uneven development the heterogeneity in Europe has been an often largely neglected dimension of analysis However this recent crisis has shown that this is an essential dimension which has to be addressed in order to better understand the dynamics of European development and integration Hence this book aims to deal with asymmetries in Europe and to bridge the gap between the two perspectives This work will initiate an integrative debate that is crucial for a deeper understanding of the current crisis and is an important resource for all students and scholars of IPE European political economy and European politics

Global Citizenship and the Legacy of Empire April Biccum, 2012-08-06 This book investigates the parallels between mainstream development discourse and colonial discourse as theorized in the work of Homi Bhabha Gayatri Spivak and Edward Said Aiming to repoliticize post colonial theory by applying its understandings to contemporary political discourses author April Biccum critically examines the ways in which development in its current form has recently begun to be promoted among the metropolitan public Biccum contends that what has begun is a sustained marketing campaign for development that is a repetition augmentation and ultimately much greater success of the work of the Empire Marketing Board of 1926 Demonstrating how this marketing campaign for development attempts to facilitate support for neo liberal globalization Biccum contends that this theatre of legitimation is emerging in response to growing critical voices and counter hegemonic activity on the international stage Featuring in depth analyses of the UK cultural values DfID the commemoration of the slave trade and campaigns including Live8 and Make Poverty History this book will be of interest to students and scholars of postcolonial studies development studies and international political economy It will also offer insights valuable to a wider range of subjects including critical theory and globalization studies

Images of Gramsci Andreas Bieler, Adam Morton, 2014-06-03 A comprehensive reassessment of the relevance of Gramsci's theory and practice at the beginning of the twenty first century Whilst commentaries on Antonio Gramsci and arguments surrounding his political and intellectual legacy have proliferated little

attention has been hitherto directed to linking the connections and contentions between Political Theory and International Political Economy This volume brings together leading authorities engaged in common debates to produce for the first time a major collection that clarifies addresses and lays bare the manifest connections and contentions within political and international theory surrounding the legacy of Antonio Gramsci In Part I scholars examine various approaches to Gramsci's thought including his methodological principles the specific conception of civil society he offers his writings on war and cultural struggle the spatial dimension of his thinking and his philosophy of history Part II focuses on very new developments in Gramsci scholarship concerning the questioning of contemporary world order This includes reflections on his relevancy to issues of globalising capitalism transformations in the state revolutionary praxis orientalism and empire as well as European regionalism This book was previously published as a special issue of the leading *Critical Review of International Social and Political Philosophy* CRISPP

Global Standards of Market Civilization Brett Bowden, Leonard Seabrooke, 2006-10-03
Global Standards of Market Civilization brings together leading scholars representing a range of political views to investigate how global standards of market civilization have emerged their justification and their political economic and social impact Key chapters show how as the modern state system has evolved such standards have also developed incorporating the capacity for social cooperation and self government to which states must conform in order to fully participate as legitimate members in international society This study analyzes their justification and their political economic and social impact Civilization is a term widely used within modern political discourse its meaning yet it is poorly understood and misused part I explores the idea of a standard of civilization its implications for governance and the use of such standards in political theory and economic thought as well as its historical application part II presents original case studies that demonstrate the emergence of such standards and explore the diffusion of liberal capitalist ideas through the global political economy and the consequences for development and governance the International Monetary Fund's capacity to formulate a global standard of civilization in its reform programs and problems in the development of the global trade including the issue of intellectual property rights This book will be of strong interest to students and scholars in wide range of fields relating to the study of globalization including international political economy international political theory international relations theory comparative political economy international law historical sociology and economic history

Gender and Global Restructuring Marianne H. Marchand, Anne Sisson Runyan, 2010-09-13 In this new edition of this best selling text interdisciplinary feminist experts from around the world provide new analyses of the ongoing relationship between gender and neoliberal globalization under the new imperialism in the post 9 11 context Divided into Sightings Sites and Resistances this book examines the disciplining politics of race sexuality and modernity under securitized globalization including case studies on domestic workers in Hong Kong heteronormative development policies and responses to the crisis of social reproduction and colonizing responses to AIDS in sub Saharan Africa migration human rights and citizenship including

studies on remittances the emergence of neoliberal subjectivities among rural Mexican women Filipina migrant workers and women s labor organizing in the Middle East and North Africa feminist resistance incorporating the latest scholarship on transnational feminism and feminist critical globalization movement activism including case studies on men s violence on the Mexico US border pan indigenous women s movements and cyberfeminism Providing a coherent and challenging approach to the issues of gender and the processes of globalization in the new millennium this important text will be of interest to students and scholars of IPE international relations economics development and gender studies

