*Moral Tribes* Joshua Greene,2014-12-30 Surprising and remarkable Toggling between big ideas technical details and his personal intellectual journey Greene writes a thesis suitable to both airplane reading and PhD seminars The Boston Globe Our brains were designed for tribal life for getting along with a select group of others Us and for fighting off everyone else Them But modern times have forced the world's tribes into a shared space resulting in epic clashes of values along with unprecedented opportunities As the world shrinks the moral lines that divide us become more salient and more puzzling We fight over everything from tax codes to gay marriage to global warming and we wonder where if at all we can find our common ground A grand synthesis of neuroscience psychology and

philosophy Moral Tribes reveals the underlying causes of modern conflict and lights the way forward Greene compares the human brain to a dual mode camera with point and shoot automatic settings portrait landscape as well as a manual mode Our point and shoot settings are our emotions efficient automated programs honed by evolution culture and personal experience The brain s manual mode is its capacity for deliberate reasoning which makes our thinking flexible Point and shoot emotions make us social animals turning Me into Us But they also make us tribal animals turning Us against Them Our tribal emotions make us fight sometimes with bombs sometimes with words often with life and death stakes A major achievement from a rising star in a new scientific field Moral Tribes will refashion your deepest beliefs about how moral thinking works and how it can work better Rider's Resolve Alessandra Clarke, She avenged her father She saved the tribes Now she just wants to be left alone in her misery to mourn those she s lost But Aran the new Daliph of the Toreem Daliphate has other plans He wants access to the Hidden City and the objects of power stored there And whether she wants to or not K lrsa is the only one powerful enough to stand against him In this thrilling conclusion to the Rider s Revenge Trilogy K lrsa must once again defend her people and defeat an evil that threatens their very existence But can she do so without succumbing to her own inner darkness **The ...
