Riding The Iron Rooster:

Riding the Iron Rooster Paul Theroux, 1988 With his adventurous spirit and rich prose Theroux has produced a vital memoir about the private life of China today the Cultural Revolution Mao the thousand details of everyday life discontent patriotism and the possibility of a better life in America *Riding the Iron Rooster* Paul Theroux, 2006-12-08 The acclaimed travel writer chronicles a year of train travel across China in a revealing travelogue that gives the reader much to relish and think about Publishers Weekly The author of the train travel classics *The Great Railway Bazaar* and *The Old Patagonian Express* takes to the rails once again in this account of his epic journey through China The always irascible infectiously curious author is in top form as he describes the barren deserts of Mongolia and Xinjiang the ice forests of Manchuria and the dry hills of Tibet He captures their otherworldly haunting appearances perfectly He is also right on target when he talks about the ugliness of China s poorly planned hastily built cities Mark Salzman *The New York Times* Theroux hops aboard a train as part of a tour group in London and sets out for China s border He then spends a year traversing the country where he pieces together a fascinating snapshot of a unique moment in history From sweeping and desolate natural landscapes to the dense metropolises of Shanghai Beijing and Canton Theroux offers an unforgettable portrait of a magnificent land and an extraordinary people **Riding the iron rooster** Paul Theroux, 1985 *The "Inscrutably Chinese" Church* Nathan Faries, 2010-09-23 The first half of the twenty first century promises to be a time of great change for the Christian church in the People s Republic of China The situation is complex and fluid and the information gap between those on the inside and those outside of China is still significant though shrinking *The Inscrutably Chinese Church* moves readers nearer to the Chinese Christian experience as Nathan Faries helps foreign readers to see with greater clarity just how Chinese Christians view their government and themselves in relation to those ruling powers There still exists a measure of inscrutability about China and its complex relationship with religion that must be explained to the outsider It is this gap in understanding between insider points of view within China and those outsiders seeking knowledge about the Christian faith in China that Faries seeks to close The Best American Travel Writing 2017 Lauren Collins (Journalist), Jason Wilson, 2017 A collection of the best travel writing by American authors written in 2016 **China's Railway Transformation** Junjie Xi, Paco Mejias Villatoro, 2022-12-30 This book investigates China s railway transformation through history along with culture changes and urban development The book begins by looking at the background of China and the history and growth of railway development in China through five key phases followed by assessing the cultural changes in the railway carriage and exploring how these are linked to social equality and national provisions The core of this book aims to analyse the Chinese urban transformation through the development of the high speed rail HSR infrastructure in China Eleven important new HSR stations in mainland China plus the new Hong Kong West Kowloon Station have been selected to contextually explore how HSR infrastructures have affected the development of the Chinese urban context The selected case studies are the stations of

Beijing South Wuhan Shanghai Hongqiao Guangzhou South Xi'an North Nanjing South Chengdu East Tianjin West Zhengzhou East Hangzhou East and Hong Kong West Kowloon All of these were built between 2008 and 2018 In these case studies the location and the intentions and success of promoting urban development are analysed and assessed Following this the book further investigates the peculiarities of the new HSR stations in China in comparison with stations in Europe An assessment framework is established to evaluate the Chinese case studies comparatively with significant cases in Europe attending to the urban structure of the area the architectural quality the functional diversity and the quality of the public space generated in the surrounding area