A Critical History of the Economy Ryan Walter,2013-03 This book provides a detailed intellectual and critical history of the economy explaining how the economy came to be analytically separated from its social and political moorings in the 19th century It offers a historical perspective on current IPE concerns and links IPE with the growing field of contextualist intellectual history

Global Capitalism Hugo Radice,2014-08-01 The essays in this volume were published across the 1984 2011 period and range across a variety of topics and approaches to investigate the changing nature of global capitalism as a social order As such they are a valuable and instructive account of the evolution of global capitalism and of the debates which sought to make sense of this moreover they enable us to understand more clearly how capitalism may change and evolve in the coming years and decades The introduction provides a brief historical account of how global capitalism has changed since the 1960s before summarising each of the essays situating them more immediately in the context in which they were written After sketching the evolution of his views over the period the author concludes by discussing some important dimensions of global capitalism that need further study The twelve essays are presented in four sections dealing with the overarching theme of globalisation the case of Britain the developing regions of the global South and the former Soviet bloc and the crisis that has gripped global capitalism since 2008 Presenting an interdisciplinary approach that corresponds with the emergence of international political economy as a distinct field of scholarship this book will prove to be an invaluable resource for students and scholars of international political economy politics economics international relations development studies human geography critical sociology and business studies

Hybrid Rule and State Formation Shelley Hurt,Ronnie

Lipschutz,2015-06-26 Neoliberalism has been the reigning ideology of our era For the past four decades almost every real world event of any consequence has been traced to the supposedly omnipresent influence of neoliberalism Instead this book argues that states across the world have actually grown in scope and reach The authors in this volume contest the view that the past three decades have been marked by the diminution of the state in the face of neoliberalism They argue instead that we are witnessing a new phase of state formation which revolves around hybrid rule that is a more expansive form of state formation that works through privatization and seeks pacification and depoliticization as instrumental to enhancing state power Contributors argue that that the process of hybridization and hybrid rule point towards a convergence on a more authoritarian capitalist regime type possibly but not necessarily more closely aligned with the Beijing model one toward

which even the United States with its penchant for surveillance and discipline appears to be moving This volume will shed new light on evolving public private relations and the changing nature of power and political authority in the 21st century and will be of interest to students and scholars of IPE international relations and political theory Beyond States and Markets Isabella Bakker, Rachel Silvey, 2012-08-21 Seeking to extend our understanding of the contemporary global political economy this book provides an important and original introduction to the current theoretical debates about social reproduction and argues for the necessity of linking social reproduction to specific contexts of power and production It illustrates the analytic value of the concept of social reproduction through a series of case studies that examine the implications of how labor power is reproduced and how lives outside of work are lived The issues examined in countries including the Ukraine Chile Spain Nepal India and Indonesia consist of Human trafficking and sex work Women and work Migration labor and gender inequality Micro credit programs and investing in women Health biological reproduction and assisted reproductive technologies The book lends a unique perspective to the understandings of transformation in the global political economy precisely because of its simultaneous focus on the caring and provisioning of the everyday and its relationships to policies and decisions made at the national and international levels of both formal and informal institutions With its multi disciplinary approach this book will be indispensable to students and scholars of International Political Economy Development Studies Gender or Women s Studies International Studies Globalization and International Relations

Fringe Finance Rob Aitken, 2015-02-11 The most recent conversations about financial instability in International Political Economy have addressed the ongoing financial spasms of the past five years a global financial spasm unleashed by the 2008 subprime debacle ongoing Eurozone instability and general price volatility in securities markets globally Alongside and as part of these broader spasms however has been another key trend the intensifying reach of global financial markets into and among those populations which live at its very edges There are increasing and increasingly profitable experiments which are explicitly targeted to those without regular access to full or formalized financial practices This book places the practices of fringe finance in critical context by situating them within a larger set of discussions in the field Most importantly this book is part of a much broader attempt in IPE to rethread the study of finance to questions of cultural and social theory in a meaningful manner Finance is increasingly subjected to innovative forms of social inquiry influenced by a range of diverse methods including governmentality actor network theory and cultural economy By drawing on several strands of social theory this book contributes to this broader movement in IPE and helps open more space for the continuation of these interdisciplinary conversations This work will be of great interest to students and scholars of IPE development studies and economic sociology **From Conflict to Crisis** Jeanne M. Haskin, 2012 A society that is reared on competition will face unsettling challenges to authority if it doesn t set certain functions outside the arena of battle via systematic enrichment of the affluent minority that has always had the power to topple and ruin the system Today s preoccupation with America s

revolutionary history is not just a piece of theater At the heart of America's outrage is an inability to lash out and demand redemption from the source of its distress because the pain is inflicted not by hatred but by the fundamental lack of stability built into our way of life

Global Politics as if People Mattered Mary Ann Tétreault, Ronnie D. Lipschutz, 2009-05-16
Now in a fully updated and revised edition this concise and engaging text introduces global politics and international relations with an emphasis on the social individual Using practical examples as well as theory the authors show students how they can take charge of their lives and the politics that affect them even in the context of a vast global economy and impersonal international forces that sometimes seem out of control Filled with idealism yet firmly grounded in current realities *Global Politics as if People Mattered* is a fresh take on the proper place and potential of individuals in world politics front and center actively engaged in a way of life that is as politically personal as it is politically powerful

The Making of Modern Finance Samuel Knafo, 2013-07-03 *The Making of Modern Finance* is a path breaking study of the construction of liberal financial governance and demonstrates how complex forms of control by the state profoundly transformed the nature of modern finance Challenging dominant theoretical conceptions of liberal financial governance in international political economy this book argues that liberal economic governance is too often perceived as a passive form of governance It situates the gold standard in relation to practices of monetary governance which preceded it tracing the evolution of monetary governance from the late middle Ages to show how the 19th century gold standard transformed the way states relate to finance More specifically Knafo demonstrates that the institutions of the gold standard helped to put in place instruments of modern monetary policy that are usually associated with central banking and argues that the gold standard was a prelude to Keynesian policies rather than its antithesis The author reveals that these state interventions played a vital role in the rise of modern financial techniques which emerged in the late 18th and 19th century and served as the foundation for contemporary financial systems This book will be of strong interest to students and scholars of international political economy economic history and historical sociology It will appeal to those interested in monetary and financial history the modern state liberal governance and varieties of capitalism

Critical Theories, International Relations and 'the Anti-globalisation Movement'
Catherine Eschle, Bice Maiguashca, 2005 This book provides a definitive account of resistance movements across the globe Combining theoretical perspectives with detailed empirical case studies it explains the origins activities and prospects of the anti globalization movement

Conflicts in Environmental Regulation and the Internationalisation of the State
Ulrich Brand, Christoph Görg, Joachim Hirsch, Markus Wissen, 2008-04-24 Examines the global regulation of biodiversity politics through international treaties assessing how the discourse and politics of sustainable development have contributed to the internationalization of the state

Rethinking Global Political Economy Emerging Issues Unfolding Odysseys Introduction

In today's digital age, the availability of Rethinking Global Political Economy Emerging Issues Unfolding Odysseys books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Rethinking Global Political Economy Emerging Issues Unfolding Odysseys books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Rethinking Global Political Economy Emerging Issues Unfolding Odysseys books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Rethinking Global Political Economy Emerging Issues Unfolding Odysseys versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Rethinking Global Political Economy Emerging Issues Unfolding Odysseys books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Rethinking Global Political Economy Emerging Issues Unfolding Odysseys books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Rethinking Global Political Economy Emerging Issues Unfolding Odysseys books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital

libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Rethinking Global Political Economy Emerging Issues Unfolding Odysseys books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Rethinking Global Political Economy Emerging Issues Unfolding Odysseys books and manuals for download and embark on your journey of knowledge?

FAQs About Rethinking Global Political Economy Emerging Issues Unfolding Odysseys Books

What is a Rethinking Global Political Economy Emerging Issues Unfolding Odysseys PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Rethinking Global Political Economy Emerging Issues Unfolding Odysseys PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Rethinking Global Political Economy Emerging Issues Unfolding Odysseys PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Rethinking Global Political Economy Emerging Issues Unfolding Odysseys PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Rethinking Global Political Economy Emerging Issues Unfolding Odysseys PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are

there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
